"(2) The articles of incorporation of a SICAV and any amendment to them shall be recorded in a special notarial deed drawn up in French, German or English as the appearers choose. By way of derogation from the provisions of the decree of 24 Prairial, year XI, where the notarial deed is drawn up in English, the requirement to append a translation in one of the official languages when it is registered is not applicable.

(3) By way of derogation from Article 73, sub-paragraph 2 of the law of 10 August 1915 on commercial companies, as amended, SICAVs are not required to transmit the annual accounts, the report of the *réviseur d'entreprises agréé* (approved statutory auditor), the management report and, if applicable, the observations of the supervisory board to the registered unitholders at the same time as the convening notice for the annual general meeting. The convening notice indicates the place and the way in which these documents are made available to the unitholders and specifies that every unitholder may request that the annual accounts, the report of the *réviseur d'entreprises agréé* (approved statutory auditor), the management report and, if applicable, the observations of the supervisory board be sent to him.

(4) The convening notices for the general meetings of the unitholders may set out that the quorum and the majority at the general meeting be determined according to the units issued and outstanding at midnight on the fifth day prior to the general meeting (Luxembourg time) (referred to as "Record Date"). The rights of a unitholder to participate in a general meeting and to exercise the voting right attached to his units are determined according to the units held by this unitholder at the Record Date."

Art. 27 (1) The minimum capital of a SICAV which has not designated a management company may not be less than three hundred thousand euro (300,000 euro) at the time of authorisation. The capital of any SICAV including SICAVs which have designated a management company must reach one million two hundred fifty thousand euro (1,250,000 euro) within a period of 6 months following the authorisation of the SICAV. A grand-ducal regulation may raise each such minimum

amount up to a respective maximum of six hundred thousand euro (600,000 euro) and two million five hundred thousand euro (2,500,000 euro).

In addition, where a SICAV has not designated a management company authorised pursuant to Directive 85/611/EEC:

- the application for authorisation must be accompanied by a program of activity setting out, *inter alia*, the organisational structure of the SICAV;
- the directors of the SICAV shall be of sufficiently good repute and be sufficiently experienced in relation to the type of business carried out by such company. To that end the identity of the directors and of every person succeeding them in office must be communicated forthwith to the CSSF. The conduct of a SICAV's business must be decided by at least two persons meeting such conditions. "Directors" shall mean those persons who, under law or the constitutional documents represent the SICAV or who effectively determine the policy of the company;
- moreover, where close links exist between the SICAV and other natural or legal persons, the CSSF shall grant authorisation only if such links do not prevent the effective exercise of its supervisory functions.

The CSSF shall also refuse authorisation if the laws, regulations or administrative provisions of a non-member country governing one or more natural or legal persons with which the SICAV has close links, or difficulties involved in their enforcement, prevent the effective exercise of its supervisory functions.

SICAVs shall communicate to the CSSF the information it requires.

The applicant shall be informed, within six months of the submission of a complete application, whether or not authorisation has been granted. Reasons shall be given whenever an authorisation is refused.

A SICAV may start business as soon as authorisation has been granted.

The CSSF may withdraw the authorisation issued to a SICAV subject to this Part of the Law only where that company:

- (a) does not make use of the authorisation within twelve months, expressly renounces the authorisation or has ceased the activity covered by this Law for more than six months;
- (b) has obtained the authorisation by making false statements or by any other irregular means;
- (c) no longer fulfils the conditions under which authorisation was granted;
- (d) has seriously and/or systematically infringed the provisions of this Law or of regulations adopted pursuant thereto; or
- (e) falls within any of the cases where this Law provides for withdrawal.

(2) Articles 85 and 86 of Chapter 13 shall apply to SICAVs that have not designated a management company authorised pursuant to Directive 85/611/EEC, provided that the words "management company" shall be construed as "SICAV".

SICAVs may only manage assets of their own portfolio and may not, under any circumstances, receive any mandate to manage assets on behalf of a third party.

(3) SICAVs that have not designated a management company authorised pursuant to Directive 85/611/EEC shall at all times observe applicable prudential rules.

In particular, the CSSF, having regard also to the nature of the SICAV, shall require that the company has sound administrative and accounting procedures, control and safeguard arrangements for electronic data processing and adequate internal control mechanisms including, in particular, rules for personal transactions by its employees or for the holding or management of investments in financial instruments in order to invest its initial capital and ensuring, *inter alia*, that each transaction involving the company may be reconstructed according to its origin, the parties concerned, its nature, and the time when and the place at which it was effected and that the assets of the SICAV are invested according to the constitutional documents and the legal provisions in force.

- Art. 28** (1) a) Subject to any contrary provisions of its articles of incorporation, a SICAV may issue its shares at any time;
- b) A SICAV must redeem its shares at the request of the shareholder without prejudice to paragraphs (5) and (6) of this Article.
- (2) a) The shares shall be issued at a price arrived at by dividing the net asset value of the SICAV by the number of shares outstanding; such price may be increased by expenses and commissions, the maximum amounts and procedures for collection of which may be determined by a grand-ducal regulation for which an opinion from the CSSF shall be sought;
- b) The shares shall be redeemed at a price arrived at by dividing the net asset value of the SICAV by the number of shares outstanding; such price may be decreased by expenses and commissions, the maximum amounts and procedures for collection of which may be determined by a grand-ducal regulation for which an opinion from the CSSF shall be sought.

(3) Shares of a SICAV may not be issued unless the equivalent of the net issue price is paid into the assets of the SICAV within the customary time limits. This provision shall not preclude the distribution of bonus shares.

(4) The articles of incorporation shall determine the time limits for payments in respect of issues and redemptions and shall specify the principles and methods of valuation of the assets of the SICAV. Unless otherwise provided for in the articles of incorporation, the valuation of the assets of the SICAV shall be based, in the case of officially listed securities, on the last known stock exchange quotation, unless such quotation is not representative. For securities not so listed and for securities which are so listed but for which the latest quotation is not representative, the valuation shall be based on the probable realisation value which must be estimated with care and in good faith.

(5) By way of derogation from paragraph (1), the articles of incorporation shall specify the conditions in which issues and redemptions may be suspended, without prejudice to legal causes. In the event of suspension of issues or redemptions, the SICAV must without delay inform the CSSF and, if it markets its shares in other Member States of the European Union, the competent authorities of such States.

Where the interest of the shareholders so requires, redemptions may be suspended by the CSSF if the provisions of laws, regulations or the articles of incorporation concerning the activity and operation of the SICAV are not observed.

(6) The articles of incorporation shall determine the frequency of the calculation of the issue and redemption price.

(7) The articles of incorporation shall describe the nature of the expenses to be borne by the SICAV.

(8) The shares must be fully paid. They shall have no par value.

(9) A share shall specify the minimum amount of capital and shall give no indication regarding its par value or the portion of the capital which it represents.

(10) The purchase and sale of assets must be effected at prices conforming to the valuation criteria of paragraph (4).

Art. 29 (1) Variations in the capital shall be effected *ipso jure* and without compliance with measures regarding publication and entry in the commercial and company register prescribed for increases and decreases of capital of public limited companies.

(2) Repayments to shareholders following a reduction of capital shall not be subject to any restriction other than the one provided for by Article 32, paragraph (1).

(3) In the case of issue of new shares, pre-emptive rights may not be claimed by existing shareholders unless the articles of incorporation provide for such a right by express provision.

Art. 30 (*Law of 25 August 2006*) “(1) If the capital of the SICAV falls below two thirds of the minimum capital, the directors or the management organ, as the case may be, must submit the question of the dissolution of the SICAV to a general meeting for which no quorum shall be prescribed and which shall decide by a simple majority of the shares represented at the meeting.

(2) If the capital of the SICAV falls below one fourth of the minimum capital, the directors or the management organ, as the case may be, must submit the question of the dissolution of the SICAV to a general meeting for which no quorum shall be prescribed; dissolution may be resolved by shareholders holding one fourth of the shares at the meeting.”

(3) The meeting must be convened so that it is held within a period of forty days as from the ascertainment that the net assets have fallen below two thirds or one fourth of the minimum capital, as the case may be.

Art. 31 The creation of participating shares or similar securities, regardless of the name given to them, shall be permitted only in accordance with the conditions and procedures to be laid down by grand-ducal regulation.

Art. 32 (1) Unless otherwise provided for in the articles of incorporation, the net assets of the SICAV may be distributed subject to the limits set out in Article 27 of this Law.

(2) SICAVs shall not be obliged to create a legal reserve.

(3) SICAVs are not subject to the provisions in respect of payment of interim dividends as set out in Article 72-2 of the Law of 10th August, 1915 concerning commercial companies, as amended.

(*Law of 25 August 2006*) “Art. 33 For companies to which this Chapter applies, the words “public limited company” (*société anonyme*) or “European company (SE)” shall be replaced by the words “investment company with variable capital” (*société*

d'investissement à capital variable) or the letters "SICAV", or by the words "European investment company with variable capital" (*société européenne d'investissement à capital variable*) or "SICAV-SE".

Art. 34 (1) The custody of the assets of a SICAV must be entrusted to a depositary.

(2) The depositary's liability shall not be affected by the fact that it has entrusted all or some of the assets in its custody to a third party.

(3) The depositary must moreover:

- a) ensure that the sale, issue, redemption and cancellation of shares effected by or on behalf of the SICAV are carried out in accordance with the law or the articles of incorporation of the SICAV;
- b) ensure that in transactions involving the assets of the SICAV, the consideration is remitted to it within the customary time limits;
- c) ensure that the income of the SICAV is applied in accordance with its articles of incorporation.

Art. 35 (1) The depositary must either have its registered office in Luxembourg or be established in Luxembourg if its registered office is in another Member State of the European Union.

(2) The depositary must be a credit institution within the meaning of the Law of 5th April, 1993 concerning the financial sector, as amended.

(3) The directors of the depositary must be of sufficiently good repute and be sufficiently experienced, also in relation to the UCITS concerned. To that end, the identity of the directors and of every person succeeding them in office must be communicated forthwith to the CSSF.

"Directors" shall mean those persons, who under law or the constitutional documents represent the depositary or effectively determine the conduct of its activity.

Art. 36 The depositary shall, be liable in accordance with Luxembourg Law to the shareholders for any loss suffered by them as a result of its wrongful failure to perform its obligations or its wrongful improper performance thereof.

Art. 37 The duties of the depositary regarding the SICAV shall respectively cease:

- a) in the case of voluntary withdrawal of the depositary or of its removal by the SICAV; until it is replaced, which must happen within two months, the depositary must take all necessary steps for the good preservation of the interests of the shareholders;
- b) where the SICAV or the depositary has been declared bankrupt, has entered into a composition with creditors, has obtained a suspension of payment, has been put under court controlled management or has been the subject of a similar proceedings or has been put into liquidation;
- c) where the CSSF withdraws its authorisation of the SICAV or the depositary;
- d) in all other cases provided for in the articles of incorporation.

Art. 38 In carrying out its role as depositary, the depositary must act solely in the interest of the shareholders.

Chapter 4. – Other investment companies in transferable securities

Art. 39 For the purposes of this Part I, other investment companies shall be taken to mean companies other than SICAVs and

(2) However:

- a) a UCITS may invest no more than 10% of its assets in transferable securities and money market instruments other than those referred to in paragraph (1);
- b) an investment company may acquire movable and immovable property which is essential for the direct pursuit of its business;
- c) a UCITS may not acquire either precious metals or certificates representing them.

(3) A UCITS may hold ancillary liquid assets.

(Law of 13 July 2007) “(4) The arrangements made to implement this article are laid down by way of a Grand-ducal regulation.”

Art. 42 (1) The UCITS must employ a risk-management process which enables it to monitor and measure at any time the risk of the positions and their contribution to the overall risk profile of the portfolio; it must employ a process for accurate and independent assessment of the value of OTC derivative instruments. It must communicate to the CSSF regularly and in accordance with the detailed rules the latter shall define, the types of derivative instruments, the underlying risks, the quantitative limits and the methods which are chosen in order to estimate the risks associated with transactions in derivative instruments.

(2) A UCITS is also authorised to employ techniques and instruments relating to transferable securities and money market instruments under the conditions and within the limits laid down by the CSSF provided that such techniques and instruments are used for the purpose of efficient portfolio management. When these operations concern the use of derivative instruments, these conditions and limits shall conform to the provisions laid down in this Law.

Under no circumstances shall these operations cause the UCITS to diverge from its investment objectives as laid down in the UCITS' management regulations, its constitutional documents or prospectus.

(3) A UCITS shall ensure that its global exposure relating to derivative instruments does not exceed the total net value of its portfolio.

The exposure is calculated taking into account the current value of the underlying assets, the counterparty risk, foreseeable market movements and the time available to liquidate the positions. This shall also apply to the following subparagraphs.

A UCITS may invest, as a part of its investment policy and within the limits laid down in Article 43, paragraph (5) in financial derivative instruments provided that the exposure to the underlying assets does not exceed in aggregate the investment limits laid down in Article 43. When a UCITS invests in index-based financial derivative instruments, these investments do not have to be combined to the limits laid down in Article 43.

When a transferable security or money market instrument embeds a derivative, the latter must be taken into account when complying with the requirements of this Article.

(Law of 13 July 2007) “(4) The arrangements made to implement this article are laid down by way of a Grand-ducal regulation.”

Art. 43 (1) A UCITS may invest no more than 10% of its assets in transferable securities or money market instruments issued by the same body. A UCITS may not invest more than 20% of its assets in deposits made with the same body. The risk exposure to a counterparty of the UCITS in an OTC derivative transaction may not exceed 10% of its assets when the counterparty is a credit institution referred to in Article 41, paragraph (1) (f) or 5% of its assets in other cases.

(2) The total value of the transferable securities and money market instruments held by a UCITS in the issuing bodies in each of which it invests more than 5% of its assets must not exceed 40% of the value of its assets. This limitation does not apply to deposits and OTC derivative transactions made with financial institutions subject to prudential supervision.

Notwithstanding the individual limits laid down in paragraph (1), a UCITS may not combine:

- investments in transferable securities or money market instruments issued by a single body,

- deposits made with a single body, and/or
- exposures arising from OTC derivative transactions undertaken with a single body, in excess of 20% of its assets.

(3) The limit laid down in the first sentence of paragraph (1) may be of a maximum of 35% if the transferable securities or money market instruments are issued or guaranteed by a Member State of the European Union, by its local authorities, by a non-Member State or by public international bodies of which one or more Member States are members.

(4) The limit laid down in the first sentence of paragraph (1) may be of a maximum of 25% for certain bonds when they are issued by a credit institution which has its registered office in a Member State of the European Union and is subject by law, to special public supervision designed to protect bondholders. In particular, sums deriving from the issue of these bonds must be invested in conformity with the law in assets which, during the whole period of validity of the bonds, are capable of covering claims attaching to the bonds and which, in case of bankruptcy of the issuer³⁴, would be used on a priority basis for the repayment of principal and payment of the accrued interest.

If a UCITS invests more than 5% of its assets in the bonds referred to in the first sub-paragraph and issued by one issuer, the total value of such investments may not exceed 80% of the value of the assets of the UCITS.

(5) The transferable securities and money market instruments referred to in paragraphs (3) and (4) are not included in the calculation of the limit of 40% referred to in paragraph (2).

The limits set out in paragraphs (1), (2), (3) and (4) may not be combined, and thus investments in transferable securities or money market instruments issued by the same body, in deposits or derivative instruments made with this body carried out in accordance with paragraphs (1), (2), (3) and (4) may not exceed a total of 35% of the assets of the UCITS.

Companies which are included in the same group for the purposes of consolidated accounts, as defined in accordance with Directive 83/349/EEC or in accordance with recognised international accounting rules, are regarded as a single body for the purpose of calculating the limits contained in this Article.

A UCITS may cumulatively invest up to 20% of its assets in transferable securities and money market instruments within the same group.

- Art. 44** (1) Without prejudice to the limits laid down in Article 48, the limits laid down in Article 43 are raised to a maximum of 20% for investments in shares and/or bonds issued by the same body when, according to the constitutional documents of the UCITS, the aim of the UCITS' investment policy is to replicate the composition of a certain stock or bond index which is recognised by the CSSF, on the following basis:
- the composition of the index is sufficiently diversified,
 - the index represents an adequate benchmark for the market to which it refers,
 - it is published in an appropriate manner.

(2) The limit laid down in paragraph (1) is raised to 35% where that proves to be justified by exceptional market conditions in particular in regulated markets where certain transferable securities or money market instruments are highly dominant. The investment up to this limit is only permitted for a single issuer.

(Law of 13 July 2007) "(3) The arrangements made to implement this article are laid down by way of a Grand-ducal regulation."

- Art. 45** (1) By way of derogation from Article 43, the CSSF may authorise a UCITS to invest in accordance with the principle of risk-spreading up to 100% of its assets in different transferable securities and money market instruments issued or guaranteed by any Member State of the European Union, its local authorities, a non-Member State of the European Union or public international bodies of which one or more Member States of the European Union are members.

The CSSF shall grant such an authorisation only if it considers that unitholders in the UCITS have protection equivalent to that of unitholders in UCITS complying with the limits laid down in Articles 43 and 44.

These UCITS must hold securities from at least six different issues, but securities from any one issue may not account for more than 30% of the total amount.

(2) The UCITS referred to in paragraph (1) must make express mention, in their constitutional documents, of the States, local authorities or public international bodies issuing or guaranteeing securities in which they intend to invest more than 35% of their assets.

(3) In addition, the UCITS referred to in paragraph (1) must include a prominent statement in their prospectuses and in any promotional literature, drawing attention to such authorisation and indicating the States, local authorities and public international bodies in the securities of which they intend to invest or have invested more than 35% of their assets.

Art. 46 (1) A UCITS may acquire the units of UCITS and/or other UCIs referred to in Article 41, paragraph (1) (e), provided that no more than 20% of its assets are invested in the units of a single UCITS or other UCI.

For the purpose of the application of this investment limit, each compartment of a UCI with multiple compartments within the meaning of Article 133 of this Law is to be considered as a separate issuer provided that the principle of segregation of the obligations of the various compartments vis-à-vis third parties is ensured.

(2) Investments made in units of UCIs other than UCITS may not in aggregate exceed 30% of the assets of the UCITS.

When a UCITS has acquired units of UCITS and/or other UCIs, the assets of the respective UCITS or other UCIs do not have to be combined for the purposes of the limits laid down in Article 43.

(3) When a UCITS invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same management company or by any other company with which the management company is linked by common management or control, or by a substantial direct or indirect holding, that management company or other company may not charge subscription or redemption fees on account of the UCITS' investment in the units of such other UCITS and/or UCIs.

A UCITS that invests a substantial proportion of its assets in other UCITS and/or other UCIs shall disclose in its prospectus the maximum level of the management fees that may be charged both to the UCITS itself and to the other UCITS and/or other UCIs in which it intends to invest. In its annual report it shall indicate the maximum proportion of management fees charged both to the UCITS itself and to the UCITS and/or other UCIs in which it invests.

Art. 47 (1) The prospectus shall indicate in which categories of assets a UCITS is authorised to invest. It shall mention if transactions in financial derivative instruments are authorised; in this event, it must include a prominent statement indicating if these operations may be carried out for the purpose of hedging or with the aim of meeting investment goals, and the possible outcome of the use of financial derivative instruments on the risk profile.

(2) When a UCITS invests principally in any category of assets defined in Article 41 other than transferable securities and money market instruments or replicates a stock or bond index in accordance with Article 44, its prospectus and, where necessary, any other promotional literature must include a prominent statement drawing attention to its investment policy.

(3) When the net asset value of a UCITS is likely to have a high volatility due to its portfolio composition or the portfolio management techniques that may be used, its prospectus and, where necessary, any other promotional literature must include a prominent statement drawing attention to this characteristics of the UCITS.

(4) Upon request of an investor, the management company must also provide supplementary information relating to the quantitative limits that apply in the risk management of the UCITS, to the methods chosen to this end and to the recent evolution of the risks and yields of the main categories of instruments.

Art. 48 (1) An investment company or a management company acting in connection with all of the common funds which it manages and which fall within the scope of Part I of this Law, may not acquire any shares carrying voting rights which would enable it to exercise significant influence over the management of an issuing body.

(2) Moreover, a UCITS may acquire no more than:

- 10% of the non-voting shares of the same issuer;
- 10% of the debt securities of the same issuer;
- 25% of the units of the same UCITS and/or other UCI;
- 10% of the money market instruments of any single issuer.

The limits laid down in the second, third and fourth indents may be disregarded at the time of acquisition if at that time the gross amount of bonds or of the money market instruments or the net amount of the instruments in issue cannot be calculated.

(3) Paragraphs (1) and (2) are waived as regards:

- a) transferable securities and money market instruments issued or guaranteed by a Member State of the European Union or its local authorities;
- b) transferable securities and money market instruments issued or guaranteed by a non-Member State of the European Union;

c) transferable securities and money market instruments issued by public international bodies of which one or more Member States of the European Union are members;

d) shares held by UCITS in the capital of a company incorporated in a non-Member State of the European Union which invests its assets mainly in the securities of issuing bodies having their registered office in that State, where under the legislation of that State, such a holding represents the only way in which the UCITS can invest in the securities of issuing bodies of that State. This derogation, however, shall apply only if in its investment policy the company from the non-Member State of the European Union complies with the limits laid down in Articles 43 and 46 and Article 48, paragraphs (1) and (2). Where the limits set in Articles 43 and 46 are exceeded, Article 49 shall apply *mutatis mutandis*;

e) shares held by one or more investment companies in the capital of subsidiary companies which, exclusively on its or their behalf carry on only the business of management, advice or marketing in the country where the subsidiary is located, in regard to the redemption of units at the request of unitholders.

Art. 49 (1) UCITS need not comply with the limits laid down in this Chapter when exercising subscription rights attaching to transferable securities or money market instruments which form part of their assets.

While ensuring observance of the principle of risk-spreading, recently authorised UCITS may derogate from Articles 43, 44, 45 and 46 for a period of six months following the date of their authorisation.

(2) If the limits referred to in paragraph (1) are exceeded for reasons beyond the control of the UCITS or as a result of the exercise of subscription rights, it must adopt as a priority objective for its sales transactions the remedying of that situation, taking due account of the interests of its unitholders.

(3) To the extent an issuer is a legal entity with multiple compartments where the assets of a compartment are exclusively reserved to the investors in such compartment and to those creditors whose claim has arisen in connection with the creation, operation or liquidation of that compartment, each compartment is to be considered as a separate issuer for the purpose of the application of the risk-spreading rules set out in Articles 43, 44 and 46.

Art. 50 (1) Neither:
 – an investment company, nor
 – a management company or depositary acting on behalf of common funds,
 may borrow.

However, a UCITS may acquire foreign currency by means of a back-to-back loan.

(2) By way of derogation from paragraph (1), UCITS may borrow the equivalent of:

- a) up to 10% of their assets provided that the borrowing is on a temporary basis;

Art. 85 (1) Management companies are authorised to delegate to third parties for the purpose of a more efficient conduct of their business the power to carry out on their behalf one or more of their own functions. In that case, the following preconditions have to be complied with:

- a) the CSSF must be informed thereof in an appropriate manner;
- b) the mandate may not prevent the effectiveness of supervision over the management company, and in particular it must not prevent the management company from acting, or the UCITS from being managed, in the best interests of the investors;
- c) when the delegation concerns the management of investments the mandate may only be given to undertakings which are authorised or registered for the purpose of asset management and are subject to prudential supervision; the delegation must be in accordance with investment allocation criteria periodically laid down by the management company;
- d) where the mandate concerns the management of investments and is given to a third-country undertaking, cooperation between the CSSF and the supervisory authority of that country must be ensured;
- e) a mandate with regard to the core function of investment management shall not be given to the depositary or to any other undertaking whose interests may conflict with those of the management company or the unitholders;
- f) measures shall exist which enable the persons who conduct the business of the management company to monitor effectively at any time the activity of the undertaking to which the mandate is given;
- g) the mandate shall not prevent the persons who conduct the business of the management company to give at any time further instructions to the under-taking to which functions are delegated and to withdraw the mandate with immediate effect when this is in the interest of investors;
- h) having regard to the nature of the functions to be delegated, the under-taking to which functions will be delegated must be qualified and capable of undertaking the functions in question; and
- i) the UCITS' prospectuses list the functions which the management company has been permitted to delegate.

(2) In no case shall the management company's and the depositary's liability be affected by the fact that the management company delegated any functions to third parties, nor shall the management company delegate its functions to the extent that it becomes a letter box entity.

Art. 86 In the conduct of its business activities, a management company authorised under this Chapter shall, at all times, in furtherance of rules of conduct:

- a) act honestly and fairly in conducting its business activities in the best interests of its clients and the integrity of the market;
- (b) act with due skill, care and diligence, in the best interests of its clients and the integrity of the market;
- (c) have and efficiently employ the resources and procedures that are necessary for the proper performance of its business activities;
- (d) try to avoid conflicts of interests and, when they cannot be avoided, ensure that its clients are fairly treated, and
- (e) comply with all regulatory requirements applicable to the conduct of its business activities so as to promote the best interests of its clients and the integrity of the market.

D. The right of establishment and the freedom to provide services

Art. 87 (1) A management company, authorised in accordance with Directive 85/611/EEC by the competent authorities of another Member State, may carry on in Luxembourg the activity for which it has been authorised, either by the establishment of a branch or under the freedom to provide services.

(2) The establishment of a branch or the provision of services as described above is not subject to any authorisation requirement, to any requirement to provide endowment capital or to any other measure having equivalent effect.

Art. 88 (1) In addition to meeting the conditions imposed in Articles 77 and 78 any management company authorised under this Chapter wishing to establish a branch within the territory of another Member State of the European Union shall notify the CSSF thereof.

(2) It shall provide the following information and documents with the notification provided for in paragraph (1):

- a) the Member State within the territory of which the management company plans to establish a branch;
- b) a program of operations setting out the envisaged activities and services as referred to in Article 77, paragraphs (2) and (3) and the organisational structure of the branch;
- c) the address in the host Member State from which documents may be obtained;
- d) the name of those responsible for the management of the branch.

(3) Unless the CSSF has reason to doubt the adequacy of the administrative structure or the financial situation of a management company, taking into account the activities envisaged, it shall, within three months of receiving all the information referred to in paragraph (2), communicate that information to the competent authorities of the host Member State and shall inform the management company accordingly. It shall also communicate details of any compensation scheme intended to protect investors.

Where the CSSF refuses to communicate the information referred to in paragraph (2) to the competent authorities of the host Member State, it shall give reasons for its refusal to the management company concerned within two months of receiving all the information.

(4) Before the branch of a management company starts business, the competent authorities of the host Member State shall, within two months of receiving the information referred to in paragraph (2) prepare for the supervision of the management company and, if necessary, indicate the conditions, including the rules mentioned in Articles 53 and 54 in force in the host Member State and the rules of conduct to be respected in the case of provision of the portfolio management service mentioned in Article 77, paragraph (3) and of investment advisory and custody services, under which, in the interest of the general good, that business must be carried on in the host Member State.

(5) On receipt of a communication from the competent authorities of the host Member State or on the expiry of the period provided for in paragraph (4) without receipt of any communication from those authorities, the branch may be established and start business. From that moment the management company may also begin distributing the units of the common funds and of the investment companies subject to Directive 85/611/EEC which it manages, unless the competent authorities of the host Member State establish, in a reasoned decision taken before the expiry of that period of two months – to be communicated to the CSSF – that the arrangements made for the marketing of the units do not comply with the provisions referred to in Article 53, paragraph (1) and Article 54.

(6) In the event of change of any particulars communicated in accordance with paragraphs (2) b), c) or d), the management company shall give written notice of that change to the CSSF and the competent authorities of the host Member State at least one month before implementing the change so that the CSSF may take a decision on the change under paragraph (3) and the competent authorities of the host Member State may do so under paragraph (4).

(7) In the event of a change in the particulars communicated in accordance with the first subparagraph of paragraph (3), the CSSF shall inform the authorities of the host Member State accordingly.

Art. 89 (1) Any management company wishing to carry on business within the territory of another Member State of the European Union for the first time under the freedom to provide services shall communicate the following information to the CSSF:

- a) the Member State of the European Union within the territory of which the management company intends to operate;
- b) a program of operations stating the envisaged activities and services referred to in Article 77, paragraphs (2) and (3).

(2) The CSSF shall, within one month of receiving the information referred to in paragraph (1) forward it to the competent authorities of the host Member State.

It shall also communicate details of any applicable compensation scheme intended to protect investors.

(3) The management company may then start business in the host Member State notwithstanding the provisions of Article 55 of this Law.

When appropriate, the competent authorities of the host Member State shall, on receipt of the information referred to in paragraph (1) indicate to the management company the conditions, including the rules of conduct to be respected in the case of provision of the portfolio management service mentioned in Article 77, paragraph (3) and of the investment advisory services and custody services, with which, in the interest of the general good, the management company must comply in the host Member State.

(4) Should the content of the information communicated in accordance with paragraph (1) b) be amended, the management company shall give notice of the amendment in writing to the CSSF and the competent authorities of the host Member State before implementing the change, so that the CSSF may, if necessary, inform the management company of any change or addition to be made to the information communicated under paragraph (3).

(5) A management company shall also be subject to the notification procedure laid down in this Article in cases where it entrusts a third party with the marketing of the units in a host Member State.

Art. 90 (1) For statistical purposes, all management companies authorised in a Member State of the European Union under Directive 85/611/EEC with a branch as defined in that Directive within Luxembourg shall report periodically on their activities in Luxembourg to the CSSF.

(2) Branches of such management companies must provide the CSSF with the same particulars as required from management companies authorised under this Chapter.

(3) Where a management company that has a branch or provides services within Luxembourg is in breach of the provisions of this Law, the CSSF shall require the management company concerned to put an end to its irregular situation.

(4) If the management company concerned fails to take the necessary steps, the CSSF shall inform the competent authorities of the home Member State accordingly.

(5) If the management company persists in breaching the legal or regulatory provisions referred to in paragraph (2) in force in Luxembourg, the Luxembourg authorities may, after informing the competent authorities of the home Member State, take appropriate measures to prevent or sanction further irregularities and, insofar as necessary, to prevent that management company from initiating any further transactions within Luxembourg. The legal documents necessary for those measures shall be served on management companies.

(6) The foregoing provisions shall not affect the powers of Luxembourg to take appropriate measures to prevent or to penalise irregularities committed within its territory which are contrary to legal or regulatory provisions adopted in the interest of the general good. This shall include the possibility of preventing offending management companies from initiating any further transactions within Luxembourg.

(7) Any measure adopted pursuant to paragraphs (4), (5) or (6) involving penalties or restrictions on the activities of a management company must be properly justified and communicated to the management company concerned. Every such measure shall be subject to the right to apply to the courts in Luxembourg.

(8) Before following the procedure laid down in paragraphs (3), (4) or (5) the CSSF may, in emergencies, take any precautionary measures necessary to protect the interests of investors and others to whom services are provided. The European Commission and the competent authorities of the other Member States concerned must be informed of such measures at the earliest opportunity.

(9) In the event of the withdrawal of authorisation, the CSSF shall be informed thereof and shall take appropriate measures to prevent the management company concerned from initiating any further transactions within Luxembourg, and to safeguard investors' interests.

Chapter 14. – Other management companies of Luxembourg UCIs

Art. 91 (1) Access to the business of a management company within the meaning of this Chapter is subject to prior authorisation by the CSSF.

The management company shall be incorporated as a public limited company (*société anonyme*), a private limited company (*société à responsabilité limitée*), a cooperative company (*société coopérative*), a cooperative company set up as a public limited company (*société coopérative organisée comme une société anonyme*) or a corporate limited partnership (*société en commandite par actions*). The capital of such company must be represented by registered shares.

It may not engage in activities other than the management of UCIs, the administration of its own assets being only an ancillary activity provided that it must manage at least one Luxembourg law UCI.

Both its head office and its registered office must be situated in Luxembourg.

(2) The CSSF will grant authorisation to a company on the following conditions:

a) it must have sufficient financial resources at its disposal to enable it to conduct its business effectively and meet its liabilities; in particular it must have a minimum paid-up capital of one hundred twenty-five thousand euro (125,000 euro); a grand-ducal regulation may raise that minimum amount to a maximum of six hundred twenty-five thousand euro (625,000 euro);

b) the directors of the management company in the meaning of Article 93 (3) must justify their sufficiently good repute and that they have the professional experience required for the performance of their duties;

c) the identity of reference shareholders or members of the management company must be provided to the CSSF;

d) the application must describe the organisational structure of the management company.

(3) An applicant shall be informed, within six months of the submission of a complete application, whether or not authorisation has been granted. Reasons shall be given whenever an authorisation is refused.

(4) A management company may start business as soon as authorisation has been granted.

(5) The CSSF may withdraw the authorisation issued to a management company subject to this Chapter only where that company:

(a) does not make use of the authorisation within twelve months, expressly renounces the authorisation or has ceased the activity covered by this Chapter for more than six months;

(b) has obtained the authorisation by making false statements or by any other irregular means;

(c) no longer fulfils the conditions under which authorisation was granted;

(d) has seriously and/or systematically infringed the provisions adopted pursuant to this Law; or

(e) falls within any of the cases where this Law provides for withdrawal.

(6) The management company may not use the assets of the UCIs it manages for its own needs.

Art. 92 Article 80 of this Law is applicable to the management companies falling within the scope of this Chapter.

PART V. - General provisions applicable to UCITS and other UCIs

Chapter 15. – Authorisation

Art. 93 (1) UCIs subject to Articles 2, 63 and 76 must, in order to carry out their activities, be previously authorised by the CSSF. A UCITS subject to Article 2 which is legally prevented from marketing its units or shares in Luxembourg, notably by a provision included in the management regulations of the fund or the constitutional documents, will not be authorised by the CSSF.

(2) A UCI shall be authorised only if the CSSF has approved the constitutional documents and the choice of the depository.

(3) The directors of the UCI and of the depository must be of sufficiently good repute and have sufficient experience, also in relation to the type of UCI concerned. To that end, the names of the directors, and of every person succeeding them in office, must be communicated forthwith to the CSSF.

"Directors" shall mean those persons who under law or the constitutional documents represent the UCI or the depository or who effectively determine the conduct of the activities of the UCI.

(4) The replacement of the management company or of the depository and the amendment of the constitutional documents of the UCI are subject to approval by the CSSF.

Art. 94 (1) Authorised UCIs shall be entered by the CSSF on a list. Such entry shall be tantamount to authorisation and shall be notified by the CSSF to the UCI concerned. For the UCIs referred to in Articles 2 and 63, applications for entry on the list must be filed with the CSSF within the month following their constitution or formation. The said list and any amendments made thereto shall be published in the *Mémorial* by the CSSF.

(2) The entering and the maintaining on the list referred to in paragraph (1) shall be subject to observance of all the provisions of laws, regulations or agreements relating to the organisation and operation of UCIs and the distribution, placing or sale of their units.

Art. 95 (*Law of 10 July 2005*) "Luxembourg UCIs other than the closed-end type, UCITS governed by harmonised Community law and foreign UCIs in case of a public offer in Luxembourg shall be exempt from publishing a prospectus as provided for in Part III of the Law on prospectuses for securities. The prospectus which such UCIs draw up in accordance with the regulatory requirements applicable to UCIs shall be valid for the purposes of an offer to the public of securities or the admission of securities to trading on a regulated market."

Art. 96 The fact that an UCI is entered on the list referred to in Article 94, paragraph (1) shall not under any circumstance be described in any way whatsoever as a positive assessment made by the CSSF of the quality of the units offered for sale.

Chapter 16. – Organisation of supervision

Art. 97 (1) The authority which is to carry out the duties provided for in this Law is the CSSF.

(2) The CSSF carries out its duties exclusively in the interest of the public.

(3) The CSSF is authorised to receive complaints from holders of units in UCIs and to mediate with such UCIs in order to resolve such complaints amicably.

Art. 98 "(1) Any person who works or who has worked for the CSSF, as well as the *réviseurs d'entreprises agréés* (approved statutory auditors) or experts instructed by the CSSF, shall be bound by the obligation of professional secrecy provided for by Article 16 of the Law of 23rd December, 1998 creating the *Commission de Surveillance du Secteur Financier*, as amended."¹⁰ Such secrecy implies that no confidential information which they may receive in the course of their duties may be divulged to any person or authority whatsoever, save in summary or aggregate form such that UCIs, management companies and depositaries cannot be individually identified, without prejudice to cases covered by criminal law.

(2) Paragraph (1) shall not prevent the CSSF from exchanging information with the supervisory authorities of the other Member States of the European Union within the limits provided by this Law.

The CSSF shall closely cooperate with the supervisory authorities of other Member States of the European Union for the purpose of the fulfilment of their duty of supervision of UCIs and shall communicate for that sole purpose all required information.

The supervisory authorities of countries other than Member States of the European Union which are party to the Agreement on the European Economic Area are assimilated to the supervisory authorities of the Member States of the European Union within the limits provided by that Agreement and the instruments relating thereto.

(3) Paragraph (1) shall not prevent the CSSF from exchanging information with:

- authorities of third countries with public responsibilities for the supervision of UCIs,
- the other authorities, bodies and persons referred to in paragraph (5), with the exception of central credit registers, when they are established in third countries,
- the authorities of third countries referred to in paragraph (6).

The communication of information by the CSSF authorised by this paragraph is subject to the following conditions:

- the transmitted information must be required for the purpose of performing the supervisory duty of the recipient authorities, bodies and persons,
- information received shall be subject to the professional secrecy of the recipient authorities, bodies or persons and the professional secrecy of such authorities, bodies or persons must offer guarantees at least equivalent to the professional secrecy of the CSSF,

¹⁰ Law of 18 December 2009

- the authorities, bodies or persons which receive information from the CSSF may only use such information for the purposes for which it has been communicated to them and must be able to ensure that no other use can be made therewith,
- the authorities, bodies or persons who receive information from the CSSF grant the same right of information to the CSSF,
- the CSSF may only disclose information received from EU authorities responsible for the supervision of UCIs with the express agreement of such authorities and, where appropriate, solely for the purposes for which those authorities gave their agreement.

For the purpose of this paragraph third countries are countries other than those referred to in paragraph (2).

(4) Where the CSSF receives confidential information under paragraphs (2) and (3), the CSSF may use it only in the course of its duties:

- to check that the conditions governing the taking-up of the business of UCIs, of management companies and of depositaries are met and to facilitate the monitoring of the conduct of that business, of administrative and accounting procedures and of internal control mechanisms; or
- to impose sanctions; or
- in administrative appeals against decisions by the CSSF; or
- in court proceedings initiated against decisions refusing or withdrawing an authorisation.

(5) Paragraphs (1) to (4) shall not preclude:

- a) the exchange of information within the European Union between the CSSF and
 - authorities with public responsibility for the supervision of credit institutions, investment firms, insurance undertakings and other financial organisations and the authorities responsible for the supervision of financial markets,
 - bodies involved in the liquidation, bankruptcy or other similar proceedings concerning UCIs, management companies and depositaries,
 - persons responsible for carrying out statutory audits of the accounts of credit institutions, investment firms, other financial institutions or insurance undertakings

in the performance of their supervisory functions,

- b) the disclosure by the CSSF within the European Union to bodies which administer compensation schemes of investors or to central credit registers of information necessary for the performance of their functions.

The communication of information by the CSSF authorised by this paragraph is subject to the condition that such information is covered by the professional secrecy of the authorities, bodies and persons receiving the information and is only authorised to the extent the professional secrecy of such authorities, bodies and persons offers guarantees at least equivalent to the professional secrecy of the CSSF. In particular, authorities which receive information from the CSSF may only use such information for the purposes for which it has been communicated and must be able to ensure that no other use can be made therewith.

Countries other than Member States of the European Union which are party to the Agreement on the European Economic Area are assimilated to the Member States of the European Union within the limits provided by that Agreement and the instruments relating thereto.

(6) Paragraphs (1) and (4) do not prevent exchanges of information within the European Union between the CSSF and:

- the authorities responsible for overseeing the bodies involved in the liquidation, bankruptcy or other similar proceedings concerning credit institutions, investment firms, insurance undertakings, UCIs, management companies and depositaries,
- the authorities responsible for overseeing persons entrusted with the carrying out of statutory audits of the accounts of credit institutions, investment firms, insurance undertakings and other financial institutions.

The communication of information by the CSSF authorised by this paragraph is subject to the following conditions:

- the transmitted information is intended to be used for the purpose of performing the supervisory duty of the recipient authorities,
- information received shall be subject to the professional secrecy of the recipient authorities and the professional secrecy of such authorities must offer guarantees at least equivalent to the professional secrecy of the CSSF,
- the authorities which receive information from the CSSF may only use such information for the purposes for which it has been communicated to them and must be able to ensure that no other use can be made therewith,
- the CSSF may only disclose information received from supervisory authorities referred to in paragraphs (2) and (3) with the express agreement of such authorities and, where appropriate, solely for the purposes for which those authorities gave their agreement.

Countries other than Member States of the European Union which are party to the Agreement on the European Economic Area are assimilated to the Member States of the European Union within the limits provided by that Agreement and the instruments relating thereto.

(7) This Article shall not prevent the CSSF from transmitting to central banks and other bodies with a similar function in their capacity as monetary authorities information intended for the performance of their duties.

The communication of information by the CSSF authorised by this paragraph is subject to the condition that such information is covered by the professional secrecy of the recipient authorities and is only authorised to the extent the professional secrecy of such authorities offers guarantees at least equivalent to the professional secrecy of the CSSF. In particular, authorities which receive information from the CSSF may only use such information for the purposes for which it has been communicated and must be able to ensure that no other use can be made therewith.

This Article shall furthermore not prevent the authorities or bodies referred to in this paragraph from communicating to the CSSF such information as it may need for the purposes of paragraph (4). Information received in this context by the CSSF shall be subject to its professional secrecy.

(8) This Article shall not prevent the CSSF from communicating the information referred to in paragraphs (1) to (4) to a clearing house or other similar body recognised under national law for the provision of clearing or settlement services for a market in Luxembourg if the CSSF considers it is necessary to communicate the information in order to ensure the proper functioning of those bodies in relation to defaults or potential defaults by market participants.

The communication of information by the CSSF authorised by this paragraph is subject to the condition that such information is covered by the professional secrecy of the recipient bodies and is only authorised to the extent the professional secrecy of such bodies offers guarantees at least equivalent to the professional secrecy of the CSSF. In particular, bodies which receive information from the CSSF may only use such information for the purposes for which it has been communicated and must be able to ensure that no other use can be made therewith.

The information received by the CSSF pursuant to paragraphs (2) and (3) may not be disclosed in the circumstances referred to in this paragraph without the express agreement of the supervisory authorities which have disclosed such information to the CSSF.

Art. 99 (1) The decisions to be adopted by the CSSF in implementation of this Law shall state the reasons on which they are based and, unless the delay entails risks, they shall be adopted after preparatory proceedings at which all parties are able to state their case (*instruction contradictoire*). They shall be notified by registered letter or delivered by bailiff (*huissier*, court process server).

(2) The decisions by the CSSF concerning the grant, refusal or withdrawal of the authorisations provided for in this Law may be referred to the administrative court (*tribunal administrative*) which will be dealing with the substance of the case. The case must be filed within one month from the date of notification of the contested decision, or else shall be time barred.

(3) The decision of the CSSF withdrawing the name of a UCI referred to in Articles 2 and 63 of this Law from the list provided for in Article 94 (1) shall, as from the notification thereof to such undertaking and until the decision has become final, *ipso jure* entail for such undertaking suspension of any payment by said under-taking and prohibition for such undertaking, on pain of nullity, to take any measures other than protective measures, except with the authorisation of the supervisory commissioner (*commissaire de surveillance*). The CSSF shall *ipso jure* hold the office of supervisory commissioner, unless at its request, the District Court dealing with commercial matters appoints one or more supervisory commissioners. The application, stating the reasons on which it is based and accompanied by supporting documents, shall be lodged for that purpose at the Registry of the District Court in the district within which the undertaking has its registered office.

The Court shall give its ruling within a short period.

If it considers that it has sufficient information, it shall immediately make an order in public session, without hearing the parties. If it deems necessary, it shall convene the parties by notification from the registrar within three days from the lodgement of the application. It shall hear the parties in chambers and give its decision in public session.

The written authorisation of the supervisory commissioners is required for all measures and decisions of the undertaking and, failing such authorisation, they shall be void.

The Court may, however, limit the scope of operations subject to authorisation.

The commissioners may submit for consideration to the relevant bodies of the undertaking any proposals which they consider appropriate. They may attend proceedings of the administrative, management, executive or supervisory bodies of the undertaking.

The Court shall decide as to the expenses and fees of the supervisory commissioners; it may grant them advances. The judgement provided for in paragraph (1) of Article 104 of this Law shall terminate the functions of the supervisory commissioner who must, within one month after his replacement, submit to the liquidators appointed in such judgement a report on the use of the undertaking's assets together with the accounts and supporting documents.

If the withdrawal decision is amended on appeal in accordance with paragraphs (2) and (3) above, the supervisory commissioner shall be deemed to have resigned.

Art. 100 (1) The CSSF may prohibit the marketing in Luxembourg of units of a UCITS situated in another Member State of the European Union if it infringes the provisions of Chapter 7.

(2) The decision taken under paragraph (1) above is notified by the CSSF to the UCI concerned and to the competent supervisory authorities of the home Member State.

Art. 101 (1) Where, through the provision of services or by the establishment of branches, a management company operates in one or more host Member States of the European Union, the CSSF shall collaborate closely with the competent authorities of the Member States concerned.

It shall supply on request all the information concerning the management and the ownership of such management companies that is likely to facilitate their supervision and all information likely to facilitate the monitoring of such companies. In particular, the CSSF shall cooperate to ensure that the competent authorities of the host Member State can collect the information referred to in Article 90, paragraph (2).

(2) Insofar as it is necessary for the purpose of exercising its powers of supervision, the CSSF shall be informed by the competent authorities of the host Member State of any measures taken by the host Member State pursuant to Article 90, paragraph (6) which involve sanctions imposed on a management company or restrictions on a management company's activities.

Art. 102 (1) Where a management company authorised in another Member State of the European Union carries on business within Luxembourg through a branch, the competent authorities of the management company's home Member State may, after informing the CSSF carry out themselves or through the intermediary of persons they instruct for the purpose, on-the-spot verification of the information referred to in Article 101.

(2) The competent authorities of the management company's home Member State may also ask the CSSF to have such verification carried out. "Within the scope of its powers, the CSSF shall act upon such requests by carrying out the verifications itself, by either allowing the authorities who have requested them to carry them out or by allowing *réviseurs d'entreprises agréés* (approved statutory auditors) or experts to do so."¹¹

(3) This Article shall not affect the right of the CSSF, within the exercise of its duties under this Law, to carry out on-the-spot verifications of branches established within Luxembourg.

Art. 103 Any decision to withdraw the authorisation of, or any other serious measure taken against, a Luxembourg UCITS subject to Part I of this Law or any suspension of redemptions imposed upon it, shall be communicated without delay by the CSSF to the supervisory authorities of the other Member States of the European Union where the units of the UCITS are marketed.

Art. 104 (1) The District Court dealing with commercial matters shall, at the request of the Public Prosecutor (*procureur d'Etat*), acting on its own motion or at the request of the CSSF, pronounce the dissolution and order the liquidation of the UCIs

¹¹ Law of 18 December 2009

referred to in Articles 2 and 63 of this Law, whose entry on the list provided for in Article 94, paragraph (1) has finally been refused or withdrawn.

When ordering the liquidation, the Court shall appoint a reporting judge (*juge commissaire*) and one or more liquidators. It shall determine the method of liquidation. It may render applicable to such extent as it may determine the rules governing liquidation in bankruptcy. The method of liquidation may be changed by subsequent decision, either of the Court's own motion or at the request of the liquidator(s).

The Court shall decide as to the expenses and fees of the liquidators; it may grant advances to them. The judgment pronouncing dissolution and ordering liquidation shall be enforceable on a provisional basis.

(2) The liquidator(s) may bring and defend all actions on behalf of the undertaking, receive all payments, grant releases with or without discharge, realise all the transferable securities of the undertaking and reemploy the proceeds therefrom, issue or endorse any negotiable instruments, compound or compromise all claims. They may alienate immovable property of the undertaking by auction.

They may also but only with the authorisation of the Court, mortgage and pledge its assets and alienate its immovable property by private treaty.

(3) As from the day of the judgment, no legal actions relating to movable or immovable property nor any enforcement procedures relating to movable or immovable property may be pursued, commenced or exercised otherwise than against the liquidators.

The judgment ordering liquidation shall terminate all seizures effected at the instance of general creditors who are not secured by charges (*créanciers chirographaires et non privilégiés*) on movable and immovable property.

(4) After payment or payment into court of the sums necessary for the discharge of the debts, the liquidators shall distribute to unitholders the sums or amounts due to them.

(5) The liquidators may convene at their own initiative, and must convene at the request of holders of units representing at least one fourth of the assets of the undertaking, a general meeting of unitholders for the purpose of deciding whether instead of an outright liquidation it is appropriate to contribute the assets of the undertaking in liquidation to another UCI. That decision shall be taken, provided that the general meeting is composed of a number of unitholders representing at least one half of the outstanding units or capital of the undertaking, by a majority of two thirds of the votes of the unitholders present or represented.

(6) The court decisions pronouncing the dissolution and ordering the liquidation of an UCI shall be published in the *Mémorial* and in two newspapers with adequate circulation specified by the Court, one of which at least must be a Luxembourg newspaper. The liquidator(s) shall arrange for such publications.

(7) If there are no or insufficient assets, as ascertained by the reporting judge, the documents relating to the proceedings shall be exempt from any registry and registration duties and the expenses and fees of the liquidators shall be borne by the Treasury and paid as judicial costs.

(8) The liquidators shall be responsible both to third parties and to the UCI for the discharge of their duties and for any faults committed in the conduct of their activities.

(9) When the liquidation is completed, the liquidators shall report to the Court on the use made of the funds of the undertaking and shall submit the accounts and supporting documents thereof. The Court shall appoint *commissaires* (auditors) to examine the documents.

After receipt of the auditors' report, a ruling shall be given on the management of the liquidators and the closure of the liquidation.

The closure of the liquidation shall be published in accordance with paragraph (6) above.

Such publication shall also indicate:

- the place designated by the Court where the books and records must be kept for at least five years;
- the measures taken in accordance with Article 107 with a view to the payment into court of the sums and funds due to creditors, unitholders or members to whom it has not been possible to deliver the same.

(10) Any legal actions against the liquidators of UCIs, in their capacity as such, shall be prescribed five years after publication of the closure of the liquidation provided for in paragraph (9).

Legal actions against the liquidators in connection with the performance of their duties, shall be prescribed five years after the date of the facts or, in the event of concealment thereof by wilful misconduct, five years after the discovery thereof.

(11) The provisions of this Article shall equally apply to the UCIs which have not applied to be entered on the list provided for in Article 94 within the time limit laid down therein.

Art. 105 (1) UCIs shall, after dissolution, be deemed to exist for the purpose of liquidation. In the case of a non-judicial liquidation, they shall remain subject to supervision by the CSSF.

(2) All documents issued by a UCI in liquidation shall indicate that it is in liquidation.

Art. 106 (1) In the event of a non-judicial liquidation of a UCI, the liquidator(s) must be approved by the CSSF. The liquidator(s) must provide all guarantees of honourability and professional skill.

(2) Where a liquidator does not accept office or is not approved, the District Court dealing with commercial matters shall, at the request of any interested party or of the CSSF, appoint the liquidator(s). The judgment appointing the liquidator(s) shall be provisionally enforceable, on the production of the original thereof and before registration, notwithstanding any appeal or objection.

(2) The same fine may be imposed upon any person who infringes the provisions of Article 96.

"(4) The obligation to publish a full prospectus within the meaning of this Law shall not apply to undertakings for collective investment of the closed-end type."

Art. 110 (1) Both the simplified and the full prospectus must include the information necessary for investors to be able to make an informed judgement of the investment proposed to them, and, in particular, of the risks attached thereto. The full prospectus shall include a clear easily understandable explanation of the fund's risk profile, irrespective of the instruments in which it invests.

(2) The full prospectus shall contain at least the information provided for in Schedule A of Annex I to this Law insofar as such information does not already appear in the constitutional documents annexed to the full prospectus in accordance with Article 111, paragraph (1).

(3) The simplified prospectus shall contain in summary form the key information provided for in Schedule C of Annex I to this Law. It shall be structured and written in such way that it can be easily understood by the average investor. The simplified prospectus may be attached to the full prospectus as a removable part of it. The simplified prospectus can be used as a marketing tool designed to be used in all Member States of the European Union without any alterations except for its translation.

(4) Both the full and the simplified prospectus may be incorporated in a written document or in any durable medium having an equivalent legal status approved by the CSSF.

(5) The annual report must include a balance sheet or a statement of assets and liabilities, a detailed income and expenditure account for the financial year, a report on the activities of the past financial year and the other information provided for in Schedule B of Annex I to this Law, as well as any significant information which will enable investors to make an informed judgment on the development of the activities and the results of the UCI.

(6) The semi-annual report must include at least the information provided for in Chapters I to IV of Schedule B of Annex I to this Law; where a UCI has paid or proposes to pay an interim dividend, the figures must indicate the results after tax for the half-year concerned and the interim dividend paid or proposed.

(7) The Schedules as provided for by paragraphs (1), (2), (3), (4), (5) and (6) may be differentiated by the CSSF for UCIs subject to Articles 63 and 76 of this Law, depending on whether or not these UCIs display certain characteristics or fulfil certain conditions.

Art. 111 (1) The management regulations of the fund or the constitutional documents of the investment company shall form an integral part of the full prospectus and must be annexed thereto.

(2) The documents referred to in paragraph (1) need not, however, be annexed to the full prospectus provided that the unitholder is informed that on his request he will either be sent those documents or be apprised of the place where, in each Member State where the units are placed on the market, he may consult them.

Art. 112 The essential elements of the simplified and the full prospectus must be kept up-to-date.

Art. 113 (1) Luxembourg UCIs must have the accounting information given in their annual report audited by an approved statutory auditor.

"The report of the *réviseur d'entreprises agréé* (approved statutory auditor) and its qualifications (if any) are set out in full in each annual report."¹²

"The *réviseur d'entreprises agréé* (approved statutory auditor) must justify of an appropriate professional experience."¹³

"(3) The *réviseur d'entreprises agréé* (approved statutory auditor) must report promptly to the CSSF any fact or decision of which he has become aware while carrying out the audit of the accounting information contained in the annual report of a UCI or any other legal task concerning a UCI, where such fact or decision is likely to:

- constitute a material breach of this Law or the regulations adopted for its execution, or
- affect the continuous functioning of the UCI, or
- lead to a refusal to certify the accounts or to the expression of qualifications thereon."¹⁵

"The *réviseur d'entreprises agréé* (approved statutory auditor) shall likewise have a duty to promptly report to the CSSF, in the accomplishment of its duties referred to in the preceding sub-paragraph in respect of a UCI, any fact or decisions concerning the UCI and meeting the criteria referred to in the preceding sub-paragraph of which he has become aware while carrying out the audit of the accounting information contained in the annual report of another undertaking having

For the purpose of this Article, a close link resulting from a control relationship shall mean the link which exists between a parent undertaking and a subsidiary in the cases referred to in Article 77 of the Law of 17th June, 1992 concerning the annual accounts and consolidated accounts of credit institutions, as amended, or as a result of a relationship of the same type between any individual or legal entity and an undertaking; any subsidiary undertaking of a subsidiary undertaking is also considered as a subsidiary of the parent undertaking which is at the head of those undertakings. A situation in which two or more individuals or legal persons are permanently linked to one and the same person by a control relationship shall also be regarded as constituting a close link between such persons.

“If, in the discharge of his duties, the *réviseur d’entreprises agréé* (approved statutory auditor) ascertains that the information provided to investors or to the CSSF in the reports or other documents of the UCI does not truly describe the financial situation and the assets and liabilities of the UCI, he shall be obliged to inform the CSSF forthwith.”¹⁷

“The *réviseur d’entreprises agréé* (approved statutory auditor) shall moreover be obliged to provide the CSSF with all information or certificates required by the latter on any matters of which the *réviseur d’entreprises agréé* (approved statutory auditor) has or ought to have knowledge in connection with the discharge of his duties. The same applies if the *réviseur d’entreprises agréé* (approved statutory auditor) ascertains that the assets of the UCI are not or have not been invested according to the regulations set out by the Law or the prospectus.”¹⁸

“The disclosure in good faith to the CSSF by the *réviseur d’entreprises agréé* (approved statutory auditor) of any fact or decision referred to in this paragraph shall not constitute a breach of professional secrecy or of any restriction on disclosure of information imposed by contract and shall not result in liability of any kind of the *réviseur d’entreprises agréé* (approved statutory auditor).”¹⁹

The CSSF may regulate the scope of the auditor's mandate and the contents of the audit report on the annual accounts.

“The CSSF may request a *réviseur d’entreprises agréé* (approved statutory auditor) to perform a control on one or several particular aspects of the activities and operations of an UCI. This control is performed at the expense of the UCI concerned.”²⁰

“(4) The CSSF shall refuse or withdraw the entry on the list of UCIs whose *réviseur d’entreprises agréé* (approved statutory auditor) does not satisfy the conditions or does not discharge the obligations prescribed in this Article.”²¹

The directors or the management organ, as the case may be, are solely competent in all cases the Law of 10th August, 1915 on commercial companies, as amended, provides for the joint action of the supervisory auditors and the directors or the management organ, as the case may be.”

The institution of supervisory auditors provided for by Article 151 of the Law of 10th August, 1915 on commercial companies, as amended, is not applicable to Luxembourg investment companies. “Upon completion of the liquidation, a report on the liquidation shall be drawn up by the *réviseur d’entreprises agréé* (approved statutory auditor).”²² This report shall be tabled at the general meeting at which the liquidators report on the application of the corporate assets and submit the accounts and supporting documents. The same meeting shall resolve on the approval of the accounts of the liquidation, the discharge and the closure of the liquidation.

The UCIs referred to in Articles 58 and 76 may use the designation they bear according to their national law. However, should this be misleading, these undertakings shall accompany the designation they use with adequate particulars.

(2) The District Court dealing with commercial matters of the place where the UCI is situated or of the place where the designation has been used, may at the request of the Public Prosecutor issue an injunction, prohibiting anyone from using the designation as defined in paragraph (1), if the conditions provided for by this Law are not or no longer met.

Moreover, the registration administration may levy a fiscal fine of 0.2% on the aggregate amount of the assets of the undertakings.

Chapter 20. – Special provisions in relation to the legal form

Art. 132 (1) The investment companies entered in the list provided for by Article 94 (1) may be converted into SICAVs and their articles of incorporation may be brought into harmony with the provisions of Chapter 3, or as the case may be, Chapter 10 of this Law by resolution of a general meeting passed at a majority of two thirds of the votes of the shareholders present or represented regardless of the portion of the capital represented.

(2) The common funds referred to in Chapter 2 or, as the case may be, in Chapter 9 of this Law may on the same conditions as those laid down in paragraph (1) above, convert themselves into a SICAV governed by Chapter 3 or, as the case may be, Chapter 10 of this Law.

Art. 133 (1) UCIs may be constituted with multiple compartments, each compartment corresponding to a distinct part of the assets and liabilities of the UCI.

(2) The constitutional documents of the UCI must expressly provide for that possibility and the applicable operational rules. The issue prospectus must describe the specific investment policy of each compartment.

(3) The shares and units of UCIs with multiple compartments may be of different value with or without indication of a par value depending on the legal form which has been chosen.

(4) Common funds with multiple compartments may, by separate management regulations, determine the characteristics of and rules applicable to each compartment.

(5) The rights of investors and of creditors concerning a compartment or which have arisen in connection with the creation, operation or liquidation of a compartment are limited to the assets of that compartment, unless a clause included in the constitutional documents provides otherwise.

The assets of a compartment are exclusively available to satisfy the rights of investors in relation to that compartment and the rights of creditors whose claims have arisen in connection with the creation, the operation or the liquidation of that compartment, unless a clause included in the constitutional documents provides otherwise.

For the purpose of the relations as between investors, each compartment will be deemed to be a separate entity, unless a clause included in the constitutional documents provides differently.

(6) Each compartment of an undertaking may be separately liquidated without such separate liquidation resulting in the liquidation of another compartment. Only the liquidation of the last remaining compartment of the UCI will result in the liquidation of the UCI as referred to in Article 106 (1) of this Law.

(*Law of 17 December 2010*)

(7) "A compartment of a UCI may, subject to the conditions set out in the management regulations or the constitutional documents as well as in the prospectus, subscribe, acquire and/or hold securities to be issued or already issued by one or several other compartments of the same UCI without this UCI, when it is constituted in corporate form, being subject to the requirements regarding the subscription, acquisition and/or holding by a company of its own shares set out in the law of 10 August 1915 concerning commercial companies, as amended under the conditions however, that:

- the target compartment does not, in turn, invest in the compartment invested in this target compartment; and
- no more than 10% of the assets that the target compartments, contemplated for acquisition, may be globally invested in units of other UCIs in accordance with their management regulations or their constitutional documents; and

- the voting rights, if any, which might be attached to the securities concerned will be suspended for as long as they are held by the relevant compartment and without prejudice to an appropriate treatment in accounting and in the periodical reports; and
- in any case, as long as these securities are held by the UCI, their value shall not be taken into account for the calculation of UCI's net assets for the control of the minimum threshold of net assets imposed by this law; and
- there is no duplication of management/subscription or redemption fees between these fees of the compartment of the UCI which invested in the target compartment and this target compartment."

(Law of 25 August 2006)

Art. 133bis All the provisions of this law referring to the "public limited company" shall be understood as referring also to the "European company (SE)".

Chapter 21. – Transitional and repealing provisions

The establishment of a new compartment does not affect the option that may be exercised pursuant to the preceding paragraph. Such option must be exercised in respect of the UCITS in its entirety, and such exercise will cover all compartments.

(2) UCITS subject to Part I of the Law of 30th March, 1988 on undertakings for collective investment, as amended, established between 13th February, 2002 and the date of entry into force of this Law may until 13th February, 2004 elect to remain subject to the prementioned amended Law of 30th March, 1988 or to be governed by this Law. As from 13th February, 2004 they shall be *ipso jure* governed by this Law.

(3) UCITS within the meaning of Article 1 of the Law of 30th March, 1988 concerning undertakings for collective investment as amended, but excluding those described in Article 2 of such law, established between the date of entry into force of this Law and 13th February, 2004 may elect to be governed by the prementioned amended Law of 30th March, 1988 or by the present Law. As from 13th February, 2004 they shall be *ipso jure* governed by this Law.

(4) To the extent the UCITS referred to in paragraphs (1) to (3) above are investment companies which have been authorised prior to 13th February, 2004, the references in such paragraphs to the present Law do not include Article 27, provided these investment companies may until 13th February, 2007 elect to subject such provision.

(5) UCIs other than the UCITS referred to in paragraphs (1) to (3) established before the entry into force of the present Law will remain subject to the provisions of the Law of 30th March, 1988 on undertakings for collective investment, as amended, until 13th February, 2004. They may however elect to be governed by the present Law as from its entry into force. From and including 13th February, 2004 they shall be *ipso jure* governed by the present Law.

(6) UCIs established between the entry into force of the present Law and 13th February 2004, have the option to be governed by the provisions of this Law or the provisions of the Law of 30th March, 1988 concerning undertakings for collective investment, as amended. From and including 13th February, 2004 they shall be *ipso jure* governed by the present Law.

(7) All UCIs established as from 13th February, 2004 will *ipso jure* be governed by the present Law unless they are subject to a specific separate law.

Art. 135 (1) The present Law is applicable to all management companies incorporated under Luxembourg law. For those management companies incorporated under Luxembourg law which exist at the date of its entry into force, all references in their articles of incorporation to the Law of 30th March, 1988 will be deemed to be replaced by references to the present Law. These companies are granted a period of twelve months to comply with the provisions of Article 80 of this Law.

(2) Management companies existing at the date of entry into force of the present law are *ipso jure* subject to the provisions of Chapter 14 and are deemed authorised pursuant to Article 91 (1) of this Law. To the extent that they manage UCITS governed by Directive 85/611/EEC, they must comply with the provisions of Chapter 13 of the present Law no later than 13th February, 2007.

(3) Management companies authorised between the date of entry into force of this Law and 13th February, 2004 have the option to submit themselves to Chapter 13 or to Chapter 14 of this Law. To the extent that they are subject to Chapter 14

and that they manage UCITS governed by Directive 85/611/EEC, they must comply with the provisions of Chapter 13 no later than 13th February, 2007.

(4) Only management companies authorised pursuant to the provisions of Chapter 13 of this Law may benefit from the provisions of Directive 85/611/EEC in respect of the freedom of establishment and free provision of services.

(5) Investment firms within the meaning of Article 13 (1) of the Law of 5th April, 1993 on the financial sector, as amended, which are only authorised to provide the services described in Section A item 3 and in Section C items 1 and 6 of Annex II of such law, may be authorised pursuant to the present Law to manage common funds and investment companies and to call themselves "management companies". In such case, these investment firms must waive the authorisation obtained pursuant to Directive 93/22/EEC. They then become subject, depending on the date when they obtain their authorisation, to paragraph (1) or paragraph (2) above.

Art. 136 References to the present Law may be made by using the following abridged title: "Law of 20th December, 2002 on undertakings for collective investment".

Art. 137 The Law of 30th March, 1988 on undertakings for collective investment, as amended, is repealed effective on 13th February, 2007.
