Circular CSSF-CPDI 22/32

Re : Survey on the amount of covered deposits held on 31 December 2022

Luxembourg, 14 December 2022

**To the members of the *Fonds
de garantie des dépôts*
Luxembourg**

Ladies and Gentlemen,

1. The aim of this circular is to carry out the regular survey on deposits, and more particularly on covered deposits, as held by credit institutions incorporated under Luxembourg law, the POST Luxembourg for its provision of postal financial services, and Luxembourg branches of credit institutions having their head office in a third country (hereinafter referred to as "institutions") as at **31 December 2022**.

This circular also introduces the clarification that accounts denominated in units of **precious metals**, such as gold (XAU) or silver (XAG), as well as accounts denominated in **virtual currencies**, such as Bitcoin or Ether, are excluded from the scope of the deposit guarantee. Hence such accounts shall not be reported under this data collection.

The collected data shall enable the Conseil de protection des déposants et des investisseurs (hereinafter, "CPDI") to determine the contributions referred to in Article 179 of the law of 18 December 2015 on the failure of credit institutions and certain investment firms, as amended (hereinafter, the "2015 Law") that become necessary for the FGDL to maintain its target level in 2023. The data also serves to calculate the contributions in 2023 to the buffer of additional financial means referred to in Article 180 of the 2015 Law. The calculation of the annual contributions collected by the FGDL will be made pursuant to circular CSSF-CPDI 20/21.

2. Pursuant to Article 16, paragraph 1, of the Commission delegated regulation (EU) 2015/63 of 21 October 2014 supplementing Directive 2014/59/EU, the average amount of covered deposits calculated quarterly will be transmitted to the Single Resolution Board by 27 January 2023 and will be used to determine the Single Resolution Fund's annual target level.

3. A definition of "covered deposits" and "eligible deposits" can be found in Article 163 of the 2015 Law. The provisions of Circular CSSF-CPDI 16/02 shall be taken into account, in particular with regard to the exclusions of structures assimilated to financial institutions, as well as the treatment of omnibus accounts. We remind you that persons who are absolutely entitled shall be covered by the guarantee provided that they have been identified or are identifiable before the guarantee is triggered.

Persons are deemed identifiable if the holder of the account has informed the FGDL member institution who holds the deposits, that he acts on behalf of third parties, that he has communicated the number of persons who are absolutely entitled and the amount owed to each of them and that he is able to provide the institution who holds the deposits or the CPDI with the identity of the persons who are absolutely entitled, upon request of the CPDI in case of the institution's failure. We also remind you that the breakdown into natural and legal persons of omnibus accounts, accounts of fiduciaries, third-party accounts, sub-accounts, segregated accounts or other types of accounts whose holder is not absolutely entitled to the sums in the account, shall be made according to the legal status of the holder of such accounts.

As mentioned above, neither accounts denominated in units of precious metals, such as gold (XAU) or silver (XAG), nor accounts denominated in virtual currencies, such as Bitcoin or Ether, constitute eligible deposits for the purpose of the FGDL guarantee.

4. In order to enable the FGDL to fulfil its cooperation duties within the European Union as set out under Article 183, paragraph 2, of the 2015 Law and in line with the European Banking Authority ("EBA") Guidelines on cooperation between deposit guarantee schemes under Directive 2014/49/EU, FGDL members are requested to provide the data:

- i. at the level of their legal entity, which means that branches located in other Member States¹ shall be consolidated, as well as;
- ii. for each branch located in another Member State¹ separately,

by **19 January 2023** at the very latest. The data to be established under (i) and (ii) shall be reported with utmost care.

5. In order to transmit the data, institutions are kindly requested to complete the table attached to this circular, which is also available on the [CSSF's website](#).

¹ The term "Member States" includes States that are contracting parties to the European Economic Area Agreement in accordance with Article 153(2) of the amended law of 18 December 2015 on the failure of credit institutions and certain investment firms. We further remind FGDL members that deposits held at branches located in the United Kingdom must not be reported as FGDL coverage of guaranteed deposits has ceased to apply as from 1 January 2021.

It is absolutely necessary to respect the integrity of the file, i.e. not to modify the structure of the table and to input information and data in yellow fields exclusively. The filename of the completed document shall comply with the file naming convention for special enquiries, as defined by Circular CSSF 08/344. The string "xxxx" shall be replaced by the 4 digits identification number of the institution and the string "yyyy" and "mm" shall be replaced by "2022" and "12", respectively.

The completed document shall be transmitted via one of the secured channels (E-File or SOFiE). The relevant document must be in ".xlsx" format. Any other format will not be accepted. Please take note, that the document shall be completed in any cases. If you consider that there is no amount to be reported, the transmission to the CSSF remains nevertheless mandatory and value "0" (= zero) must be indicated in the corresponding table. Detailed instructions are provided for each table field in Annex 2. Documents which include error messages will be considered as void.

6. In case of errors or omissions in the transmitted data, institutions shall contact Laurent Goergen (laurent.goergen@cssf.lu) and Marc-Antoine Bonamour (marc-antoine.bonamour@cssf.lu) as soon as the errors and omissions have been noticed by the institution in question.

7. Given the importance of this survey, a member of the authorised management, in this case the member in charge of the membership of the FGDL in accordance with section C of Circular CSSF 13/555, must review and approve the document prior to its transmission to the CSSF.

For any questions regarding this circular, please contact Mr Marc-Antoine Bonamour (marc-antoine.bonamour@cssf.lu).

Yours faithfully,

Commission de Surveillance du Secteur Financier
Conseil de protection des déposants et des investisseurs

The number of claims shall be reported in units. Deposits held in another currency than euro shall be converted to euro using the European Central Bank’s exchange rate, as published in the Official Journal of the European Union, applicable at the end of the quarter in question. • Accounts denominated in units of precious metals, such as gold (XAU) or silver (XAG), do not constitute eligible deposits and are thus excluded from the scope of the deposit guarantee. Accounts denominated in virtual currencies, such as Bitcoin or Ether, are likewise excluded from the scope. To this end, they should not be reported in the deposit data collection survey. • All fields in the table have predefined values that shall be modified in a consistent manner. In case a field is not applicable or its value is zero, please keep the value 0. • For the definition of the term “deposit” and the identification of liabilities to be taken in to account for the guarantee, we refer to Article 163, point 6, of the Law of 2015. • In general terms, depositors that are natural persons should be reported as such. All types of depositors that are not natural persons including legal persons in the sense of the law, companies that are constituted by a deed of incorporation with or without a legal personality such as trusts or foundations, joint ownerships, non-commercial entities or groups of persons with or without legal personality as referred to by Article 173(2) of the Law of 2015 should be considered as legal persons for the purposes of this survey.

		<ul style="list-style-type: none"> • Accounts whose holders are different from the persons that are absolutely entitled to the funds, such as omnibus accounts, accounts opened by fiduciaries or trusts, third-party accounts, sub-accounts, segregated accounts are collectively referred to as “omnibus accounts” for the purpose of this survey. Accounts held on behalf of third parties by account holders that fall within the scope of the Law of 27 July 2003 concerning trust and fiduciary contracts are assimilated to omnibus accounts for the purpose of the survey. • Whether an omnibus account must be reported in the field natural person or legal person depends on the legal status of the holder of the account without regard to the legal status of the persons absolutely entitled. • For the purpose of this survey, and by way of derogation from Article 175 of the Law of 2015, no set-off between credit and debit balances shall be made. Only credit balances shall be taken into account. Depositors having a debit account (negative) and no credit account (positive) shall not be taken into account for determining the number of claims in fields 230 to 250. • The provisions of Circular CSSF-CPDI 16/02 shall be taken into account, in particular with regard to the exclusions of some structures such as Soparfis or certain foundations, as well as the treatment of omnibus accounts. • For this specific survey, temporary high balances, as referred to in Article 171(2) of the Law of 2015, shall be treated as normal deposits with a limited guaranteed amount of EUR 100,000.
