Unless a formal prohibition is provided for in the articles of incorporation, the owners of the registered securities may request, at any time, the conversion of these securities into bearer securities.

If provided for by the articles of incorporation, the owners of the registered securities may request the conversion of these securities into dematerialised securities. The expenses shall be borne by the person referred to in the Law on dematerialised securities.

Article 9. (1) Units shall be issued at a price obtained by dividing the net asset value of the common fund by the number of units outstanding; this price may be increased by expenses and commissions, the maximum amounts and procedures for collection of which may be determined by a CSSF regulation.

(2) Units may not be issued unless the equivalent of the net issue price is paid into the assets of the common fund within the usual time limits. This provision shall not preclude the distribution of bonus units.

(3) Unless otherwise provided for in the management regulations of the fund, the valuation of the assets of the fund shall be based, in the case of securities admitted to official listing on a stock exchange, on the last known stock exchange quotation, unless this quotation is not representative. For securities not so admitted on such a stock exchange and for securities which are so admitted on such a stock exchange, but for which the latest quotation is not representative, the valuation shall be based on the probable realisation value, estimated with care and in good faith.

Article 10. The purchase and sale of the assets may only be effected at prices conforming to the valuation criteria laid down in paragraph 3 of Article 9.

Article 11. (1) Neither the holders of the units nor their creditors may require the distribution or the dissolution of the common fund.

(Law of 10 May 2016)
“Article 18a. (1) The depositary shall not delegate to third parties the functions referred to in Article 18(2) and (3).

(2) The depositary may delegate to third parties the functions referred to in Article 18(4) only where:

(a) the tasks are not delegated with the intention of avoiding the requirements laid down in this Law;
(b) the depositary can demonstrate that there is an objective reason for the delegation;
(c) the depositary has exercised all due skill, care and diligence in the selection and the appointment of any third party to whom it intends to delegate parts of its tasks, and continues to exercise all due skill, care and diligence in the periodic review and ongoing monitoring of any third party to which it has delegated parts of its tasks and of the arrangements of the third party in respect of the tasks delegated to it.

(e) complies with the general obligations and prohibitions laid down in Article 17(5a), in Article 18(4) and (6) and in Article 20.

Notwithstanding point (b)(i) of the first subparagraph, where the law of a third country requires that certain financial instruments be held in custody by a local entity and no local entities satisfy the delegation requirements laid down in that point, the depositary may delegate its functions to such a local entity only to the extent required by the law of that third country, only for as long as there are no local entities that satisfy the delegation requirements, and only where:

(a) the unit-holders investing in the relevant common fund are duly informed, prior to their investment, of the fact that such a delegation is required due to legal constraints in the law of the third country, of the circumstances justifying the delegation and of the risks involved in such a delegation;

(b) the management company acting on behalf of the common fund has instructed the depositary to delegate the custody of such financial instruments to such a local entity.

(4) For the purposes of this Article, the provision of services as specified by Directive 98/26/EC by securities settlement systems as designated for the purposes of that Directive or the provision of similar services by third-country securities settlement systems shall not be considered to be a delegation of custody functions."

Article 19.

"(1) The depositary shall be liable to the common fund and to the unit-holders of the common fund for the loss by the depositary or a third party to whom the custody of financial instruments held in custody in accordance with point (a) of Article 18(4) has been delegated.

In the case of a loss of a financial instrument held in custody, the depositary shall return a financial instrument of an identical type or the corresponding amount to the management company acting on behalf of the common fund without undue delay. The depositary shall not be liable if it can prove that the loss has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The depositary shall also be liable to the common fund and to the unit-holders for all other losses suffered by them as a result of the depositary’s negligent or intentional failure to properly fulfil its obligations pursuant to this Law.

(2) The liability of the depositary referred to in paragraph 1 shall not be affected by any delegation as referred to in Article 18a.

(3) The liability of the depositary referred to in paragraph 1 shall not be excluded or limited by agreement.

(4) Any agreement that contravenes paragraph 3 shall be void.

(5) Unit-holders in the common fund may invoke the liability of the depositary directly or indirectly through the management company, provided that this does not lead to a duplication of redress or to unequal treatment of the unit-holders."

Article 20.

"(1) No company shall act as both management company and depositary.

(2) In carrying out their respective functions, the management company and the depositary shall act honestly, fairly, professionally, independently and solely in the interest of the common fund and the unit-holders.

A depositary shall not carry out activities with regard to the common fund or the management company acting on behalf of the common fund that may create conflicts of interest between the common fund, the unit-holders, the management company and itself, unless the depositary has functionally and hierarchically separated the performance of its depositary tasks from its other potentially conflicting tasks, and the potential conflicts of interest are properly identified, managed, monitored and disclosed to the unit-holders of the common fund."

Article 21. The duties of the management company or of the depositary in respect of the common fund shall cease:

(a) in the case of withdrawal of the management company, provided that it is replaced by another management company authorised in accordance with Directive 2009/65/EC;
(b) in the case of voluntary withdrawal of the depositary or of its removal by the management company; until the replacement of the depositary, which shall happen within two months, the depositary shall take all necessary steps for the good preservation of the interests of the unit-holders;
(c) where the management company or the depositary has been declared bankrupt, has entered into an arrangement with creditors, has obtained a suspension of payment, has been put under court-controlled management, or has been the subject of similar proceedings or has been put into liquidation;
(d) where the authorisation of the management company or the depositary has been withdrawn by the competent authority;
(e) in all other cases provided for in the management regulations.

Article 22. (1) Liquidation of the common fund shall take place:
(a) upon the expiry of any period as may be fixed by the management regulations;
(b) in the event of cessation of their duties by the management company or by the depositary in accordance with Article 21, points (b), (c), (d) and (e), if they have not been replaced within two months without prejudice to the specific circumstance addressed in point (c) below;
(c) in the event of bankruptcy of the management company;
(d) if the net assets of the common fund have fallen for more than 6 months below one quarter of the legal minimum provided for in Article 23 hereafter;
(e) in all other cases provided for in the management regulations.

“(2) Notice of the event giving rise to liquidation shall be deposited without delay in the file of the common fund with the trade and companies register and published by the management company or the depositary in the Recueil électronique des sociétés et associations in accordance with the provisions of Chapter Va of Title I of the Law of 19 December 2002 on the trade and companies register and the accounting practices and annual accounts of undertakings, as amended, and in at least two newspapers with adequate circulation, one of which at least shall be a Luxembourg newspaper. Failing this, the deposit and the publication shall be carried out by the CSSF at the expense of the common fund.”

(3) As soon as the event giving rise to liquidation of the common fund occurs, the issue of units shall be prohibited, on penalty of nullity. The repurchase of units remains possible provided the equal treatment of unit-holders can be ensured.

Article 23. The net assets of a common fund may not be less than one million two hundred and fifty thousand euro (EUR 1,250,000).
This minimum shall be reached within a period of six months following the authorisation of the common fund.
A CSSF regulation may increase this minimum amount up to a maximum of two million five hundred thousand euro (EUR 2,500,000).

Article 24. The management company shall inform the CSSF without delay if the net assets of the common fund have fallen below two thirds of the legal minimum. In a case where the net assets of the common fund have fallen below two thirds of the legal minimum, the CSSF may, having regard to the circumstances, compel the management company to put the common fund into liquidation.

“The order addressed to the management company by the CSSF to put a common fund into liquidation shall be deposited without delay in the file of the common fund with the trade and companies register and published by the management company or the depositary in the Recueil électronique des sociétés et associations in accordance with the provisions of Chapter Va of Title I of the Law of 19 December 2002 on the trade and companies register and the accounting practices and annual accounts of undertakings, as amended, and in at least two newspapers with adequate circulation, one of which at least shall be a Luxembourg newspaper. Failing this, the deposit and the publication shall be carried out by the CSSF at the expense of the common fund.”

Chapter 3 – SICAVs in transferable securities

Article 25. For the purposes of this Part, SICAVs shall be taken to mean those companies which have adopted the form of a société anonyme governed by Luxembourg law,
- whose sole object is to invest their funds in transferable securities and/or other liquid financial assets referred to in Article 41(1) in order to spread the investment risks and to ensure for their unit-holders the benefit of the result of the management of their assets; and
- whose units are intended to be placed with the public by means of a public or private offer; and
- whose articles of incorporation provide that the amount of capital shall, at all times, be equal to the value of the net assets of the company.

**Article 26.** (1) SICAVs shall be subject to the provisions applicable in general to sociétés anonymes[^31], insofar as this Law does not derogate therefrom.

(2) The articles of incorporation of a SICAV and any amendment thereto shall be recorded in a special notarial deed drawn up in French, German or English as the appearing parties may decide. By derogation from the provisions of the Decree of 24 Prairial, year XI, where this deed is in English, the requirement to attach a translation into an official language to that deed when it is filed with the registration authorities, does not apply. "This requirement does neither apply to any other deeds which shall be recorded in notarial form, such as notarial deeds recording the minutes of meetings of shareholders of a SICAV or a merger proposal concerning a SICAV."[^32]

(3) By derogation to Article 73, subparagraph 2 of the Law of 10 August 1915 on commercial companies, as amended, SICAVs are not required to send the annual accounts, as well as the report of the réviseur d’entreprises agréé (approved statutory auditor), the management report and, where applicable, the comments made by the supervisory board to the registered unit-holders at the same time as the convening notice to the annual general meeting. The convening notice shall indicate the place and the practical arrangements for providing these documents to the unit-holders and shall specify that each unit-holder may request that the annual accounts, as well as the report of the réviseur d’entreprises agréé (approved statutory auditor), the management report and, where applicable, the comments made by the supervisory board be sent to him.

(4) The convening notices to general meetings of unit-holders may provide that the quorum and the majority at the general meeting shall be determined according to the units issued and outstanding at midnight (Luxembourg time) on the fifth day prior to the general meeting (referred to as “Record Date”). The rights of a unit-holder to attend a general meeting and to exercise a voting right attaching to his units are determined in accordance with the units held by this unit-holder at the Record Date.

**Article 27.** (1) The minimum capital of a SICAV which has not designated a management company may not be less than three hundred thousand euro (EUR 300,000) at the time of authorisation. The capital of any SICAV including SICAVs which have designated a management company shall reach one million two hundred and fifty thousand euro (EUR 1,250,000) within a period of 6 months following the authorisation of the SICAV. A CSSF regulation may raise those minimum amounts up to a respective maximum of six hundred thousand euro (EUR 600,000) and two million five hundred thousand euro (EUR 2,500,000).

In addition, where a SICAV has not designated a management company authorised pursuant to Directive 2009/65/EC:

- the application for authorisation shall be accompanied by a programme of operations setting out, “at least”[^33], the organisational structure of the SICAV;
- the dirigeants of the SICAV shall be of sufficiently good repute and be sufficiently experienced in relation to the type of business carried out by that company. To that end, the name of the dirigeants and of any person succeeding them in office shall be communicated forthwith to the CSSF. The conduct of a SICAV’s business shall be decided by at least two persons meeting these conditions. “Dirigeants” shall mean those persons who, under law or the instruments of incorporation represent the SICAV or who effectively determine the policy of the company;
- moreover, where close links exist between the SICAV and other natural or legal persons, the CSSF shall grant authorisation only if those links do not prevent the effective exercise of its supervisory functions.

The CSSF shall also refuse authorisation if the laws, regulations or administrative provisions of a third country governing one or more natural or legal persons with which the SICAV has close links, or difficulties involved in their enforcement, prevent the effective exercise of its supervisory functions.

SICAVs shall communicate to the CSSF the information it requires.

The applicant shall be informed, within six months of the submission of a complete application, whether or not authorisation has been granted. Reasons shall be given whenever an authorisation is refused.

A SICAV may start business as soon as authorisation has been granted.

For the members of the administrative body, management board and supervisory board of the SICAV, the granting of authorisation implies an obligation to notify the CSSF, spontaneously, in writing and in a complete, coherent and comprehensible manner, of any change regarding substantial information upon which the CSSF based itself to examine the application for authorisation.

[^31]: public limited companies
[^32]: Law of 12 July 2013
[^33]: Law of 12 July 2013
The CSSF may withdraw the authorisation issued to a SICAV subject to this part of the Law only where that company:

(a) does not make use of the authorisation within twelve months, expressly renounces the authorisation or has ceased the activity covered by this Law for more than six months;
(b) has obtained the authorisation by making false statements or by any other irregular means;
(c) no longer fulfils the conditions under which authorisation was granted;
(d) has seriously and/or systematically infringed the provisions of this Law or of the regulations adopted pursuant thereto;
(e) falls within any of the cases where this Law provides for withdrawal.

(2) “Articles 110, 111, 111a, 111b and 112” 34 shall apply to SICAVs that have not designated a management company authorised pursuant to Directive 2009/65/EC, provided that the words “management company” shall be construed as “SICAV”.

SICAVs may only manage assets of their own portfolio and may not, under any circumstances, receive any mandate to manage assets on behalf of a third party.

(3) SICAVs that have not designated a management company authorised pursuant to Directive 2009/65/EC shall at all times observe applicable prudential rules.

In particular, the CSSF, having regard also to the nature of the SICAV, shall require that the company has sound administrative and accounting procedures, control and safeguard arrangements for electronic data processing and adequate internal control mechanisms including, in particular, rules for personal transactions by its employees or for the holding or management of investments in financial instruments in order to invest its initial capital and ensuring, inter alia, that each transaction involving the company may be reconstructed according to its origin, the parties concerned, its nature, and the time when and the place at which it was effected and that the assets of the SICAV are invested according to the instruments of incorporation and the legal provisions in force.

**Article 28.**

(1) (a) Subject to any contrary provisions of its articles of incorporation, the SICAV may issue its units at any time.
(b) The SICAV shall repurchase its units at the request of the unit-holder without prejudice to paragraphs 5 and 6 of this Article.

(2) (a) The units shall be issued at a price arrived at by dividing the net asset value of the SICAV by the number of units outstanding; this price may be increased by expenses and commissions, the maximum amounts and procedures for collection of which may be determined by a CSSF regulation.
(b) The units shall be redeemed at a price arrived at by dividing the net asset value of the SICAV by the number of units outstanding; this price may be decreased by expenses and commissions, the maximum amounts and procedures for collection of which may be determined by a CSSF regulation.

(3) Units of a SICAV may not be issued unless the equivalent of the net issue price is paid into the assets of the SICAV within the usual time limits. This provision shall not preclude the distribution of bonus units.

(4) The articles of incorporation shall determine the time limits for payments in respect of issues and repurchase and shall specify the principles and methods of valuation of the assets of the SICAV. Unless otherwise provided for in the articles of incorporation, the valuation of the assets of the SICAV shall be based, in the case of securities admitted to official listing on a stock exchange, on the last known stock exchange quotation, unless that quotation is not representative. For securities not so admitted on such a stock exchange and for securities which are admitted on such a stock exchange but for which the latest quotation is not representative, the valuation shall be based on the probable realisation value which shall be estimated with care and in good faith.

(5) By way of derogation from paragraph 1, the articles of incorporation shall specify the conditions in which issues and repurchases may be suspended, without prejudice to legal causes. In the event of suspension of issues or repurchases, the SICAV shall inform the CSSF without delay and, if it markets its units in other Member States of the European Union, the competent authorities of those states.

In the interests of the unit-holders, repurchases may be suspended by the CSSF if the provisions of the laws, regulations or the articles of incorporation concerning the activity and operation of the SICAV are not observed.

(6) The articles of incorporation shall determine the frequency of the calculation of the issue and repurchase price.

(7) The articles of incorporation shall specify the nature of the expenses to be borne by the SICAV.

(8) The units shall be fully paid up. They shall have no par value.

(9) A unit shall specify the minimum amount of capital and shall give no indication regarding its par value or the portion of the capital which it represents.

(10) The purchase and sale of assets shall be effected at prices conforming to the valuation criteria of paragraph 4.

(2) If the capital of the SICAV falls below one quarter of the minimum capital, the directors or the management board, as the case may be, shall submit the question of the dissolution of the SICAV to a general meeting for which no quorum shall be prescribed; dissolution may be resolved by unit-holders holding one quarter of the units at the meeting.

Article 33. “(1) SICAVs shall ensure that a single depositary is appointed in accordance with the provisions of this Article and of Articles 34 to 37.

“Dirigeants” shall mean those persons, who under law or the instruments of incorporation represent the depositary or effectively determine the conduct of its activity.

(5) The appointment of the depositary shall be evidenced by a written contract. That contract shall, inter alia, regulate the flow of information deemed to be necessary to allow the depositary to perform its functions for the SICAV for which it has been appointed as depositary, as laid down in this Law and in other relevant laws, regulations or administrative provisions.

(6) The depositary shall make available to the CSSF, on request, all information that the depositary has obtained while performing its duties and which is necessary to enable the CSSF to fulfil its supervisory function.

(i) verify the ownership by the SICAV of such assets, by assessing whether the SICAV holds the ownership, based on information or documents provided by the SICAV and, where available, on external evidence;

(ii) maintain a record of those assets for which it is satisfied that the SICAV holds the ownership and keep that record up to date.

(4) The depositary shall provide the SICAV, on a regular basis, with a comprehensive inventory of all of the assets of the SICAV.

(5) The assets of the SICAV held in custody by the depositary shall not be reused by the depositary, or by any third party to which the custody function has been delegated, for their own account. Reuse comprises any transaction of assets held in custody including, but not limited to, transferring, pledging, selling and lending.

The assets of the SICAV held in custody by the depositary are allowed to be reused only where:

(a) the reuse of the assets is executed for the account of the SICAV;

(c) the reuse is for the benefit of the SICAV and in the interest of the unit-holders; and

(d) the transaction is covered by high-quality and liquid collateral received by the SICAV under a title transfer arrangement.

The market value of the collateral shall, at all times, amount to at least the market value of the reused assets plus a premium.

(6) In the event of insolvency of the depositary and/or of any third party located in Luxembourg to which custody of SICAV assets has been delegated, the assets held in custody are unavailable for distribution among, or realisation for the benefit of, creditors of such a depositary and/or such a third party.40

(Law of 10 May 2016)

“Article 34a. (1) The depositary shall not delegate to third parties the functions referred to in Article 34(1) and (2).

(2) The depositary may delegate to third parties the functions referred to in Article 34(3) only where:

(a) the tasks are not delegated with the intention of avoiding the requirements laid down in this Law;

(b) the depositary can demonstrate that there is an objective reason for the delegation;

---

40 Law of 10 May 2016
(c) the depositary has exercised all due skill, care and diligence in the selection and the appointment of any third party to whom it intends to delegate parts of its tasks, and continues to exercise all due skill, care and diligence in the periodic review and ongoing monitoring of any third party to which it has delegated parts of its tasks and of the arrangements of the third party in respect of the tasks delegated to it.

Notwithstanding point (b)(i) of the first subparagraph, where the law of a third country requires that certain financial instruments be held in custody by a local entity and no local entities satisfy the delegation requirements laid down in that point, the depositary may delegate its functions to such a local entity only to the extent required by the law of that third country, only for as long as there are no local entities that satisfy the delegation requirements, and only where:

(a) the unit-holders investing in the relevant SICAV are duly informed, prior to their investment, of the fact that such a delegation is required due to legal constraints in the law of the third country, of the circumstances justifying the delegation and of the risks involved in such a delegation;

(b) the SICAV has instructed the depositary to delegate the custody of such financial instruments to such a local entity.

The third party may, in turn, sub-delegate those functions, subject to the same requirements. In such a case, Article 35(2) shall apply mutatis mutandis to the relevant parties.

(4) For the purposes of this Article, the provision of services as specified by Directive 98/26/EC by securities settlement systems as designated for the purposes of that Directive or the provision of similar services by third-country securities settlement systems shall not be considered to be a delegation of custody functions."

In the case of a loss of a financial instrument held in custody, the depositary shall return a financial instrument of an identical type or the corresponding amount to the SICAV without undue delay. The depositary shall not be liable if it can prove that the loss has arisen as a result of an external event beyond its reasonable control, the consequences of which would have been unavoidable despite all reasonable efforts to the contrary.

The depositary shall also be liable to the SICAV and to the unit-holders for all other losses suffered by them as a result of the depositary’s negligent or intentional failure to properly fulfil its obligations pursuant to this Law.

(2) The liability of the depositary referred to in paragraph 1 shall not be affected by any delegation as referred to in Article 34a.

(3) The liability of the depositary referred to in paragraph 1 shall not be excluded or limited by agreement.

(4) Any agreement that contravenes paragraph 3 shall be void.

(5) Unit-holders may invoke the liability of the depositary directly or indirectly through the SICAV, provided that this does not lead to a duplication of redress or to unequal treatment of the unit-holders."

**Article 36.** The duties of the depositary or of the management company in the case of a SICAV having designated a management company, shall cease, respectively, in respect of the SICAV:

---

A depositary shall not carry out activities with regard to the SICAV or the management company acting on behalf of the SICAV that may create conflicts of interest between the SICAV, the unit-holders, the management company and itself, unless the depositary has functionally and hierarchically separated the performance of its depositary tasks from its other potentially conflicting tasks, and the potential conflicts of interest are properly identified, managed, monitored and disclosed to the unit-holders of the SICAV." 42

44 Law of 21 December 2012

47 Law of 21 December 2012
A UCITS may hold ancillary liquid assets.

(3) An investment company may acquire movable and immovable property which is essential for the direct pursuit of its business.

Article 42. "(1) A management company having its registered office in Luxembourg shall employ a risk-management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio of a UCITS. In particular, it shall not solely or mechanically rely on credit ratings issued by credit rating agencies as defined in Article 3(1)(b) of Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies, for assessing the creditworthiness of the UCITS' assets.

It must employ a process for accurate and independent assessment of the value of OTC derivatives. It shall communicate to the CSSF regularly, in accordance with the detailed rules the latter shall define, the types of derivative instruments, the underlying risks, the quantitative limits and the methods which are chosen in order to estimate the risks associated with transactions in derivative instruments regarding each managed UCITS.

An investment company having its registered office in Luxembourg is subject to the same obligation."

(2) A UCITS is also authorised to employ techniques and instruments relating to transferable securities and money market instruments under the conditions and within the limits laid down by the CSSF provided that such techniques and instruments are used for the purpose of efficient portfolio management. When these operations concern the use of derivative instruments, these conditions and limits shall conform to the provisions laid down in this Law.

Under no circumstances shall these operations cause the UCITS to diverge from its investment objectives as laid down in the UCITS management regulations, its instruments of incorporation or prospectus.

(3) A UCITS shall ensure that its global exposure relating to derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions. This shall also apply to the following subparagraphs.

A UCITS may invest, as a part of its investment policy and within the limits laid down in Article 43(5) in financial derivative instruments, provided that the exposure to the underlying assets does not exceed in aggregate the investment limits laid down in Article 43. When a UCITS invests in index-based financial derivative instruments, those investments are not required to be combined for the purposes of the limits laid down in Article 43.

When a transferable security or a money market instrument embeds a derivative instrument, the derivative instrument shall be taken into account when complying with the requirements of this Article.

(Law of 15 March 2016)

"(3a) Taking into account the nature, scale and complexity of the UCITS' activities, the CSSF shall monitor the adequacy of the credit assessment processes of the management or investment companies having their registered office in Luxembourg, assess the use of references to credit ratings, as referred to in the second sentence of paragraph 1, in the UCITS' investment policies and, where appropriate, encourage mitigation of the impact of such references, with a view to reducing sole and mechanistic reliance on such credit ratings."

Article 43. (1) A UCITS may invest no more than 10% of its assets in transferable securities or money market instruments issued by the same body. A UCITS may not invest more than 20% of its assets in deposits made with the same body. The risk exposure to a counterparty of the UCITS in an OTC derivative transaction may not exceed 10% of its assets when the counterparty is a credit institution referred to in Article 41(1)(f), or 5% of its assets in other cases.

(2) The total value of the transferable securities and money market instruments held by a UCITS in the issuing bodies in each of which it invests more than 5% of its assets shall not exceed 40% of the value of its assets. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

Notwithstanding the individual limits laid down in paragraph 1, a UCITS shall not combine, where this would lead to investment of more than 20% of its assets in a single body, any of the following:

- investments in transferable securities or money market instruments issued by that body;
- deposits made with that body; or
- exposures arising from OTC derivative transactions undertaken with that body.

48 Law of 15 March 2016
(3) The limit laid down in the first sentence of paragraph 1 may be of a maximum of 35% if the transferable securities or money market instruments are issued or guaranteed by a Member State, by its public local authorities, by a third country or by public international bodies of which one or more Member States belong.

(4) The limit laid down in the first sentence of paragraph 1 may be of a maximum of 25% for certain bonds where they are issued by a credit institution which has its registered office in a Member State and is subject by law, to special public supervision designed to protect bondholders. In particular, sums deriving from the issue of those bonds shall be invested in accordance with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds and which, in case of bankruptcy of the issuer, would be used on a priority basis for the reimbursement of the principal and payment of the accrued interest.

Where a UCITS invests more than 5% of its assets in the bonds referred to in the first subparagraph which are issued by a single issuer, the total value of such investments may not exceed 80% of the value of the assets of the UCITS.

(Law of 21 December 2012)

“The CSSF shall send to the European Securities and Markets Authority a list of the categories of bonds referred to in the first subparagraph together with the categories of issuers authorised, in accordance with the laws and supervisory arrangements mentioned in that subparagraph, to issue bonds complying with the criteria set out in this Article.”

(5) The transferable securities and money market instruments referred to in paragraphs 3 and 4 shall not be taken into account for the purpose of applying the limit of 40% referred to in paragraph 2.

The limits set out in paragraphs 1, 2, 3 and 4 shall not be combined; thus investments in transferable securities or money market instruments issued by the same body or in deposits or derivative instruments made with this body carried out in accordance with paragraphs 1, 2, 3 and 4 shall not exceed in total 35% of the assets of the UCITS.

Companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 83/349/EEC or in accordance with recognised international accounting rules, shall be regarded as a single body for the purpose of calculating the limits contained in this Article.

A UCITS may cumulatively invest up to a limit of 20% of its assets in transferable securities and money market instruments within the same group.

Article 44. (1) Without prejudice to the limits laid down in Article 48, the limits laid down in Article 43 are raised to a maximum of 20% for investments in shares and/or debt securities issued by the same body when, according to the management regulations or instruments of incorporation of the UCITS, the aim of the UCITS investment policy is to replicate the composition of a certain stock or debt securities index which is recognised by the CSSF, on the following basis:

- the composition of the index is sufficiently diversified;
- the index represents an adequate benchmark for the market to which it refers;
- it is published in an appropriate manner.

(2) The limit laid down in paragraph 1 is raised to 35% where that proves to be justified by exceptional market conditions in particular in regulated markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

Article 45. (1) By way of derogation from Article 43, the CSSF may authorise a UCITS to invest in accordance with the principle of risk-spreading up to 100% of its assets in different transferable securities and money market instruments issued or guaranteed by a Member State, one or more of its local authorities, a non-Member State of the European Union or public international body to which one or more “Member States” belong.

The CSSF shall grant such an authorisation only if it considers that “unit-holders” in the UCITS have protection equivalent to that of “unit-holders” in UCITS complying with the limits laid down in Articles 43 and 44.

These UCITS shall hold securities from at least six different issues, but securities from any single issue shall not account for more than 30% of its total assets.

(2) The UCITS referred to in paragraph 1 shall make express mention, in their management regulations or instruments of incorporation, of the States, local public authorities or public international bodies issuing or guaranteeing securities in which they intend to invest more than 35% of their assets.

(3) In addition, the UCITS referred to in paragraph 1 shall include a prominent statement in their prospectuses or marketing communications, drawing attention to such authorisation and indicating the States, local public
authorities and public international bodies in the securities of which they intend to invest or have invested more than 35% of their assets.

**Article 46.** (1) A UCITS may acquire the units of UCITS and/or other UCIs referred to in Article 41(1)(e), provided that no more than 20% of its assets are invested in the units of a single UCITS or other UCI.

For the purpose of the application of this investment limit, each compartment of a UCI with multiple compartments is to be considered as a separate issuer provided that the principle of segregation of the obligations of the various compartments vis-à-vis third parties is ensured.

(2) Investments made in units of UCIs other than UCITS may not in aggregate exceed 30% of the assets of a UCITS.

When a UCITS has acquired units of UCITS and/or other UCIs, the assets of the respective UCITS or other UCIs do not have to be combined for the purposes of the limits laid down in Article 43.

(3) Where a UCITS invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription or redemption fees on account of the UCITS investment in the units of such other UCITS and/or other UCIs.

A UCITS that invests a substantial proportion of its assets in other UCITS and/or other UCIs shall disclose in its prospectus the maximum level of the management fees that may be charged both to the UCITS itself and to the other UCITS and/or other UCIs in which it intends to invest. In its annual report it shall indicate the maximum proportion of management fees charged both to the UCITS itself and to the UCITS and/or other UCIs in which it invests.

**Article 47.** (1) The prospectus shall indicate in which categories of assets a UCITS is authorised to invest. It shall mention if transactions in financial derivative instruments are authorised; in this event, it shall include a prominent statement indicating if these operations may be carried out for the purpose of hedging or with the aim of meeting investment goals, and the possible outcome of the use of financial derivative instruments on the risk profile.

(2) When a UCITS invests principally in any category of assets defined in Article 41 other than transferable securities and money market instruments or replicates a stock or debt securities index in accordance with Article 44, its prospectus and, where necessary, marketing communications shall include a prominent statement drawing attention to its investment policy.

(3) When the net asset value of a UCITS is likely to have a high volatility due to its portfolio composition or the portfolio management techniques that may be used, its prospectus and, where necessary, marketing communications shall include a prominent statement drawing attention to this characteristic of the UCITS.

(4) Upon request of an investor, the management company shall also provide supplementary information relating to the quantitative limits that apply in the risk management of the UCITS, to the methods chosen to this end and to the recent evolution of the main risks and yields of the categories of instruments.

**Article 48.** (1) An investment company or a management company acting in connection with all of the common funds which it manages and which fall within the scope of Part I or of Directive 2009/65/EC, may not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.

(2) Moreover, a UCITS may acquire no more than:

- 10% of the non-voting shares of the same issuer;
- 10% of the debt securities of the same issuer;
- 25% of the units of the same UCITS or other UCI within the meaning of Article 2(2);
- 10% of the money market instruments of any single issuer.

The limits laid down in the second, third and fourth indents may be disregarded at the time of acquisition if at that time the gross amount of bonds or of the money market instruments, or the net amount of the instruments in issue cannot be calculated.

(3) Paragraphs 1 and 2 are waived as regards:

(a) transferable securities and money market instruments issued or guaranteed by a Member State or its local authorities;
(b) transferable securities and money market instruments issued or guaranteed by a non-Member State of the European Union;
(c) transferable securities and money market instruments issued by public international bodies of which one or more Member States of the European Union are members;
(d) shares held by UCITS in the capital of a company incorporated in a third country of the European Union which invests its assets mainly in the securities of issuing bodies having their registered office in that
State, where under the legislation of that State, such a holding represents the only way in which the UCITS can invest in the securities of issuing bodies of that State. This derogation, however, shall apply only if in its investment policy the company from the third country of the European Union complies with the limits laid down in Articles 43 and 46 and Article 48(1) and (2). Where the limits set in Articles 43 and 46 are exceeded, Article 49 shall apply mutatis mutandis;

(e) shares held by one or more investment companies in the capital of subsidiary companies which, carry on the business of management, advice or marketing in the country where the subsidiary is established, in regard to the repurchase of units at the request of unit-holders exclusively on its or their behalf.

**Article 49.** (1) UCITS need not comply with the limits laid down in this Chapter when exercising subscription rights attaching to transferable securities or money market instruments which form part of their assets.

While ensuring observance of the principle of risk-spreading, newly authorised UCITS may derogate from Articles 43, 44, 45 and 46 for six months following the date of their authorisation.

(2) If the limits referred to in paragraph 1 are exceeded for reasons beyond the control of the UCITS or as a result of the exercise of subscription rights, it shall adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of its unit-holders.

**Article 50.** (1) The following shall not borrow:

- an investment company;
- a management company or depository acting on behalf of a common fund.

A UCITS may, however, acquire foreign currency by means of a “back-to-back” loan.

(2) By way of derogation from paragraph 1, UCITS may borrow provided that such borrowing is:

(a) on a temporary basis and represents:
- in the case of an investment company, no more than 10% of its assets, or
- in the case of a common fund, no more than 10% of the value of the fund; or
(b) to enable the acquisition of immovable property essential for the direct pursuit of its business and represents, in the case of an investment company, no more than 10% of its assets.

Where a UCITS is authorised to borrow under points (a) and (b), such borrowing shall not exceed 15% of its assets in total.

**Article 51.** (1) Without prejudice to the application of Articles 41 and 42, the following shall not grant loans or act as a guarantor on behalf of third parties:

- an investment company;
- a management company or depository acting on behalf of a common fund.

(2) Paragraph 1 shall not prevent such undertakings from acquiring transferable securities, money market instruments or other financial instruments referred to in points (e), (g) and (h) of Article 41(1) which are not fully paid.

**Article 52.** The following shall not carry out uncovered sales of transferable securities, money market instruments or other financial instruments referred to in points (e), (g) and (h) of Article 41(1):

- an investment company;
- a management company or depository acting on behalf of a common fund.

**Chapter 6 – UCITS established in Luxembourg which market their units in “other Member States”**

**Article 53.** A UCITS which markets its units in another Member State shall, in accordance with the laws, regulations and administrative provisions in force in the Member State where its units are marketed, take the measures necessary to ensure that facilities are available in that Member State for making payments to unit-holders, repurchasing or redeeming units and making available the information which UCITS are required to provide.

**Article 54.** (1) A UCITS which proposes to market its units in another Member State, shall first submit a notification letter to the CSSF.

The notification letter shall include information on arrangements made for marketing units of the UCITS in the host Member State, including, where relevant, in respect of unit classes. In the context of Article 113, it shall specify in particular that the UCITS is marketed by the management company that manages the UCITS.

---

52 Law of 12 July 2013
(2) A UCITS shall enclose with the notification letter, as referred to in paragraph 1, the latest version of the following documents:

(a) its management regulations or its instruments of incorporation, its prospectus and, where appropriate, its latest annual report and any subsequent half-yearly report translated in accordance with the provisions of Article 55(1)(c) and (d); and

(b) its key investor information referred to in Article 159, translated in accordance with Article 55(1)(b) and (d).

(3) The CSSF shall verify whether the documentation submitted by the UCITS in accordance with paragraphs 1 and 2 is complete.

The CSSF shall transmit the complete documentation referred to in paragraphs 1 and 2 to the competent authorities of the Member State in which the UCITS proposes to market its units, no later than ten working days of the date of receipt of the notification letter accompanied by the complete documentation provided for in paragraph 2. 53 Law of 12 July 2013
54 Law of 12 July 2013
Without prejudice to the following subparagraph, the instruments of incorporation of a UCITS established in corporate form in Luxembourg shall foresee who of the meeting of unit-holders or the board of directors or the management board, where applicable, is competent to decide on the effective date of the merger with another UCITS. For UCITS having the legal form of a common fund established in Luxembourg, the management company of these UCITS is, unless otherwise provided in the management regulations, competent to decide on the effective date of a merger with another UCITS. Where the management regulations or the instruments of incorporation provide for the approval by a meeting of unit-holders, these documents shall provide for the quorum and majority requirements applicable save that with respect to the approval of the common draft terms of the merger by the unit-holders, such an approval shall be adopted by simple majority, without however requiring more than 75% of the votes cast by the unit-holders present or represented at the meeting.

In the absence of specific provisions in the management regulations or the instruments of incorporation, any merger shall be approved by the management company for merging UCITS having the legal form of a common fund “or by the meeting of unit-holders”

For any merger where the merging UCITS is an investment company which ceases to exist, the effective date of the merger shall be decided by a meeting of the unit-holders of the merging UCITS deciding in accordance with the quorum and majority requirements provided in the articles of incorporation, it being understood that the provisions of this paragraph apply. “For any merging investment company which ceases to exist, the effective date of the merger shall be recorded by notarial deed.”

For any merging common fund which ceases to exist, the decision regarding the effective date of the merger shall be deposited with the trade and companies register and published in the Mémorial by way of a notice of the deposit of this decision with the trade and companies register, in accordance with the provisions of the Law of 10 August 1915 on commercial companies.

Insofar as a merger requires the approval of the unit-holders pursuant to the provisions above, only the approval of the unit-holders of the compartment(s) concerned by the merger shall be required, unless otherwise provided in the management regulations or the instruments of incorporation of the UCITS.

The practical terms of merger procedures for Luxembourg UCITS concerned by a merger may be laid down by means of a CSSF regulation.

Mergers provided for in point (20)(c) of Article 1 shall be carried out in accordance with the terms and conditions provided for in this Chapter.

Where the receiving UCITS and the merging UCITS are established in Luxembourg, the provisions of this Chapter as to the intervention of the competent authorities of another Member State shall not apply.

Article 67. (1) Where the merging UCITS is established in Luxembourg, a merger is subject to prior authorisation by the CSSF.

The merging UCITS shall provide the following information to the CSSF:

(a) the common draft terms of the proposed merger duly approved by the merging UCITS and the receiving UCITS;
(b) an up-to-date version of the prospectus and the key investor information, referred to in Article 78 of Directive 2009/65/EC, of the receiving UCITS, if it is established in another Member State;
(c) a statement by each of the depositaries of the merging and the receiving UCITS confirming that, in accordance with Article 70, they have verified compliance of the particulars set out in points (a), (f) and (g) of Article 69(1), with the requirements of this Law and the management regulations or the instruments of incorporation of their respective UCITS. In the case where the receiving UCITS is established in another Member State, this statement issued by the depositary of the receiving UCITS confirms that, in accordance with Article 41 of Directive 2009/65/EC, compliance of the particulars set out in points (a), (f) and (g) of Article 40(1) with the requirements of Directive 2009/65/EC and the management regulations or the instruments of incorporation of UCITS has been verified; and
(d) the information on the proposed merger that the merging and the receiving UCITS intend to provide to their respective unit-holders.

Such information shall be provided to the CSSF in either Luxembourgish, French, German or English.

(3) If it considers that the file is not complete, the CSSF shall request additional information within a maximum of ten working days of receiving the information referred to in paragraph 2.

Law of 12 July 2013

Law of 12 July 2013
Where the receiving UCITS is not established in Luxembourg and once the file is complete, the CSSF shall immediately transmit copies of the information referred to in paragraph 2 to the competent authorities of the receiving UCITS home Member State. The CSSF and the competent authorities of the receiving UCITS home Member State shall, respectively, consider the potential impact of the proposed merger on unit-holders of the merging and the receiving UCITS to assess whether appropriate information is being provided to unit-holders.

If the CSSF considers it necessary, it may require, in writing, that the information to unit-holders of the merging UCITS be clarified.

If the competent authorities of the receiving UCITS home Member State consider it necessary, they may require, in writing, and no later than fifteen working days of receipt of the copies of the complete information referred to in paragraph 2, that the receiving UCITS modifies the information to be provided to its unit-holders.

In such a case, the competent authorities of the receiving UCITS home Member State shall send an indication of their dissatisfaction to the CSSF. They shall inform the CSSF whether they are satisfied with the modified information to be provided to the unit-holders of the receiving UCITS within twenty working days of being notified thereof.

Where the receiving UCITS is established in Luxembourg and insofar as the file is complete, the CSSF shall consider the potential impact of the proposed merger on the unit-holders of the merging and the receiving UCITS to assess whether appropriate information is being provided to unit-holders. If the CSSF considers it necessary, it may require, in writing, (i) that the information to unit-holders of the merging UCITS be clarified and (ii) no later than fifteen working days of receipt of the copies of the complete information referred to in paragraph 2, that the receiving UCITS modifies the information to be provided to its unit-holders.

The CSSF shall inform the merging UCITS, within twenty working days of submission of the complete information, in accordance with paragraph 2, whether or not the merger has been authorised.

Where the receiving UCITS is not established in Luxembourg and in the cases where:

- (a) the proposed merger complies with all of the requirements of Articles 67, 69, 70 and 71; and
- (b) the receiving UCITS has been notified, in accordance with Article 60, to market its units in Luxembourg and in all Member States where the merging UCITS is either authorised or has been notified to market its units in accordance with Article 60; and
- (c) the CSSF and the competent authorities of the receiving UCITS home Member State are satisfied with the proposed information to be provided to unit-holders, or no indication of dissatisfaction from the competent authorities of the receiving UCITS home Member State has been received under the fourth subparagraph of paragraph 4(a),

the CSSF shall authorise the proposed merger if these conditions are met. The CSSF shall also inform the competent authorities of the receiving UCITS home Member State of its decision.

Where the receiving UCITS is also established in Luxembourg and in the cases where:

- (a) the proposed merger complies with all of the requirements of Articles 67, 69, 70 and 71; and
- (b) the receiving UCITS has been notified, in accordance with Article 60, to market its units in all Member States where the merging UCITS is either authorised or has been notified to market its units in accordance with Article 60; and
- (c) the CSSF is satisfied with the proposed information to be provided to unit-holders of the merging and receiving UCITS,

the CSSF shall authorise the proposed merger if these conditions are met.

Article 68. (1) Where the receiving UCITS is established in Luxembourg and the merging UCITS is established in another Member State, the CSSF shall receive copies of the information referred to in Article 67(2)(a), (c) and (d) from the competent authorities of this other Member State.

(2) The CSSF and the competent authorities of the merging UCITS home Member State shall, respectively, consider the potential impact of the proposed merger on unit-holders of the merging and the receiving UCITS to assess whether appropriate information is being provided to unit-holders.

If the CSSF considers it necessary, it may require, in writing, and no later than fifteen working days of receipt of the copies of the complete information referred to in paragraph 1, that the receiving UCITS modifies the information to be provided to its unit-holders.

The CSSF shall inform the competent authorities of the merging UCITS home Member State within twenty working days of being notified thereof whether it is satisfied with the modified information to be provided to the unit-holders of the receiving UCITS.
(3) While ensuring observance of the principle of risk-spreading, the receiving UCITS is allowed to derogate from Articles 43, 44, 45 and 46 for six months following the effective date of the merger.

**Article 69.** (1) The merging and the receiving UCITS shall draw up common draft terms of merger.

The common draft terms of merger shall set out the following particulars:

**Article 72.** (1) Where merging and/or receiving UCITS are established in Luxembourg, each shall provide appropriate and accurate information on the proposed merger to their respective unit-holders so as to enable them to make an informed judgement of the impact of the merger on their investment.

(2) This information shall be provided to unit-holders of the merging and of the receiving UCITS established in Luxembourg only after the CSSF has authorised the proposed merger under Article 67 of the Law.

This information shall be provided at least thirty days before the last date for requesting repurchase or redemption or, as the case may be, conversion without additional charge under Article 73(1).

(3) The information to be provided to unit-holders of the merging UCITS and/or of the receiving UCITS established in Luxembourg shall include appropriate and accurate information on the proposed merger such as to enable them to take an informed decision on the possible impact of the merger on their investment and to exercise their rights under Articles 66(4) and 73.

Such dates shall be after the approval, as the case may be, of the merger by unit-holders of the receiving UCITS or the merging UCITS.

(2) The entry into effect of the merger shall be made public through all appropriate means by the receiving UCITS established in Luxembourg and shall be notified to the CSSF and to the other competent authorities involved in the merger.

**A. – Scope and approval**

**Article 77.** (1) A feeder UCITS is a UCITS, or an investment compartment thereof, which has been approved to invest, by way of derogation from Article 2(2), first indent, Articles 41, 43 and 46, and Article 48(2), third indent of this Law, at least 85% of its assets in units of another UCITS or investment compartment thereof (the “master UCITS”).

(2) A feeder UCITS may hold up to 15% of its assets in one or more of the following:

(a) ancillary liquid assets in accordance with Article 41(2), second subparagraph;

(c) movable and immovable property which is essential for the direct pursuit of its business, if the feeder UCITS is an investment company.

For the purposes of compliance with Article 42(3), the feeder UCITS shall calculate its global exposure related to financial derivative instruments by combining its own direct exposure under point (b) of the first subparagraph with either:

(a) the master UCITS actual exposure to financial derivative instruments in proportion to the feeder UCITS investment into the master UCITS; or
(b) the master UCITS potential maximum global exposure to financial derivative instruments provided for in the master UCITS management regulations or instruments of incorporation in proportion to the feeder UCITS investment into the master UCITS.

(3) A master UCITS is a UCITS, or an investment compartment thereof, which:

(a) has, among its unit-holders, at least one feeder UCITS;
(b) is not itself a feeder UCITS; and
(c) does not hold units of a feeder UCITS.

(4) The following derogations for a master UCITS shall apply:

(b) if a master UCITS does not raise capital from the public in a Member State other than that in which it is established, but only has one or more feeder UCITS in that Member State, Chapter XI and Article 108(1), second subparagraph of Directive 2009/65/EC shall not apply.

**Article 78.** (1) The investment of a feeder UCITS which is established in Luxembourg into a given master UCITS which exceeds the limit applicable under Article 46(1) for investments in other UCITS shall be subject to the prior approval of the CSSF.

(2) The feeder UCITS shall be informed within fifteen working days following the submission of a complete file, whether or not the CSSF has approved the feeder UCITS investment into the master UCITS.

(3) The CSSF shall grant approval if the feeder UCITS, its depositary and its réviseur d’entreprises agréé (approved statutory auditor), as well as the master UCITS, comply with all the requirements set out in this Chapter. For such purposes, the feeder UCITS shall provide the CSSF with the following documents:

(a) the management regulations or instruments of incorporation of the feeder UCITS and the master UCITS;

The feeder UCITS shall not invest in excess of the limit applicable under Article 46(1), in units of that master UCITS until the agreement referred to in the first subparagraph has become effective. That agreement shall be made available, on request and free of charge, to all unit-holders.

In the event that both master and feeder UCITS are managed by the same management company, the agreement may be replaced by internal conduct of business rules ensuring compliance with the requirements set out in this paragraph.

(2) The master and the feeder UCITS shall take appropriate measures to coordinate the timing of their net asset value calculation and publication, in order to avoid market timing in their units, preventing arbitrage opportunities.

(3) Without prejudice to Article 11(2) and Article 28(1)(b), if a master UCITS temporarily suspends the repurchase, redemption or subscription of its units, whether at its own initiative or at the request of its competent authorities, each of its feeder UCITS is entitled to suspend the repurchase, redemption or subscription of its units, notwithstanding the conditions laid down in Article 12(1), and Article 28(5), within the same period of time as the master UCITS.

(4) If a master UCITS is liquidated, the feeder UCITS shall also be liquidated, unless the CSSF approves:

(a) the investment of at least 85 % of the assets of the feeder UCITS in units of another master UCITS; or
(b) the amendment of the management regulations or the instruments of incorporation of the feeder UCITS in order to enable it to convert into a UCITS which is not a feeder UCITS.

Without prejudice to specific provisions regarding compulsory liquidation, the liquidation of a master UCITS shall take place no sooner than three months after the master UCITS has informed all of its unit-holders and the CSSF of the binding decision to liquidate.

(5) If a master UCITS merges with another UCITS or is divided into two or more UCITS, the feeder UCITS shall be liquidated, unless the CSSF grants approval to the feeder UCITS to:

(a) continue to be a feeder UCITS of the master UCITS or another UCITS resulting from the merger or division of the master UCITS;
(b) invest at least 85 % of its assets in units of another master UCITS not resulting from the merger or the division; or
(c) amend its management regulations or its instruments of incorporation in order to convert into a UCITS which is not a feeder UCITS.

(3) If the net assets have fallen below one quarter of the legal minimum, the directors or the management board, as the case may be, or the managers shall submit the question of the dissolution to a general meeting for which no quorum shall be prescribed; the dissolution may be resolved by investors holding one quarter of the units represented at the meeting.

(4) The meeting shall be convened so that it is held within a period of forty days as from the ascertainment that the net assets have fallen below two thirds or one fourth of the legal minimum, as the case may be.

(5) If the instruments of incorporation of the undertaking do not provide for general meetings, the directors or the management board, as the case may be, or the managers shall, if the net assets of the UCI have fallen below two thirds of the legal minimum, inform the CSSF without delay. In such a case, the CSSF may, having regard to the circumstances, require the directors or the managers to liquidate the UCI.

Article 99. (1) A CSSF regulation may determine:
(a) the minimum frequency for the determination of the issue and, in case the instruments of incorporation provide the right for the unit-holders or members to have their units redeemed, the redemption price of the shares or units of the UCI;
(b) the minimum percentage of the assets of the UCI which shall be represented by liquid assets;
(c) the maximum percentage of the assets of the UCI which may be invested in transferable securities which are not quoted on a stock exchange or dealt in on an organised market offering comparable safeguards;
(d) the maximum percentage of securities of the same kind issued by the same body which the UCI may hold;
(e) the maximum percentage of the assets of the UCI which may be invested in securities issued by the same body;
(f) the conditions under which and possibly the maximum percentages the UCI may invest in securities of other UCIs;
(g) the maximum percentage of the amounts the UCI is authorised to borrow in relation to its total assets and the terms and conditions for such borrowings.

(2) The frequency and percentages determined in accordance with paragraph 1 above may be differentiated depending on whether or not the UCI displays certain characteristics or fulfils certain conditions.

(3) A newly created UCI may, while ensuring observance of the principle of risk-spreading, derogate from paragraph 1, point e) above, for six months following the date of its authorisation.

(4) Where the maximum percentages fixed by reference to points (c), (d), (e), (f) and (g) of paragraph 1 above are exceeded as a result of the exercise of rights attaching to securities in the portfolio or otherwise than by the purchase of securities, the UCI shall adopt as a priority objective for its sales transactions, the remediing of that situation, taking due account of the interests of the unit-holders or members.

(5) The management regulations or the instruments of incorporation of the UCI provide for the principles and methods of valuation of the assets of the UCI. Unless otherwise provided in the management regulations or the instruments of incorporation, the valuation of the assets of the UCI shall be based in the case of officially listed securities, on the last known stock exchange quotation, unless such quotation is not representative. For securities which are not so listed and for securities which are so listed but for which the latest quotation is not representative, the valuation shall be based on the probable realisation value which shall be estimated with care and in good faith.

In that case, the following preconditions shall be complied with:

(a) the CSSF shall be informed in an appropriate manner;
(b) the mandate shall not prevent the effectiveness of supervision over the SICAV; in particular, it shall not prevent the SICAV from acting, or from being managed, in the best interests of investors.

For UCIs which do not have the legal form of a common fund or a SICAV and which are managed by an AIFM authorised under Chapter 2 of the Law of 12 July 2013 on alternative investment fund managers, which are internally managed within the meaning of Article 88-2(2)(b), the delegation of one or more of their functions shall comply with all the conditions provided for in Article 18 of the Law of 12 July 2013 on alternative investment fund managers.”

PART IV: MANAGEMENT COMPANIES

Chapter 15 – Management companies managing UCITS governed by Directive 2009/65/EC

Title A. – Conditions for taking up business of management companies having their registered office in Luxembourg

Article 101. (1) Access to the business of management companies having their registered office in Luxembourg within the meaning of this Chapter is subject to prior authorisation by the CSSF. Authorisation granted under this Law to a management company shall be valid for all Member States “and shall be notified to the European Securities and Markets Authority”86.

A management company shall be incorporated as a société anonyme87, a société à responsabilité limitée88, a société coopérative89, a société coopérative organisée comme une société anonyme90 or a société en commandite par actions91. The capital of that company shall be represented by registered shares. “The provisions of the Law of 10 August 1915 on commercial companies, as amended, are applicable to management companies subject to this chapter, insofar as this Law does not derogate therefrom.”92

Authorised management companies are entered by the CSSF on a list. This entry is tantamount to authorisation and is notified by the CSSF to the management company concerned. Applications for entry on the list shall be filed with the CSSF before the incorporation of the management company. The incorporation of the management company can only be undertaken after notification of the authorisation by the CSSF. This list and modifications made thereto are published in the Mémorial by the CSSF.

(2) No management company shall engage in activities other than the management of UCITS authorised according to Directive 2009/65/EC with the exception of the additional management of other UCIs which are not covered by this Directive and for which the management company is subject to prudential supervision but the units of which cannot be marketed in other Member States of the European Union under Directive 2009/65/EC. The activity of the management of UCITS includes the functions listed in Annex II of this Law.

(3) By way of derogation from paragraph 2, management companies may also provide the following services:

(a) management of portfolios of investments, including those owned by pension funds, in accordance with mandates given by investors on a discretionary, client-by-client basis, where such portfolios include one or more of the instruments listed in section B of Annex II of the Law of 5 April 1993 on the financial sector, as amended;

(b) as non-core services:
– investment advice concerning one or more of the instruments listed in section B of Annex II of the Law of 5 April 1993 on the financial sector, as amended;
– safekeeping and administration in relation to units of UCIs.

Management companies shall in no case be authorised under this Chapter to provide only the services mentioned in this paragraph or to provide non-core services without being authorised for the services referred to in point (a).

For the purpose of this Article, investment advice consists of the provision of personalised recommendations to a client, either upon the request of this client or at the management company’s initiative, regarding one or more transactions concerning financial instruments referred to in section B of Annex II of the Law of 5 April 1993 on the financial sector, as amended.

For the purpose of this Article, a personalised recommendation is a recommendation which is addressed to a person by reason of his capacity as investor or potential investor or its capacity as agent of an investor or of a potential investor.

This recommendation has to be adapted to this person or has to be based on the examination of this person’s personal circumstances and has to recommend the realisation of an operation of the following categories:

(a) the purchase, the sale, the subscription, the exchange, the repayment, the holding or the underwriting of a particular financial instrument;

(b) the exercise or non-exercise of the right conferred by a particular financial instrument to purchase, to sell, to subscribe, to exchange or to reimburse a financial instrument.

A recommendation is not a personalised recommendation if it is exclusively disseminated by distribution channels within the meaning of Article 1, point (18) of the Law of 9 May 2006 on market abuse or if it is intended for the public.

(4) Article 1-1, Article 37-1 and Article 37-3 of the Law of 5 April 1993 on the financial sector, as amended, shall apply mutatis mutandis to the provision by management companies of the services mentioned in paragraph 3 of this Article.

Management companies which provide the services referred to in point (a) of paragraph 3 of this Article shall furthermore comply with the Luxembourg regulations implementing Directive 2006/49/EC of the European Parliament and of the Council of 14 June 2006 on the capital adequacy of investment firms and credit institutions (recast).

(5) The assets under management in application of paragraphs 2 and 3 do not form part of the estate in case of insolvency of the management company. They cannot be claimed by the creditors of the management company.

(Law of 12 July 2013)

"Article 101-1. (1) By way of derogation from Article 101(2), management companies having their registered office in Luxembourg authorised pursuant to this chapter which are appointed as AIFMs within the meaning of Directive 2011/61/EU shall also obtain prior authorisation by the CSSF as AIFM under Chapter 2 of the Law of 12 July 2013 on alternative investment fund managers.

(2) Where a management company applies for authorisation under paragraph 1, this management company is exempt from providing the information or documents which the management company has already provided to the CSSF when applying for authorisation under Article 102, provided that such information or documents remain up-to-date.

(3) Management companies referred to in this Article can only engage in the activities referred to in Annex I of the Law of 12 July 2013 on alternative investment fund managers and in the additional activities of the management of UCITS subject to authorisation pursuant to Article 101.

Managing AIFs implies for these management companies that they also may provide non-core services within the meaning of Article 5(4) of the Law of 12 July 2013 on alternative investment fund managers, comprising reception and transmission of orders in relation to financial instruments.

(4) Management companies appointed as AIFMs within the meaning of this Article are subject to all the rules provided for by the Law of 12 July 2013 on alternative investment fund managers, to the extent that these rules are applicable to them."

“(5) For each UCI under Part II for which it is appointed as an AIFM within the meaning of this Article, the management company shall ensure that a single depositary is appointed in accordance with the provisions set out in Article 88-3.”

Article 102. (1) The CSSF shall not grant authorisation to a management company unless the following conditions are met:

(a) the management company has an initial capital of at least one hundred and twenty-five thousand euro (EUR 125,000) taking into account the following:
   - When the value of the portfolios of the management company exceeds two hundred and fifty million euro (EUR 250,000,000), the management company shall be required to provide an additional amount of own funds. This additional amount of own funds is equal to 0.02% of the amount by which the value of the portfolios of the management company exceeds two hundred and fifty million euro (EUR 250,000,000). The required total of the initial capital and the additional amount shall not, however, exceed ten million euro (EUR 10,000,000).
   - For the purposes of this paragraph, the following portfolios are deemed to be the portfolios of the management company:
     (i) common funds managed by the management company, including portfolios for which it has delegated the management function but excluding portfolios that it is managing under delegation;
     (ii) investment companies for which the management company is the designated management company;
     (iii) other UCIs managed by the management company including portfolios for which it has delegated the management function but excluding portfolios that it is managing under delegation.
   - Irrespective of the amount of these requirements, the own funds of the management company shall never be less than the amount prescribed in Article 21 of Directive 2006/49/EC.
Management companies may not provide up to 50% of the additional amount of own funds referred to above if they benefit from a guarantee of the same amount given by a credit institution or an insurance undertaking. The credit institution or insurance undertaking shall have its registered office in a Member State or in a non-Member State provided that it is subject to prudential rules considered by the CSSF as equivalent to those laid down in “EU” law.

(b) The funds referred to in paragraph 1(a) are to be maintained at the permanent disposal of the management company and to be invested in its own interest.

(c) The persons who effectively conduct the business of a management company shall be of sufficiently good repute and be sufficiently experienced also in relation to the type of UCITS managed by the management company. To that end, the identity of these persons and of every person succeeding them in office shall be communicated forthwith to the CSSF. The conduct of the business of a management company shall be determined by at least two persons meeting such conditions;

(d) the application for authorisation shall be accompanied by a programme of operations setting out, inter alia, the organisational structure of the management company;

(e) both its head office and its registered office are located in Luxembourg;

(f) the dirigeants of a management company shall be of sufficiently good repute and be sufficiently experienced within the meaning of Article 129(5), in relation to the type of UCITS or UCI concerned.

(2) Moreover, where close links exist between the management company and other natural or legal persons, the CSSF shall grant authorisation only if those links do not prevent the effective exercise of its supervisory functions. The CSSF shall also refuse authorisation, if the laws, regulations or administrative provisions of a third country governing one or more natural or legal persons with which the management company has close links, or difficulties involved in their enforcement, prevent the effective exercise of its supervisory functions.

The CSSF shall require management companies to provide it with the information required to monitor compliance with the conditions referred to in this paragraph on a continuous basis.

(3) The applicant shall be informed, within six months of the submission of a complete application whether or not authorisation has been granted. Reasons shall be given where an authorisation is refused.

(4) A management company may start business as soon as authorisation has been granted.

For the members of the administrative body, management board and supervisory board of the management company, the granting of authorisation implies the obligation to notify the CSSF, spontaneously in writing and in a complete, coherent and comprehensible manner, of any change regarding the substantial information upon which the CSSF based itself to examine the application for authorisation.

(5) The CSSF may withdraw the authorisation issued to a management company subject to this Chapter only where that company:

(a) does not make use of the authorisation within twelve months, expressly renounces the authorisation or has ceased to exercise the activity covered by this Chapter for more than six months;

(b) has obtained the authorisation by making false statements or by any other irregular means;

(c) no longer fulfils the conditions under which authorisation was granted;

(d) no longer complies with the Law of 5 April 1993 on the financial sector, as amended, resulting from the transposition of Directive 2006/49/EC if its authorisation also covers the discretionary portfolio management service referred to in Article 101(3)(a) above;

(e) has seriously and/or systematically infringed the provisions of this Law or of regulations adopted pursuant thereto;

(f) falls within any of the other cases where this Law provides for withdrawal.

(6) In the case where a management company pursues collective portfolio management activities on a cross-border basis pursuant to Article 116, the CSSF shall consult the competent authorities of the UCITS home Member State before withdrawing the authorisation of the management company.

Article 103. (1) The CSSF shall not grant authorisation to take up the business of a management company until it has been informed of the identities of the shareholders or members, whether direct or indirect, natural or legal persons, that have qualifying holdings and of the amounts of those holdings.

The CSSF shall refuse authorisation if, taking into account the need to ensure the sound and prudent management of a management company, it is not satisfied as to the suitability of such shareholders or members.

(2) The competent authorities of the other Member State involved shall be consulted beforehand in relation to the authorisation of any management company which is:

(a) a subsidiary of another management company, an investment firm, a credit institution or an insurance undertaking authorised in another Member State;
(b) a subsidiary of the parent undertaking of another management company, an investment firm, a credit
institution or an insurance undertaking authorised in another Member State, or
(c) controlled by the same natural or legal persons as those who control another management company,
an investment firm, a credit institution or an insurance undertaking authorised in another Member State.

**Article 104.** (1) The authorisation of a management company is subject to the condition that the audit of its annual
accounting documents is entrusted to one or more réviseurs d’entreprises agréés (approved statutory auditors)
who can prove that they have adequate professional experience.

(2) Any change regarding the réviseur d’entreprises agréé (approved statutory auditor) shall be previously
approved by the CSSF.

(3) The institution of commissaires aux comptes provided for by the Law of 10 August 1915 concerning
commercial companies, as amended, and by Article 140 of that Law, shall not apply to management companies
subject to this Chapter.

*(Law of 21 December 2012)*

“(4) Every management company subject to the supervision of the CSSF which shall have its accounts audited
by a réviseur d’entreprises agréé (approved statutory auditor) shall spontaneously communicate to the CSSF the
reports and written comments issued by the réviseur d’entreprises agréé (approved statutory auditor) in the
framework of its audit of the annual accounting documents.

The CSSF may set rules regarding the scope of the mandate for the audit of annual accounting documents and
the content of the reports and written comments of the réviseur d’entreprises agréé (approved statutory auditor),
as referred to in the previous subparagraph, without prejudice to the legal provisions governing the content of the
statutory auditor’s report.”

(5) The réviseur d’entreprises agréé (approved statutory auditor) shall report promptly to the CSSF any fact or
decision which he has become aware of while carrying out the audit of the accounting information contained in
the annual report of a management company or any other legal task concerning a management company or a
UCI, where any such fact or decision is likely to:
- constitute a material breach of this Law or the regulations adopted for its execution; or
- impair the continuous functioning of the management company, or of an undertaking contributing
towards its business activity; or
- lead to a refusal to certify the accounts or to the expression of reservations thereon.

The réviseur d’entreprises agréé (approved statutory auditor) has also a duty to promptly report to the CSSF in
the accomplishment of its duties referred to in the preceding subparagraph in respect of a management company,
y any fact or decision concerning the management company and meeting the criteria listed in the preceding
subparagraph, of which it has become aware while carrying out the audit of the accounting information contained
in its annual report or while carrying out any other legal task related to another undertaking having close links
resulting from a control relationship with this management company or an undertaking contributing towards its
business activity.

If, in the discharge of its duties, the réviseur d’entreprises agréé (approved statutory auditor) becomes aware that
the information provided to investors or to the CSSF in the reports or other documents of the management company
does not truly describe the financial situation and the assets and liabilities of the management company,
it is obliged to inform the CSSF forthwith.

The réviseur d’entreprises agréé (approved statutory auditor) is also obliged to provide the CSSF with all
information or certificates which it may require on any matters of which the réviseur d’entreprises agréé (approved
statutory auditor) has or ought to have knowledge in connection with the discharge of its duties.

The disclosure to the CSSF in good faith by the réviseur d’entreprises agréé (approved statutory auditor) of any
fact or decision referred to in this paragraph does not constitute a breach of professional secrecy or of any
restriction on disclosure of information imposed by contract and shall not result in liability of any kind of the réviseur
derentreprises agréé (approved statutory auditor).

*(…) 96*

The CSSF may request a réviseur d’entreprises agréé (approved statutory auditor) to perform a control of one or
several particular aspects of the activities and operations of a management company. This control is performed
at the expense of the management company concerned.

**Article 105.** In the event of the voluntary liquidation of a management company, the liquidator(s) shall be approved
by the CSSF. The liquidator(s) shall provide all guarantees of good repute and professional skill.

Title B. – Relations with third countries

Article 106. Relations with third countries shall be regulated in accordance with the rules laid down in Article 15 of Directive 2004/39/EC.

For the purpose of this Law, the terms “firm/investment firm” and “investment firms” contained in Article 15 of Directive 2004/39/EC shall mean respectively “management company” and “management companies”; the term “providing investment services” contained in Article 15(1) of Directive 2004/39/EC shall mean “providing services”.

(2) The prudential supervision of a management company shall be the responsibility of the CSSF, whether or not the management company establishes a branch as defined in Article 1 or provides services in another Member State or not, without prejudice to those provisions of Directive 2009/65/EC which confer responsibility to the authorities of the host Member State.

(a) to have sound administrative and accounting procedures, control and safeguard arrangements for electronic data processing and adequate internal control mechanisms including, in particular, rules for personal transactions by its employees or for the holding or management of investments in financial instruments in order to invest on its own account and ensuring, at least, that each transaction involving the UCITS may be reconstructed according to its origin, the parties to it, its nature, and the time and place at which it was effected and that the assets of the UCITS managed by the management company are invested according to the management regulations or to the instruments of incorporation and the legal provisions in force;

97 Law of 27 February 2018
Article 110. (1) Management companies are authorised to delegate to third parties, for the purpose of a more efficient conduct of their business, the power to carry out on their behalf one or more of their functions. In that case, all of the following preconditions shall be complied with:

(a) the management company shall inform the CSSF in an appropriate manner; the CSSF shall, without delay, transmit the information to the competent authorities of the UCITS home Member State;

“Article 111a. (1) The management companies referred to in this Chapter shall establish and apply remuneration policies and practices that are consistent with, and promote, sound and effective risk management and that neither encourage risk taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the UCITS that they manage nor impair compliance with the management company’s duty to act in the best interest of the UCITS.

(2) The remuneration policies and practices shall include fixed and variable components of salaries and discretionary pension benefits.

(3) The remuneration policies and practices shall apply to those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers whose professional activities have a material impact on the risk profiles of the management companies or of the UCITS that they manage.”

(Law of 10 May 2016)

“Article 111b. (1) When establishing and applying the remuneration policies referred to in Article 111a, management companies shall comply with the following principles in a way and to the extent that is appropriate to their size, internal organisation and the nature, scope and complexity of their activities:

(a) the remuneration policy is consistent with and promotes sound and effective risk management and does not encourage risk taking which is inconsistent with the risk profiles, rules or instruments of incorporation of the UCITS that the management company manages;
(b) the remuneration policy is in line with the business strategy, objectives, values and interests of the management company and the UCITS that it manages and of the investors in such UCITS, and includes measures to avoid conflicts of interest;

(c) the remuneration policy is adopted by the management body of the management company in its supervisory function, and that body adopts, and reviews at least annually, the general principles of the remuneration policy and is responsible for, and oversees, their implementation. The tasks referred to in this point shall be undertaken only by members of the management body who do not perform any executive functions in the management company concerned and who have expertise in risk management and remuneration;

(d) the implementation of the remuneration policy is, at least annually, subject to central and independent internal review for compliance with policies and procedures for remuneration adopted by the management body in its supervisory function;

(e) staff engaged in control functions are compensated in accordance with the achievement of the objectives linked to their functions, independent of the performance of the business areas they control;

(f) the remuneration of the senior officers in the risk management and compliance functions is overseen directly by the remuneration committee, where such a committee exists;

(g) where remuneration is performance-related, the total amount of remuneration is based on a combination of the assessment as to the performance of the individual and of the business unit or UCITS concerned and as to their risks and of the overall results of the management company when assessing individual performance, taking into account financial and non-financial criteria;

(h) the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the UCITS managed by the management company in order to ensure that the assessment process is based on the longer-term performance of the UCITS and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period;

(i) guaranteed variable remuneration is exceptional, occurs only in the context of hiring new staff and is limited to the first year of engagement;

(j) fixed and variable components of total remuneration are appropriately balanced, the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy, on variable remuneration components, including the possibility to pay no variable remuneration component;

(k) payments relating to the early termination of a contract reflect performance achieved over time and are designed in a way that does not reward failure;

(l) the measurement of performance used to calculate variable remuneration components or pools of variable remuneration components includes a comprehensive adjustment mechanism to integrate all relevant types of current and future risks;

(m) subject to the legal structure of the UCITS and its fund rules or instruments of incorporation, a substantial portion, and in any event at least 50%, of any variable remuneration component consists of units of the UCITS concerned, equivalent ownership interests, or share-linked instruments or equivalent non-cash instruments with equally effective incentives as any of the instruments referred to in this point, unless the management of the UCITS accounts for less than 50% of the total portfolio managed by the management company, in which case the minimum of 50% does not apply. The instruments referred to in this point shall be subject to an appropriate retention policy designed to align incentives with the interests of the management company and the UCITS that it manages and the investors of such UCITS. This point shall apply to both the portion of the variable remuneration component deferred in line with point (n) and the portion of the variable remuneration component not deferred;

(n) a substantial portion, and in any event at least 40%, of the variable remuneration component, is deferred over a period which is appropriate in view of the holding period recommended to the investors of the UCITS concerned and is correctly aligned with the nature of the risks of the UCITS in question. The period referred to in this point shall be at least three years; remuneration payable under deferral arrangements vests no faster than on a pro-rata basis; in the case of a variable remuneration component of a particularly high amount, at least 60% of the amount shall be deferred;

(o) the variable remuneration, including the deferred portion, is paid or vests only if it is sustainable according to the financial situation of the management company as a whole, and justified according to the performance of the business unit, the UCITS and the individual concerned. The total variable remuneration shall generally be considerably contracted where subdued or negative financial performance of the management company or of the UCITS concerned occurs, taking into account both current compensation and reductions in payouts of amounts previously earned, including through malus or clawback arrangements;

(p) the pension policy is in line with the business strategy, objectives, values and long-term interests of the management company and the UCITS that it manages. If the employee leaves the management company before retirement, discretionary pension benefits shall be held by the management company for a period of five years in the form of instruments defined
in point (m). In the case of an employee reaching retirement, discretionary pension benefits shall be paid to the employee in the form of instruments defined in point (m), subject to a five-year retention period;

(q) staff are required to undertake not to use personal hedging strategies or remuneration- and liability-related insurance to undermine the risk alignment effects embedded in their remuneration arrangements;

(r) variable remuneration is not paid through vehicles or methods that facilitate the avoidance of the requirements of this Law.

(2) The principles set out in paragraph 1 shall apply to any benefit of any type paid by the management company, to any amount paid directly by the UCITS itself, including performance fees, and to any transfer of units or shares of the UCITS, made for the benefit of those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls into the remuneration bracket of senior management and risk takers, whose professional activities have a material impact on their risk profile or the risk profile of the UCITS that they manage.

(3) Management companies that are significant in terms of their size or of the size of the UCITS that they manage, their internal organisation and the nature, scope and complexity of their activities shall establish a remuneration committee. The remuneration committee shall be constituted in a way that enables it to exercise competent and independent judgment on remuneration policies and practices and the incentives created for managing risk.

The remuneration committee that is, where appropriate, set up in accordance with the European Securities and Markets Authority guidelines referred to in Article 14a(4) of Directive 2009/65/EC shall be responsible for the preparation of decisions regarding remuneration, including those which have implications for the risk and risk management of the management company or the UCITS concerned and which are to be taken by the management body in its supervisory function. The remuneration committee shall be chaired by a member of the management body who does not perform any executive functions in the management company concerned. The members of the remuneration committee shall be members of the management body who do not perform any executive functions in the management company concerned.

In the management companies in which employee representation on the management body is provided for by the Labour Code, the remuneration committee shall include one or more employee representatives. When preparing its decisions, the remuneration committee shall take into account the long-term interest of investors and other stakeholders and the public interest."

Article 112. A management company shall take measures in accordance with Article 53 and establish appropriate procedures and arrangements to ensure that it deals properly with investor complaints and that there are no restrictions on investors exercising their rights in the event that the management company manages a UCITS established in another Member State. Those measures shall allow investors to file complaints in the official language or one of the official languages of their Member State.

The management company shall establish appropriate procedures and arrangements to make information available at the request of the public or the competent authorities of the UCITS home Member State.

The action shall be filed within one month from the date of notification of the challenged decision, or else shall be time-barred.”

(3) The decision of the CSSF withdrawing the name of a UCI referred to in Articles 2 and 87 from the list provided for in Article 130(1), shall, as from the notification thereof to that undertaking and until the decision has become final, ipso jure entail for that undertaking suspension of any payment by the undertaking and prohibition for that undertaking, on pain of nullity, to take any measures other than protective measures, except with the authorisation of the supervisory commissioner. The CSSF shall ipso jure hold the office of supervisory commissioner, unless at its request, the Tribunal d’Arrondissement (District Court) dealing with commercial matters appoints one or more supervisory commissioners. The application, stating the reasons on which it is based and accompanied by supporting documents, shall be lodged for that purpose at the Registry of the Tribunal d’Arrondissement (District Court) in the district within which the undertaking has its registered office.

The Court shall give its ruling within a short period.

If it considers that it has sufficient information, it shall immediately pronounce in open court, without hearing the parties. If it deems it necessary, it shall convene the parties by notification from the Registrar within three days from the lodging of the application. It shall hear the parties in chambers and give its decision in public session.

The written authorisation of the supervisory commissioners is required for all actions and decisions of the undertaking and, failing such authorisation, they shall be void.

The Court shall decide as to the expenses and fees of the supervisory auditors; it may grant them advances.

The judgement provided for in Article 143(1) shall terminate the functions of the supervisory commissioner who shall, within one month after his replacement, submit to the liquidators appointed in such judgement a report on the use of the undertaking’s assets together with the accounts and supporting documents.

If the administrative court amends the withdrawal decision in accordance with paragraph 2 above, the supervisory commissioner shall be deemed to have resigned.

**Article 143.** (1) The Tribunal d’Arrondissement (District Court) dealing with commercial matters shall, at the request of the State Prosecutor, acting on its own initiative or at the request of the CSSF, pronounce the dissolution and order the liquidation of the UCIs referred to in Articles 2 and 87, whose entry on the list provided for in Article 130(1) has finally been refused or withdrawn.

When ordering the liquidation, the Court shall appoint a reporting judge and one or more liquidators. It shall determine the method of liquidation. It may render applicable, as far as it may determine, the rules governing liquidation in bankruptcy. The method of liquidation may be changed by subsequent decision, either at the Court’s own motion or at the request of the liquidator(s).

The Court shall decide as to the expenses and fees of the liquidators; it may grant advances to them. The judgement pronouncing dissolution and ordering liquidation shall be enforceable on a provisional basis.

The judgement ordering liquidation shall terminate all arrests effected at the request of unsecured creditors who are not secured by charges on movable and immovable property.

(4) After payment or deposit of the sums necessary for the discharge of the debts, the liquidators shall distribute to unit-holders the sums or amounts due to them.

(5) The liquidators may convene, at their own initiative, and shall convene at the request of unit-holders representing at least one quarter of the assets of the undertaking, a general meeting of unit-holders for the purpose of deciding whether, instead of an outright liquidation, it would be appropriate to contribute the assets of the undertaking in liquidation to another UCI. That decision shall be taken, provided that the general meeting is composed of a number of unit-holders representing at least one half of the outstanding units or share capital of the undertaking, by a majority of two thirds of the votes of the unit-holders present or represented.

(6) The Court’s decisions pronouncing the dissolution and ordering the liquidation of a UCI shall be published in the “Recueil électronique des sociétés et associations” and in two newspapers with adequate circulation specified by the Court, one of which at least shall be a Luxembourg newspaper. The Liquidator(s) shall arrange for such publications.

(7) If there are no or insufficient assets, as ascertained by the reporting judge, the documents relating to the proceedings shall be exempt from any registry and registration duties and the expenses and fees of the liquidators shall be borne by the Treasury and paid as judicial costs.

(8) The liquidators shall be responsible both towards third parties and to the UCI for the discharge of their duties and for any faults committed in the conduct of their activities.

After receipt of the supervisory auditors’ report, a ruling shall be given on the management of the liquidators and the closure of the liquidation.

(a) specific procedures for the receipt of reports on infringements and their follow-up;
(b) appropriate protection for employees of UCIs, management companies, depositaries as well as any undertaking contributing towards the business activity of the UCI subject to the supervision of the CSSF, who report infringements committed within those entities, at least against retaliation, discrimination and other types of unfair treatment;
(c) protection of personal data concerning both the person who reports the infringements and the natural person who is allegedly responsible for an infringement, in accordance with the Law of 2 August 2002 on the protection of persons with regard to the processing of personal data, as amended;
(d) clear rules that ensure that confidentiality is guaranteed in all cases in relation to the person who reports an infringement, unless disclosure is required in the context of further investigations or subsequent judicial proceedings.

The reporting by employees of UCIs, management companies, depositaries as well as any undertaking contributing towards the business activity of the UCI subject to the supervision of the CSSF referred to in paragraph 1 shall not be considered to be an infringement of any restriction on disclosure of information imposed by contract or by any law, regulation or administrative provision, and shall not subject the person reporting to liability of any kind relating to such reporting.

(4) UCIs, management companies, depositaries as well as any undertaking contributing towards the business activity of the UCI subject to the supervision of the CSSF shall have in place appropriate procedures for their employees to report infringements of the provisions of this Law internally through a specific, independent and autonomous channel.”

127 Law of 10 May 2016
Chapter 21 – Obligations concerning information to be supplied to investors

A. Publication of a prospectus and periodical reports

Article 150. (1) The investment company and the management company, for each of the common funds it manages, shall publish:

- a prospectus,
- an annual report for each financial year, and
- a half-yearly report covering the first six months of the financial year.

(2) The annual and half-yearly reports shall be published within the following time limits, with effect from the end of the periods to which they relate:

- four months in the case of the annual report,
- two months in the case of the half-yearly report.

“However, for undertakings for collective investment subject to Part II, the time limit of four months for the publication of the annual report referred to in the first indent is extended to six months, and the time limit of two months for the publication of the half-yearly report referred to in the second indent is extended to three months.”128

(3) The obligation to publish a prospectus within the meaning of this Law shall not apply to undertakings for collective investment of the closed-end type.

Article 151. (1) The prospectus shall include the information necessary for investors to be able to make an informed judgement of the investment proposed to them, and, in particular, of the risks attached thereto. The prospectus shall include, independent of the instruments invested in, a clear and easily understandable description of the fund’s risk profile.

(Law of 10 May 2016)

“For UCITS subject to Part I, the prospectus shall also include either:

(a) the details of the up-to-date remuneration policy, including, but not limited to, a description of how remuneration and benefits are calculated, the identities of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists; or

(b) a summary of the remuneration policy and a statement to the effect that the details of the up-to-date remuneration policy, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, where such a committee exists, are available by means of a website – including a reference to that website – and that a paper copy will be made available free of charge upon request.”

(2) The prospectus shall contain at least the information provided for in Schedule A of Annex I of this Law in so far as such information does not already appear in the management regulations or instruments of incorporation annexed to the prospectus in accordance with Article 152(1).

(3) The annual report shall include a balance sheet or a statement of assets and liabilities, a detailed income and expenditure account for the financial year, a report on the activities of the past financial year and the other information provided for in Schedule B of Annex I of this Law, as well as any significant information which will enable investors to make an informed judgement on the development of the activities and the results of the UCI.

(Law of 10 May 2016)

“For UCITS subject to Part I, the annual report shall also include:

(a) the total amount of remuneration for the financial year, split into fixed and variable remuneration paid by the management company and by the investment company to its staff, and the number of beneficiaries, and where relevant, any amount paid directly by the UCITS itself, including any performance fee;

(b) the aggregate amount of remuneration broken down by categories of employees or other members of staff as referred to in Article 111a(3);

(c) a description of how the remuneration and the benefits have been calculated;

(d) the outcome of the reviews referred to in points (c) and (d) of Article 111b(1) including any irregularities that have occurred;

(e) material changes to the adopted remuneration policy.”

128 Law of 12 July 2013
(4) The half-yearly report shall include at least the information provided for in Chapters I to IV of Schedule B of Annex I of this Law. Where a UCI has paid or proposes to pay an interim dividend, the figures shall indicate the results after tax for the half-year concerned and the interim dividend paid or proposed.

(5) The Schedules as provided for by paragraphs 2, 3 and 4 may be differentiated by the CSSF for UCIs subject to Articles 87 and 100, depending on whether or not these UCIs display certain characteristics or fulfil certain conditions.

Article 152. (1) The management regulations or the instruments of incorporation of the investment company shall form an integral part of the prospectus and shall be annexed thereto.

(2) The documents referred to in paragraph 1 need not, however, be annexed to the prospectus provided that the unit-holder is informed that, on request, he will either be sent those documents or be apprised of the place where, in each Member State the units are marketed, he may consult them.

Article 153. The essential elements of the prospectus shall be kept up to date.

Article 154. (1) Luxembourg UCIs shall have the accounting information given in their annual report audited by a réviseur d’entreprises agréé (approved statutory auditor).

The report of the réviseur d’entreprises agréé (approved statutory auditor) and, as the case may be, its qualifications are set out in full in each annual report.

The réviseur d’entreprises agréé (approved statutory auditor) shall prove it has appropriate professional experience.

(2) The réviseur d’entreprises agréé (approved statutory auditor) shall be appointed and remunerated by the UCI.

(3) The réviseur d’entreprises agréé (approved statutory auditor) shall report promptly to the CSSF any fact or decision of which he has become aware while carrying out the audit of the accounting information contained in the annual report of a UCI or any other legal task concerning a UCI, where such a fact or decision is likely to:

- constitute a substantial breach of this Law or the regulations adopted for its execution; or
- affect the continuous functioning of the UCI or of an undertaking contributing towards its business activity; or
- lead to a refusal to certify the accounts or to the expression of qualifications thereon.

The réviseur d’entreprises agréé (approved statutory auditor) likewise has a duty to promptly report to the CSSF, in the accomplishment of its duties referred to in the preceding subparagraph in respect of a UCI, any fact or decisions concerning the UCI and meeting the criteria referred to in the preceding subparagraph of which he has become aware while carrying out the audit of the accounting information contained in their annual report or of another legal task in relation to another undertaking having close links resulting from a control relationship with the UCI or having close links with an undertaking involved in its business activity.

If, in the discharge of his duties, the réviseur d’entreprises agréé (approved statutory auditor) ascertains that the information provided to investors or to the CSSF in the reports or other documents of the UCI does not truly describe the financial situation and the assets and liabilities of the UCI, he shall be obliged to inform the CSSF forthwith.

The réviseur d’entreprises agréé (approved statutory auditor) shall moreover be obliged to provide the CSSF with all information or certificates required by the latter on any matters of which the réviseur d’entreprises agréé (approved statutory auditor) has or ought to have knowledge in connection with the discharge of his duties. The same applies if the réviseur d’entreprises agréé (approved statutory auditor) ascertains that the assets of the UCI are not or have not been invested in accordance with the provisions of this Law or of the prospectus.

The disclosure in good faith to the CSSF by the réviseur d’entreprises agréé (approved statutory auditor) of any fact or decision referred to in this paragraph shall not constitute a breach of professional secrecy or of any restriction on disclosure of information imposed contractually and shall not result in liability of any kind of the réviseur d’entreprises agréé (approved statutory auditor).

(Law of 21 December 2012)

“Every Luxembourg UCI subject to the supervision of the CSSF which shall have its accounts audited by a réviseur d’entreprises agréé (approved statutory auditor) shall spontaneously communicate to the CSSF the reports and written comments issued by the réviseur d’entreprises agréé (approved statutory auditor) in the framework of its audit of the annual accounting documents.

The CSSF may set rules regarding the scope of the mandate for the audit of annual accounting documents and the content of the reports and written comments of the réviseur d’entreprises agréé (approved statutory auditor), as referred to in the previous subparagraph, without prejudice to the legal provisions governing the content of the statutory auditor’s report.”
The CSSF may regulate the scope of the mandate of the réviseur d’entreprises agréé (approved statutory auditor) and the contents of the audit report on the annual accounts.

The CSSF may request a réviseur d’entreprises agréé (approved statutory auditor) to perform an audit on one or several particular aspects of the activities and operations of a UCI. This audit is performed at the expense of the UCI concerned.

(4) The CSSF shall refuse or withdraw the entry on the list of UCIs whose réviseur d’entreprises agréé (approved statutory auditor) does not satisfy the conditions or does not discharge the obligations prescribed in this Article.

(5) The institution of the supervisory auditors provided for by Articles 61, 109, 114 and 200 of the Law of 10 August 1915 on commercial companies, as amended, is not applicable to Luxembourg investment companies. The directors or the management board, as the case may be, are solely competent in all cases where the Law of 10 August 1915 on commercial companies, as amended, provides for the joint action of the supervisory auditors and the directors or the management board, as the case may be, or managers together.

The institution of supervisory auditors provided for by Article 151 of the Law of 10 August 1915 on commercial companies, as amended, is not applicable to Luxembourg investment companies. Upon completion of the liquidation, a report on the liquidation shall be drawn up by the réviseur d’entreprises agréé (approved statutory auditor). This report shall be tabled at the general meeting at which the liquidators report on the application of the corporate assets and submit the accounts and supporting documents. The same meeting shall resolve on the approval of the accounts of the liquidation, the discharge and the closure of the liquidation.

(Law of 12 July 2013)

“The obligation to draw up a report on the liquidation as referred to in the preceding subparagraph is also applicable to UCIs having the legal form of a common fund. The decision to put the common fund into liquidation and the decision relating to the closure of the liquidation shall be deposited with the trade and companies register and their publication in the Mémorial is made by way of a notice advising of the deposit of these decisions with the trade and companies register in accordance with the provisions of the Law of 10 August 1915 on commercial companies, as amended.”

(6) The accounting information included in the annual reports of foreign UCIs as referred to in Article 100 shall be audited by an independent expert providing all guarantees of good repute and professional skill.

Paragraphs 2, 3 and 4 are applicable to the case referred to in this paragraph.

Article 155. (1) UCIs shall send their prospectuses and any amendments thereto, as well as their annual and half-yearly reports, to the CSSF. UCIs shall, on request, provide these documents to the competent authorities of the management company's home Member State.

(2) The CSSF may publish or cause the publication of the aforesaid documents by any such means as it shall consider adequate.

Article 156. (1) The prospectus and the latest published annual and half-yearly reports shall be provided to investors on request and free of charge.

(2) The prospectus may be provided in a durable medium or by means of a website. A paper copy shall, in any case, be delivered to investors on request and free of charge.

(3) The annual and half-yearly reports shall be available to investors in the manner specified in the prospectus as well as in the key investor information referred to in Article 159 in respect of UCITS. A paper copy of the annual and half-yearly reports shall, in any case, be delivered to investors on request and free of charge.

B. - Publication of other information

Article 157. (1) The UCITS referred to in Article 2 shall make public the issue, sale and repurchase price of their units each time they issue, sell and repurchase their units, and at least twice a month. The CSSF may, however, permit a UCITS to reduce this frequency to once a month, on condition that such derogation does not prejudice the interests of unit-holders.

(2) The UCIs referred to in Article 87 shall make public the issue, sale and repurchase price of their units each time they issue, sell and repurchase their units, and at least once a month. The CSSF may, however, grant derogations therefrom upon a duly justified application.

Article 158. All marketing communications to investors shall be clearly identifiable as such. They shall be fair, clear and not misleading. In particular, any marketing communication comprising an invitation to purchase units of UCIs that contains specific information about UCIs shall make no statement that contradicts or diminishes the significance of the information contained in the prospectus and, for UCITS, the key investor information referred to in Article 159. It shall indicate that a prospectus exists and, for UCITS, that the key investor information referred to in Article 159 is available. It shall specify where and in which language such information and documents may be obtained by investors or potential investors or how they may obtain access to them.
C. – Key investor information to be established by UCITS

**Article 159.** (1) Investment companies and management companies, for each of the common funds they manage, shall draw up a short document containing key information for investors. That document shall be referred to as “key investor information” in this Law.

Where the UCITS is established in Luxembourg or markets its units in Luxembourg pursuant to Chapter 7, the words “key investor information” shall be clearly stated in that document, in Luxembourgish, French, German or English.

(2) Key investor information shall include appropriate information about the essential characteristics of the UCITS concerned, which is to be provided to investors so that they are reasonably able to understand the nature and the risks of the investment product that is being offered to them and, consequently, to take investment decisions on an informed basis.

(3) Key investor information shall provide information on the following essential elements in respect of the UCITS concerned:

(a) identification of the UCITS “and the indication that the CSSF is the competent authority for the supervision of the UCITS pursuant to this Law”;  
(b) a short description of its investment objectives and investment policy;  
(c) past performance presentation or, where relevant, performance scenarios;  
(d) costs and associated charges; and  
(e) risk/reward profile of the investment, including appropriate guidance and warnings in relation to the risks associated with investments in the relevant UCITS.

Those essential elements shall be comprehensible to the investor without any reference to other documents.

(4) Key investor information shall clearly specify where and how to obtain additional information relating to the proposed investment, including but not limited to where and how the prospectus and the annual and half-yearly reports can be obtained on request and free of charge, at any time, and the language in which such information is available to investors.

**(Law of 10 May 2016)**

“Key investor information shall also include a statement to the effect that the details of the up-to-date remuneration policy, including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee, where such a committee exists, are available by means of a website – including a reference to that website – and that a paper copy will be made available free of charge upon request.”

(5) Key investor information shall be written in a concise manner and in non-technical language. It shall be drawn up in a common format, allowing for comparison, and shall be presented in a way that is likely to be understood by retail investors.

(6) Key investor information shall be used without alterations or supplements, except translation, in all Member States where the UCITS is notified to market its units in accordance with Article 54.

**Article 160.** (1) Key investor information shall constitute pre-contractual information. It shall be fair, clear and not misleading. It shall be consistent with the relevant parts of the prospectus.

(2) No person shall incur civil liability solely on the basis of the “key investor information”, including any translation thereof, unless it is misleading, inaccurate or inconsistent with the relevant parts of the prospectus. “Key investor information shall contain a clear warning that no person shall incur civil liability solely on the basis of the key investor information, including any translation thereof, unless it is misleading, inaccurate or inconsistent with the relevant parts of the prospectus.”

**Article 161.** (1) Investment companies and management companies, for each of the common funds they manage, which sell UCITS directly or through another natural or legal person who acts on their behalf and under their full and unconditional responsibility shall provide investors with key investor information on those UCITS in good time before their proposed subscription of units in those UCITS. “Key investor information does not necessarily need to be provided to investors in a State other than a Member State, unless the competent authorities of this State require that this information is provided to investors.

A UCI, other than a UCITS, is authorised to draw up a document containing key investor information, within the meaning of this Law. In that case, the document in question shall contain a clear statement that the UCI which draws up the key investor information is not a UCITS subject to Directive 2009/65/EC.”

The UCIs referred to in Chapter 7 and in Article 100 may use the designation they bear according to their national law. However, should this be misleading, these undertakings shall accompany the designation they use with adequate particulars.

(2) The *Tribunal d'Arrondissement* (District Court) dealing with commercial matters of the place where the UCI is situated or of the place where the designation has been used, may, at the request of the State Prosecutor’s office, issue an injunction prohibiting anyone from using the designation as defined in paragraph 1, if the conditions provided for by this Law are not or no longer met.

**Chapter 23 – Tax provisions**

**Article 172.** The tax provisions of this Law apply to UCIs which are subject to this Law as well as UCIs which are subject to the Law of 20 December 2002 on undertakings for collective investment, as amended.

**Article 173.** (1) Without prejudice to the collection of registration fees and transcription and implementation of national legislation on value added tax, there is no other tax payable by UCIs located or established in Luxembourg within the meaning of this Law, apart from the subscription tax mentioned below in Articles 174 to 176.

(2) The amounts distributed by such undertakings shall not be subject to withholdings and are not taxable if received by non-residents.

**Article 174.** (1) The rate of the annual subscription tax payable by the undertakings referred to in this Law shall be 0.05%.

Chapter 24 – Special provisions in relation to the legal form

Article 180.  
(1) Investment companies entered in the list provided for by Article 130(1) may be converted into SICAVs and their articles of incorporation may be harmonised with the provisions of Chapter 3 or, as the case may be, Chapter 12 by resolution of a general meeting passed with a majority of two thirds of the votes of the unit-holders present or represented regardless of the portion of the capital represented.
(2) The common funds referred to in Chapter 2 or, as the case may be, in Chapter 11 may, under the same conditions as those laid down in paragraph 1 above, convert themselves into a SICAV governed by Chapter 3 or, as the case may be, Chapter 12.

**Article 181.** (1) UCIs may be comprised of multiple compartments, each compartment corresponding to a distinct part of the assets and liabilities of the UCI.

(2) The management regulations or the instruments of incorporation of the UCI shall expressly provide for that possibility and the applicable operational rules. The prospectus shall describe the specific investment policy of each compartment.

(3) The units of UCIs with multiple compartments may be of different value with or without indication of a par value depending on the legal form which has been chosen.

(4) Common funds with multiple compartments may, by separate management regulations, determine the characteristics of and rules applicable to each compartment.

(5) The rights of unit-holders and of creditors concerning a compartment or which have arisen in connection with the creation, operation or liquidation of a compartment are limited to the assets of that compartment, unless a clause included in the management regulations or instruments of incorporation provides otherwise.

The assets of a compartment are exclusively available to satisfy the rights of investors in relation to that compartment and the rights of those creditors whose claims have arisen in connection with the creation, the operation or the liquidation of that compartment, unless a clause included in the management regulations or instruments of incorporation provides otherwise.

For the purpose of the relations between unit-holders, each compartment will be deemed to be a separate entity, unless a clause included in the management regulations or instruments of incorporation provides otherwise.

(6) Each compartment of a UCI may be liquidated separately without that separate liquidation resulting in the liquidation of another compartment. Only the liquidation of the last remaining compartment of the UCI will result in the liquidation of the UCI as referred to in Article 145(1). In this case, where the UCI is in corporate form as from the event giving rise to the liquidation of the UCI, and under penalty of nullity, the issue of shares shall be prohibited except for the purposes of liquidation.

(7) The authorisation of a compartment of a UCI, as referred to in Articles 2 and 87, is subject to the condition that all provisions of the laws, regulations or agreements relating to its organisation and operation are complied with. The withdrawal of authorisation of the compartment does not give rise to the withdrawal of the UCI from the list provided for in Article 130(1).

(8) A compartment of a UCI may, subject to the conditions provided for in the management regulations or the instruments of incorporation as well as in the prospectus, subscribe, acquire and/or hold securities to be issued or issued by one or more other compartments of the same UCI without that UCI being subject to the requirements of the Law of 10 August 1915 on commercial companies, as amended, when it is constituted in corporate form, with respect to the subscription, acquisition and/or the holding by a company of its own shares, under the condition, however, that:

- the target compartment does not, in turn, invest in the compartment invested in this target compartment; and
- no more than 10% of the assets of the target compartments whose acquisition is contemplated may be invested pursuant to their management regulations or their instruments of incorporation in units of other compartments of the same UCIs; and
- voting rights, if any, attaching to the relevant securities are suspended for as long as they are held by the compartment concerned and without prejudice to the appropriate processing in the accounts and the periodic reports; and
- in any event, for as long as these securities are held by the UCI, their value will not be taken into consideration for the calculation of the net assets of the UCI for the purposes of verifying the minimum threshold of the net assets imposed by this Law"."**134**
