1. Glossary and objectives

1.1. Glossary

Notion	Definition
Bucket	A bucket is a container for objects. S3 stores data as objects within buckets. An object is a file and any metadata that describes the file. Each entity manages its own separate buckets to be used for each report type.
IT Expert	The "IT Expert" is an eDesk specific role that is granted by the "Advanced User" of the entity to the person managing access to the S3 API. A person with this role is responsible for creating, viewing and revoking access keys.
S3	S3 – or "simple storage service" – is the object storage protocol (through a web service interface) used by the CSSF for the file exchange. In this context, S3 simply refers to the protocol for managing object storage and does not rely on any services provided by commercial cloud providers.

1.2. Context

Circular CSSF 24/856 sets out the guidelines to be followed by collective management professionals that operate in Luxembourg in case of errors in the administration or management of undertakings for collective investment subject to the CSSF's supervision (the "UCIs").

More specifically, these guidelines cover errors in the calculation of the net asset value ("NAV") of a UCI, instances of non-compliance with the investment rules applicable to UCIs as well as other errors at UCI level. The specific procedures to be followed for the correction of those instances of errors and non-compliances are laid down in chapter 4, 5 and 6 of the circular.

Any instance of error and non-compliance falling in the scope of the Circular CSSF 24/856 must be notified to the CSSF in accordance with the procedures laid down in chapter 8 of the circular.

The related notifications are to be sent to the CSSF via the specific notification form provided for by the CSSF. The current "Practical and technical guidance book" provides all the details in relation to the use of the specific notification form which is embedded in the e-desk/S3 platforms, and in relation to the electronic transmission and reporting to the CSSF.

1.3. Objectives

The general objective of this document is to provide practical and technical information on the UCI notification in accordance with Circular CSSF 24/856.

The first part of the document aims at providing information to applicants on the scope of UCI notifications and outlines the CSSF expectations on the manner in which the data fields need to be completed before being submitted to the CSSF.

The second part of the document aims at providing technical details to applicants on for submitting a notification.

2. Scope

2.1. What types of notifications?

- NAV calculation errors at UCI level
- Non-compliance with investment rules at UCI level
- Other errors - Incorrect application of swing pricing / other anti-dilution tool
- Other errors - Non-compliant payment of costs/fees at UCI level
- Other errors - Incorrect application of cut-off rules
- Other errors - Investment allocation errors

2.2. Which funds are covered by these notifications?

The Funds covered by these notifications are the following:

- UCITS;
- UCIs Part II;
- SIFs;
- SICARs.

As a consequence, the scope of application, as laid down in chapter 2.1. of Circular 24/856, includes:

- UCITS, UCIs Part II or SIFs which are MMFs;
- UCIs Part II, SIFs or SICARs which are ELTIFs, EuVECAs or EuSEFs.

In addition Luxembourg MMF'S, ELTIF's, EuVECAs or EuSEFs which are not UCITS, UCIs Part II or SIFs for which the CSSF is the competent authority pursuant to the relevant sectorial law as laid down in chapter 2.1 of the circular are included as well in the scope of the notifications.

For more details, please refer to CSSF circular 24/856 section 2.1 Scope of application for additional details.

2.3. Who must submit a notification?

The organisational arrangements in place at the UCI and at the IFM, where applicable, must include the modalities for the notification of errors/instances of non-compliance to the CSSF. Those organisational arrangements must also define who is authorised by the UCI/IFM to submit a notification to the CSSF.

In general, authorised persons may be the UCI, the IFM, a delegate mandated by the UCI or the IFM, or the UCI administrator as defined in chapter 1 of the circular.

2.4. When does an applicant have to provide a notification?

The CSSF expects the corrective actions relating to any error/non-compliance within the scope of this Circular (including the payments necessary to correct the loss suffered) to be carried out as soon as possible with a view to ensuring the interests of UCIs/investors are safeguarded.

Based on the above, for an error/non-compliance which does not entail the payment of compensation to investors, the deadline for notification is 4 to 8 weeks at the latest after the date on which the error/non-compliance has been detected. More complex errors/instances of non-compliance which imply compensation to a great number of investors in different jurisdictions must be reported to the CSSF within the above deadlines, without mandatorily including the date the investors are compensated.

This date may be provided to the CSSF at a later stage by filling in the respective fields and by converting the form from a pre-notification into a complete notification.

3. Practical guidance

3.1. Information to be transmitted for "NAV calculation errors at UCI level"

Please refer to Annex I.

3.2. Information to be transmitted for "Non-compliance with investment rules at UCI level"

Please refer to Annex II.

3.3. Information to be transmitted for "Other errors - Incorrect application of swing pricing / other anti-dilution tool"

Please refer to Annex III.

3.4. Information to be transmitted for "Other errors - Non-compliant payment of costs/fees at UCI level"

Please refer to Annex IV.

3.5. Information to be transmitted for "Other errors - Incorrect application of cut-off rules"

Please refer to Annex V.

3.6. Information to be transmitted for “Other errors - Investment allocation errors”

Please refer to Annex VI.

4. Technical guidance

The submission of a UCI notification is possible through two different channels:

- via S3 system by using a structured exchange file
- via an online form available on the eDesk platform

When a notification is submitted and accepted via the S3 system, it will be available from the eDesk platform to ensure follow-up between the applicant and the CSSF.

4.1. S3 system reporting technical specifications

Method of transmitting reports via Application Programming Interface can be found on our website following the [link](#).

On the edesk IT management console, the “IT Expert” must create a bucket “**UCI notification in accordance with Circular CSSF 24/856**”.

4.1.1. Reporting file

4.1.1.1. Reporting format

The data concerning UCI notification shall be reported in the JSON (JavaScript Object Notation) format.

The JSON report concerns one specific UCI and contains data for one sub-fund of that UCI. Reported data depend on the notification type and are described in the JSON schema.

The JSON report must be compressed in a ZIP format. In addition to the JSON report, the ZIP archive must contain **one** Excel file corresponding to the impact calculation sheet (mandatory only for complete notification) and possibly other PDF files if necessary.

The schema concerning the data of the UCI notification is available at:

[UCI notification JSON schema](#)

Depending on the type of notification, the information contained in the following sections (identified by technical attributes) of the JSON schema must be transmitted:

Type of notification	Section (technical attribute)
NAV calculation errors at UCI level	navCalculationError

Non-compliance with investment rules at UCI level	investmentBreach
Other errors - Incorrect application of swing pricing / other anti-dilution tool	swingPricing
Other errors - Non-compliant payment of costs/fees at UCI level	costsFees
Other errors - Incorrect application of cut-off rules	cutOffRules
Other errors - Investment allocation errors	investmentAllocation

4.1.1.2. Submission process

The ZIP file MUST be uploaded to the "submission" folder in S3. No upload is allowed into other folders (e.g. "feedback" folder is only dedicated to CSSF feedbacks).

4.1.1.3. ZIP technical specifications

Reporting file must be transmitted via a compressed .zip format containing one single .json file and optional .pdf files.

Here are the specifications for zip archive:

Compression algorithm	RFC 1951 (DEFLATE Compressed Data Format Specification version 1.3)
Multi-volume archives (multi-part zipfile)	No
Maximum size of a file in the archive	2 Gigabytes
Codepage	UTF-8

The responsibility of the bucket is to grant access to our system. It is not intended for long term storage. Regular cleaning might be performed by the CSSF.

4.1.1.4. Naming conventions

4.1.1.4.1. ZIP file

The mandatory file naming convention for .zip files is specified below.

Format: NOTUCI-ENNNNNNNN-TTT-CCCCCCCC-UUID.ext

Code	Meaning	Structure	Authorised value
NOTUCI	Reporting type	Char(4)	'NOTUCI' (constant)
-	Separator	Char(1)	'-' (constant)
E	Entity type	Char(1)	'O' or 'K' or 'V' (depending on the entity type)
NNNNNNNN	Identifier of entity	Number (8)	00000001...99999999 (CSSF code of the entity)
-	Separator	Char(1)	'-' (constant)
TTT	Type of notification	Char(3)	Type of notification: <ul style="list-style-type: none"> - NAV: NAV calculation errors at UCI level - BRE: Non-compliance with investment rules at UCI level - OSP: Other errors - Incorrect application of Swing Pricing / other anti-dilution tool - OCF: Other errors - Non-compliant payment of costs/fees at UCI level - OCO: Other errors - Incorrect application of cut-off rules - OIA: Other errors - Investment allocation errors
-	Separator	Char(1)	'-' (constant)
CCCCCCCC	Identifier of sub-fund	Number (8)	00000001...99999999 for umbrella fund 00000000 for standalone fund
UUID	Unique identifier (ReportUid)	UUID format	Unique identifier following the rfc 4122 norm
.ext	Extension	Char(5)	.zip (constant)

UUID specifications

The **UUID** is necessary to uniquely identify a report concerning a fund/pension fund. It is also used to prevent a file from being processed several times and to allow the CSSF to share a processing order of files concerning a same UCI/IORP.

A ZIP file with the same UUID as another ZIP file concerning the same UCI will be rejected with the error NOTUCI007 (cf. chapter 4.1.2.2.3).

The expected format of an UUID is:

XXXXXXXX-XXXX-XXXX-XXXX-XXXXXXXXXXXX

where each X data can have a value from 0 to 9 or from a to f (hexadecimal authorised characters). You can find more information about the UUID on: [Universally Unique Identifier \(UUID\)](#)

4.1.1.4.2. JSON report

No specific naming convention will apply for the JSON report included in the zip file, but it is recommended to use report.json.

4.1.1.4.3. Impact calculation sheet

The following naming convention apply for impact calculation sheet you must add to your archive (mandatory only for complete notification). Only one file is expected in the archive. The file must be in Excel format (xlsx).

Format: IMPACT_CALCULATION_SHEET.xlsx

4.1.1.4.4. PDF file

You can add any other files to PDF format only if needed. No specific naming convention is required for these files.

Example:

Archive	NOTUCI-O0000xxxx-NAV-00000001-41c13c08-ef59-4183-870f-80d7a00c54e8.zip
JSON report	report.json
Impact calculation sheet	IMPACT_CALCULATION_SHEET.xlsx
PDF file	Additional information.pdf

4.1.2. CSSF feedback file

It is up to the submitter to monitor transmission correctness.

A feedback file in JSON format is systematically generated for each file transmitted and made available in the "feedback" folder.

The schema concerning the data of the generated feedback is available at:

[CSSF feedback JSON schema](#)

Please ensure that you have received a feedback file for the last file sent before submitting a new file concerning a same sub-fund for the same notification type. Feedback generation could take some time. If you do not receive a response within one working day, please contact our dedicated support team (see chapter 5).

4.1.2.1. Naming convention

Feedbacks from the CSSF are received in the “feedback” folder of the S3 transfer client.

Format: SourceFileName_FEEDBACK_TrackingCode.json

Code	Meaning	Structure	Authorised value
SourceFileName	Reporting entity	Char(N)	Submitted file name - Refer to the ZIP File name structure in section 4.1.1
_	Separator	Char(1)	'_' (constant)
FEEDBACK	File type	Char(8)	FEEDBACK (constant)
TrackingCode	Unique identifier	Char(16)	Unique identifier created by the CSSF system after file submission NOTUCIYYYYMMDDXXXXX where: YYYYMMDD: year, month and day of submission XXXXX: daily increment
_	Separator	Char(1)	'_' (constant)
.ext	Extension	Char(5)	.json (constant)

4.1.2.2. File content

A feedback file contains several information:

- A status at the report level;
- ReportUids recently processed;
- Feedback messages.

4.1.2.2.1. Report status

The report status can have two different values:

- REJECTED when the report is rejected. That is the case, either when the archive is not technically compliant, or when data concerned by the notification are rejected.
- ACCEPTED when the archive is technically compliant and data concerned by the notification have been correctly reported.

4.1.2.2.2. ReportUids recently processed

A notification submitted and accepted by the CSSF via the S3 channel cannot be modified via a new submission via the S3 channel. This can only be modified via eDesk under certain conditions.

The feedback file lists the unique identifiers (reportUid) of the last reports concerning the fund in the CSSF processing order (most recent notification at the top of the list).

4.1.2.2.3. Feedback messages

If a notification has the REJECTED status, the possible errors are listed in the table below with the severity "ERROR". Common errors for all types of notifications have the code NOTUCIXXX. Errors specific to each type of notification have a specific code by type of notification (NAVXXX, BREXXX, OSPXXX, OCFXXX, OCOXXX and OIAXXX)

If a notification has the ACCEPTED status, a feedback message with the "NOTUCI000" code is indicated.

Common feedback messages

Code	Message	Severity
NOTUCI000	The notification of the sub-fund has been accepted by the CSSF	INFO
NOTUCI001	The archive is corrupted	ERROR
NOTUCI002	The archive name is invalid. The expected naming convention must follow the regex: NOTUCI-(?<entityCssfCode>[OK]\\d{8})-(?<notificationType>NAV BRE OSP OCF OCO OIA)-(?<subfundCssfCode>[0-9]{8})-(?<reportUid>[0-9a-f]{8}-[0-9a-f]{4}-[0-9a-f]{4}-[0-9a-f]{4}-[0-9a-f]{12}).zip	ERROR
NOTUCI003	The archive size cannot exceed 20 MB	ERROR
NOTUCI004	The submitter is not authorized to transmit the archive for this entity	ERROR
NOTUCI005	The sub-fund defined in the archive name doesn't exist	ERROR
NOTUCI006	The archive with reportUid "reportUid" has already been received for this entity	ERROR
NOTUCI007	The archive must contain a single JSON file	ERROR
NOTUCI008	JSON file does not respect JSON Schema	ERROR
NOTUCI009	The field "fieldname" is required due to field value [field: value]	ERROR
NOTUCI010	Due to the condition <fieldname1:value>, the field <fieldname2> value must not be provided	ERROR
NOTUCI011	The impact calculation sheet is mandatory. The expected naming convention must follow the regex: IMPACT_CALCULATION_SHEET.xlsx	ERROR
NOTUCI012	Only PDF format is expected. <filename>	ERROR

Code	Message	Severity
NOTUCI013	Number of files into the archive cannot exceed 500 files	ERROR
NOTUCI014	The contact person email address doesn't correspond to an user of the eDesk entity corresponding to the notifying entity defined	ERROR

Specific feedback messages for "NAV calculation errors at UCI level"

Code	Message	Severity
NAV001	"Detection date of the NAV calculation error" must be less than or equal to the reception date	ERROR
NAV002	"Period of the NAV calculation error - Start Date" must be less than or equal to the reception date	ERROR
NAV003	"Period of the NAV calculation error - End Date" must be greater than or equal to "Period of the NAV calculation error - Start Date"	ERROR
NAV004	"Period of the significant impact - End Date" must be greater than or equal to "Period of the significant impact - Start Date"	ERROR
NAV005	"Sub-fund payment date" must be greater than or equal to "Detection date of the NAV calculation error"	ERROR
NAV006	"Investors payment date" must be greater than or equal to "Detection date of the NAV calculation error"	ERROR
NAV007	"Sub-fund payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
NAV008	"Investors payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
NAV009	"Sub-fund payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
NAV010	"Investors payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR

Specific feedback messages for "Non-compliance with investment rules at UCI level"

Code	Message	Severity
BRE001	"Detection date of the non-compliance with investment rules" must be less than or equal to the reception date	ERROR
BRE002	"Period of the non-compliance with investment rules - Start Date" must be less than or equal to the reception date	ERROR

Code	Message	Severity
BRE003	"Period of the non-compliance with investment rules - End Date" must be greater than or equal to "Period of the non-compliance with investment rules - Start Date"	ERROR
BRE004	"Period of the significant impact - End Date" must be greater than or equal to "Period of the significant impact - Start Date"	ERROR
BRE005	"Sub-fund payment date" must be greater than or equal to "Detection date of the non-compliance with investment rules"	ERROR
BRE006	"Investors payment date" must be greater than or equal to "Detection date of the non-compliance with investment rules"	ERROR
BRE007	"Sub-fund payment date" must be greater than or equal to "Period of the non-compliance with investment rules - End Date"	ERROR
BRE008	"Investors payment date" must be greater than or equal to "Period of the non-compliance with investment rules - End Date"	ERROR
BRE009	"Sub-fund payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
BRE010	"Investors payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
BRE011	"Period of the NAV calculation error - End Date" must be greater than or equal to "Period of the NAV calculation error - Start Date"	ERROR
BRE012	"Sub-fund payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
BRE013	"Investors payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR

Specific feedback messages for "Other errors - Incorrect application of Swing Pricing / other anti-dilution tool"

Code	Message	Severity
OSP001	"Detection date of the incorrect application of swing pricing / other anti-dilution tool" must be less than or equal to the reception date	ERROR
OSP002	"Period of the incorrect application of swing pricing / other anti-dilution tool - Start Date" must be less than or equal to the reception date	ERROR
OSP003	"Period of the incorrect application of swing pricing / other anti-dilution tool - Start Date" must be greater than or equal to "Period of the incorrect application of swing pricing / other anti-dilution tool - End Date"	ERROR

Code	Message	Severity
OSP004	"Period of the significant impact - End Date" must be greater than or equal to "Period of the significant impact - Start Date"	ERROR
OSP005	"Sub-fund payment date" must be greater than or equal to "Detection date of the incorrect application of swing pricing / other anti-dilution tool"	ERROR
OSP006	"Investors payment date" must be greater than or equal to "Detection date of the incorrect application of swing pricing / other anti-dilution tool"	ERROR
OSP007	"Sub-fund payment date" must be greater than or equal to " Period of the incorrect application of swing pricing / other anti-dilution tool - End Date"	ERROR
OSP008	"Investors payment date" must be greater than or equal to "Period of the incorrect application of swing pricing / other anti-dilution tool - End Date"	ERROR
OSP009	"Sub-fund payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
OSP010	"Investors payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
OSP011	"Period of the NAV calculation error - End Date" must be greater than or equal to "Period of the NAV calculation error - Start Date"	ERROR
OSP012	"Sub-fund payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
OSP013	"Investors payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR

Specific feedback messages for "Other errors - Non-compliant payment of costs/fees at UCI level"

Code	Message	Severity
OCF001	"Detection date of the non-compliant payment of costs/fees at UCI level" must be less than or equal to the reception date	ERROR
OCF002	"Period of the non-compliant payment of costs/fees at UCI level - Start Date" must be less than or equal to the reception date	ERROR
OCF003	"Period of the non-compliant payment of costs/fees at UCI level - End Date" must be greater than or equal to "Period of the non-compliant payment of costs/fees at UCI level - Start Date"	ERROR
OCF004	"Period of the NAV calculation error - End Date" must be greater than or equal to "Period of the NAV calculation error - Start Date"	ERROR

Code	Message	Severity
OCF005	"Sub-fund payment date" must be greater than or equal to "Detection date of the non-compliant payment of costs/fees at UCI level"	ERROR
OCF006	"Investors payment date" must be greater than or equal to "Detection date of the non-compliant payment of costs/fees at UCI level"	ERROR
OCF007	"Sub-fund payment date" must be greater than or equal to "Period of the non-compliant payment of costs/fees at UCI level - End Date"	ERROR
OCF008	"Investors payment date" must be greater than or equal to "Period of the non-compliant payment of costs/fees at UCI level - End Date"	ERROR
OCF009	"Sub-fund payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
OCF010	"Investors payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR
OCF011	"Period of the significant impact - End Date" must be greater than or equal to "Period of the significant impact - Start Date"	ERROR
OCF012	"Sub-fund payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR
OCF013	"Investors payment date" must be greater than or equal to "Period of the significant impact - End Date"	ERROR

Specific feedback messages for "Other errors - Incorrect application of cut-off rules"

Code	Message	Severity
OCO001	"Detection date of the incorrect application of cut-off rules" must be less than or equal to the reception date	ERROR
OCO002	"Period of the incorrect application of cut-off rules- Start Date" must be less than or equal to the reception date	ERROR
OCO003	"Period of the incorrect application of cut-off rules - End Date" must be greater than or equal to "Period of the incorrect application of cut-off rules- Start Date"	ERROR
OCO004	"Sub-fund payment date" must be greater than or equal to "Detection date of the incorrect application of cut-off rules"	ERROR
OCO005	"Investors payment date" must be greater than or equal to "Detection date of the incorrect application of cut-off rules"	ERROR

OIA013	"Investors payment date" must be greater than or equal to "Period of the NAV calculation error - End Date"	ERROR

4.2. eDesk online form

An online form is available on the eDesk platform via [UCI notification in accordance with Circular CSSF 24/856 module](https://edesk.apps.cssf.lu/notuci/edesk-notuci/dashboard) (https://edesk.apps.cssf.lu/notuci/edesk-notuci/dashboard).

4.2.1. Authentication

The person in charge of submitting the notification is required to have an eDesk account (available with LuxTrust authentication) and must be linked to the concerned entity (see chapter 2.3).

4.2.2. Homepage

The home page is divided into two parts:

- Filters on the different statuses of your notifications.
- The creation of a pre or complete notification depending on the type of notification.

Things to know about statuses:

- **Draft:** You have initiated a notification, but it is not yet submitted to the CSSF. You can save it and come back later to complete and submit it.
- **Submitted:** Your notification is submitted to the CSSF. No action is required on your part.
- **Pre-notification to be finalized:** Following the submission of your pre-notification, the CSSF has taken note of your explanations that not all the required elements are available to completely fill out a complete notification. You must now finalize your pre-notification by completing the complete notification form from the same notification.
- **Pre-notification refused:** Following the submission of your pre-notification, the CSSF concludes that the justification provided does not qualify for the use of the pre-notification option. In this case you must create a new complete notification from the homepage.
- **Actions required:** Following the submission of your complete notification, the CSSF may ask you for additional information via an exchange of comments (functionality under development) and/or ask you to transmit a special audit report.

From each filter you can consult the list of corresponding notifications by clicking on the "Consult" button. You can view all your notifications, regardless of status, via the "All notifications" filter (see chapter 4.2.4).

4.2.3. Creation and first submission of a notification

When creating a new notification from the homepage, you must select the fund and the sub-fund concerned. For a standalone fund please select sub-fund 0.

Please note that the list of funds is filtered according to the nature of the link between your company/entity and the fund.

The scope of the funds that may be the subject of a notification is not filtered in this list.

Then you must complete the form corresponding to the type of notification selected depending on whether it is a pre or complete notification ("form" section).

For a complete notification, you must submit the impact calculation sheet in Excel format ("Documents" section).

For a pre or complete notification, you can add other documents in PDF format if necessary ("Documents section").

If your notification contains errors (in the form or documents) you will be informed directly from the relevant sections.

Finally, from the "Submission of the notification" section you will be able to submit your notification by clicking on the "Submit" button. If the notification still contains errors, you will be informed and will have to correct them before submitting.

A draft notification can be deleted by clicking the "Delete Draft" button.

4.2.4. Notifications list

The dashboard lists the notifications visible to the connected company/entity.

Depending on the nature of the link between your company/entity and the fund, you are authorized to:

- As fund
 - Create a notification related to the fund.
 - Consult all notifications submitted (all statuses except "Draft") to the CSSF related to the fund (whoever has submitted the notification).
 - Cannot edit a notification submitted by another company/entity.
- As IFM
 - Create a notification related to the fund.
 - Consult all notifications submitted (all statuses except "Draft") to the CSSF related to the fund (whoever has submitted the notification).
 - Cannot edit a notification submitted by another company/entity.
 - In case of change of IFM for a fund:
 - The former IFM no longer has access to its notifications related to this fund.
 - The newly appointed IFM does not have access to the notifications submitted by the former IFM related to this fund.

- As UCI administrator
 - Create a notification related to the fund.
 - Consult all my notifications submitted to the CSSF related to the fund.
 - Cannot edit a notification submitted by another company/entity.
 - In case of change of UCI administrator for a fund:
 - The former UCI administrator no longer has access to its notifications related to this fund.
 - The newly appointed UCI administrator does not have access to the notifications submitted by the former UCI administrator related to this fund.

4.2.5. Download the notification form

It is possible to export the data from the notification form to PDF format regardless of the status of the notification by clicking on the "Download the notification form" button from the detail of the notification.

4.2.6. Submit a complete notification after the CSSF has accepted the pre-notification

Following the submission of your pre-notification ("Submitted" status), the CSSF has taken note of your explanations that not all the required elements are available to completely fill out a complete notification ("Pre-notification to be finalized" status).

You must now finalize your pre-notification by completing the complete notification form from the same notification.

Finally, you can send your new version of the notification to the CSSF by clicking on the button "Submit all my modifications to the CSSF".

4.2.7. Submit the special audit report

Following the submission of your complete notification and under certain conditions defined in CSSF Circular 24/856, you must submit to the CSSF a special audit report ("Actions required" status).

From the notification detail, a new version has been created. You will be able to file the special audit report from the "Documents" menu of this new version.

Finally, you can submit your new version of the notification to the CSSF by clicking on the button "Submit all my modifications to the CSSF".

4.2.8. Reply to comments submitted by a CSSF agent

Following the submission of your complete notification, the CSSF may send you comments and invite you to reply to them.

In this case, the contact person defined on the notification will receive an email informing them that comments are available from the notification.

Notifications for which comments must be replied have an "Actions required" status.

You must reply to the comments from the "Comments" section.

A new version of the questionnaire has been created (copy of the previous version: form and documents) and you can modify the questionnaire if necessary (from the "Notification" section).

Finally, you can send to the CSSF the replies to the comments as well as any modifications to the questionnaire, by clicking on the "Submit all my modifications to the CSSF" button.

Things to know concerning the comments:

- The section "Comments" is visible as soon as the complete notification is submitted to the CSSF, but populated only **if comments have been received** from the CSSF,
- The exchange of comments with the CSSF is made through a **list of topics**,
- Each topic received from the CSSF has the "**To be replied**" status and is composed of a title and a comment,
- You must click on the "Reply" button in the detailed view of the concerned topic to reply to a comment,
- a new version of the notification can only be submitted to the CSSF if all the comments are replied (all topics in status "**Replied and to be sent**" or "**Replied and sent**"), the status then becoming "**Replied and sent**",
- from the second round of comments, the topics having the "**Replied and sent**" status don't need a new reply.

4.2.9. Delegate the creation and submission of a notification for a fund to a natural person

Please note that the creation and submission of the notification may be delegated by the fund/IFM in charge to another person from another entity by clicking on the top right "Manage your delegations" button (at the top right of the homepage). The UCI administrator is not authorized to delegate.

This will open the table of delegates with the status of the delegation(s) already created.

Things to know concerning the columns of the table:

- **First name / Name:** only appears in the table when the delegate has accepted the delegation (status "Active") by clicking on the link received via email and connecting to eDesk,
- **E-mail:** email of the person to whom fund(s) have been delegated (see below),
- **Role:** the only possible delegation role is "Contribution and submission" (see below),
- **Status:** The different statuses of a delegation are as follows:
 - Currently being processed: an email address and one or more funds have been specified. An email has been transmitted to the delegate, but this latter has not yet accepted the delegation by clicking on the link received via email and connecting to eDesk, he/she has 72 hours to do this,
 - Expired: the delegate has not accepted the delegation by clicking on the link received via email and connecting to eDesk within 72 hours, a specific icon will appear in the "Action" column to resend the email to him/her,
 - Active: the delegated has accepted the delegation by clicking on the link received via email and connecting to eDesk, his/her first name and name will appear in the table,

- Canceled: the delegation has been canceled by clicking on the "Delete delegation" icon in the "Action" column.
- Action: the following actions are possible:
 - the "Modify the delegation information" icon will open the detailed view of the related delegation. You can add other funds (only for the status "Active"),
 - the "Delete the delegation" icon will cancel the delegation (available in any status except "Canceled"),
 - the "Resend delegation" icon will send a new email to the delegate (only for the status "Expired"),
 - The "View delegation details" icon will open the detailed view of the related delegation in read only mode (only for the status "Canceled").

To create a new delegation, click on the "Create a new delegation" button.

First fill in the professional email address of the person to which you want to delegate the creation and submission of the notification(s), add a communication that will be part of the invitation email automatically sent to the delegate, select the funds concerned by this delegation and click on "Submit" button.

The status of the delegation is now "Currently being processed".

Then, just wait for the delegate to accept the delegation (he/she must click on the email link and connect to eDesk).

4.2.10. Change contact person

The person who creates the notification from eDesk is defined as the contact person for the CSSF.

When actions are required from you on a notification, an email is automatically sent to the contact person.

In the details of a notification ("Summary" section), you can change the contact person by clicking on the "Change contact person" button. Edesk lists the contact persons of your entity who have an active eDesk account.

You can then choose the new contact person of your choice. This new person will receive future emails sent by eDesk.

5. Contact information

If you have any questions, please contact edesk@cssf.lu.

To facilitate the processing of your request, please provide the following information:

- CSSF code and name of the entity;
- CSSF code and name of the UCI;
- Type of notification;
- Tracking code of the notification.

6. Annex I – Synopsis on information to be transmitted for “NAV calculation errors at UCI level”

* **CSSF guidance:** Please refer to annex VI for the codes to be used in the notification for closed questions (Yes/No answers, or answers referring to a predefined list)

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
Contact person email address	contactPersonEmail	The contact person must have an eDesk account linked to the notifying entity on eDesk. This person will receive the email in case of exchange of comments.

A special audit report by the "REA" (réviseur d'entreprises agréé (approved statutory auditor)) must only be submitted to the CSSF for UCITS and UCI part II where the total of the compensation amounts exceeds 50,000 EUR or the amount for a single investor exceeds 5,000 EUR.
Calculation method used for the determination of the impact	oiaCalculationMethod	Only if the answer to the question "oiaImpact" is not equal to "Without impact". Please select the appropriate choice from the below list: <ul style="list-style-type: none"> - Economic method - Accounting method
For the economic method, please indicate the comparative benchmark/performance used	oiaBenchmarkUsed	Only if the answer to the question "oiaCalculationMethod" is "Economic method".
Method applied	oiaMethodApplied	Only if the answer to the question "oiaCalculationMethod" is "Accounting method". Please select the appropriate choice from the below list: <ul style="list-style-type: none"> - LIFO - FIFO

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
		<ul style="list-style-type: none"> - Average cost - Other
Details concerning method applied or other information / comments	oiaMethodAppliedDetails	<p>Only if the answer to the question "oiaImpact" is not equal to "Without impact".</p> <p>Please provide a detailed description/explanation allowing the CSSF to have a good and clear understanding</p>
Did the investment allocation error cause a significant NAV calculation error	oiaCauseNavCalculationError	<p>Only if the answer to the question "oiaImpact" is not equal to "Without impact".</p> <p>Please select the appropriate choice from the below list:</p> <ul style="list-style-type: none"> - Yes - No <p>For any investment allocation error, it must be verified what impact the erroneous transactions had on all NAVs that were calculated during the entire investment allocation error period. In the event that during the investment allocation error period, the impact of the erroneous transactions on a given NAV was greater than the applicable tolerance threshold, the resulting NAV calculation error must, in addition, be corrected in accordance with the rules of conduct laid down in Chapter 4 of Circular CSSF 24/856.</p>
Please indicate the type of UCI	oiaTypeUci	<p>Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".</p> <p>Please select the appropriate choice from the below list:</p> <ul style="list-style-type: none"> - UCITS or UCI PART II or SIF subject to the MMF Regulation - Bond UCITS

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
		<ul style="list-style-type: none"> - Mixed UCITS - Equity UCITS or other assets UCITS - Bond - UCIs Part II (for retail investors) - Mixed - UCIs Part II (for retail investors) - Equity - UCIs Part II (for retail investors) - Other assets - UCIs Part II or ELTIF (for retail investors) - Other assets - UCIs Part II or ELTIF (for retail investors) applying different threshold based on derogation procedure - UCIs Part II, ELTIF, SIFs, SICARS, EuVECA and EuSEF (for well-informed or professional investors)
Tolerance threshold applied (in %)	oiaToleranceThreshold	<p>Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".</p> <p>The percentage must be between 0% and 5%</p>
3. Details relating to the subsequent NAV calculation error		
Period of the NAV calculation error - Start Date	oiaNavPeriodStartDate	Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".
Period of the NAV calculation error - End Date	oiaNavPeriodEndDate	Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".
Period of the significant impact - Start Date	oiaNavPeriodImpactStartDate	<p>Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".</p> <p>If, during the error period, days with significant impact alternate with days on which the impact was not significant, please indicate as the start date the first day of the significant NAV calculation error and as the end date the last day on which the error was significantly incorrect.</p>

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
		The individual sub-periods with a significant error do not need to be specified individually.
Period of the significant impact - End Date	oiaNavPeriodImpactEndDate	<p>Only if the answer to the question "oiaCauseNavCalculationError" is "Yes".</p> <p>This date must be greater than or equal to "oiaNavPeriodImpactStartDate".</p> <p>If, during the error period, days with significant impact alternate with days on which the impact was not significant, please indicate as the start date the first day of the significant NAV calculation error and as the end date the last day on which the error was significantly incorrect. The individual sub-periods with a significant error do not need to be specified individually.</p>
Impact of the NAV calculation error	oiaNavImpact	<p>Only if the answer to the question "oiaImpact" is not equal to "Without impact" and "oiaCauseNavCalculationError" is "Yes".</p> <p>Please select the appropriate choice from the below list:</p> <ul style="list-style-type: none"> - With impact - Without impact <p>In case no subscription or redemption requests have been processed during the error period, please select "without impact"</p>
Please provide a clear justification on the reason why the NAV calculation error is to be considered as without impact	oiaNavJustificationWithoutImpact	Only if the answer to the question "oiaNavImpact" is "Without impact"

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
Amount to be indemnified to the sub-fund in EUR (Please reference "0" if no compensation is required.)	oiaNavAmountIndemnifiedSubfund	<p>Only if the answer to the question "oiaNavImpact" is "With impact".</p> <p>Please provide comprehensive details on the compensation amounts/percentage in the separate impact calculation file (impacts on subscription/redemption for respectively UCI and investors) in the relevant currencies.</p> <p>A special audit report by the REA must only be submitted to the CSSF for UCITS and UCI part II where the total compensation amounts exceeds 50,000 EUR or the amount for a single investor exceeds 5,000 EUR.</p>
Amount to be indemnified in cash to the investors in EUR (Please reference "0" if no compensation is required.)	oiaNavAmountIndemnifiedCashInvestors	<p>Only if the answer to the question "oiaNavImpact" is "With impact".</p> <p>Please provide comprehensive details on the compensation amounts/percentage in the separate impact calculation file (impacts on subscription/redemption for respectively UCI and investors) in the relevant currencies.</p> <p>A special audit report by the REA must only be submitted to the CSSF for UCITS and UCI part II where the total compensation amounts exceeds 50,000 EUR or the amount for a single investor exceeds 5,000 EUR.</p>
Amount to be indemnified by allocation of new units to the investors in EUR (Please reference "0" if no compensation is required.)	oiaNavAmountIndemnifiedUnitsInvestors	<p>Only if the answer to the question "oiaNavImpact" is "With impact".</p> <p>For Investors who received a corresponding number of shares as indemnification, please indicate the amount in EUR</p>
Please indicate if indemnification amount for a single investor exceeds EUR 5,000	oiaNavSingleInvestor	<p>Only if the answer to the question "oiaNavAmountIndemnifiedCashInvestors" is greater than 0 or "oiaNavAmountIndemnifiedUnitsInvestors" is greater than 0.</p>

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
		Please select the appropriate choice from the below list: <ul style="list-style-type: none"> - Yes - No
Maximum impact in % of the NAV	oiaNavMaxImpact	Only if the answer to the question "oiaNavImpact" is "With impact". Please indicate for the NAV calculation error the highest percentage of the impact during the period
"De minimis" amount applied	oiaNavDeMinimisAmount	Only if the answer to the question "oiaNavAmountIndemnifiedCashInvestors" is greater than 0 or "oiaNavAmountIndemnifiedUnitsInvestors" is greater than 0. Please select the appropriate choice from the below list: <ul style="list-style-type: none"> - Yes - No
Please indicate the threshold level of the "De minimis" fixed in the internal procedures	oiaNavDeMinimisThreshold	Only if the answer to the question "oiaNavDeMinimisAmount" is "Yes".
Please indicate the currency	oiaNavCurrency	Only if the answer to the question "oiaNavDeMinimisAmount" is "Yes". Please select the appropriate choice from the below list: see Annex VII.
4. Details concerning the indemnification procedure		
Date of booking / recording of the provision (in the accounting of the UCI)	oiaBookingDate	Only if the answer to the question "oiaImpact" is "Loss" or "oiaCauseNavCalculationError" is "Yes". Booking date of the indemnification amounts

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
Sub-fund payment date	oiaSubfundPaymentDate	<p>Optional only if the answer to the question "oiaImpact" is "Loss" or "oiaNavAmountIndemnifiedSubfund" is greater than 0.</p> <p>This date must be greater than or equal to "oiaDetectionDate" and "oiaPeriodEndDate" and "oiaNavPeriodImpactEndDate".</p> <p>If the compensation payments were realized on different days, please indicate in this field, the last payment date.</p>
Investors payment date	oiaInvestorsPaymentDate	<p>Only if the answer to the question "oiaNavAmountIndemnifiedCashInvestors" is greater than 0 or "oiaNavAmountIndemnifiedUnitsInvestors" is greater than 0.</p> <p>This date must be greater than or equal to "oiaDetectionDate" and "oiaPeriodEndDate" and "oiaNavPeriodImpactEndDate".</p> <p>If the compensation payments were realized on different days, please indicate in this field, the last payment date.</p>
Total indemnification amount in EUR		<p>Only if the answer to the question "oiaImpact" is "Loss" or "oiaNavAmountIndemnifiedSubfund" is greater than 0 or "oiaNavAmountIndemnifiedCashInvestors" is greater than 0.</p> <p>Please indicate the sum of all indemnification in EUR (indemnification to the (sub-)fund and/or investors)</p>
Other information / comments concerning the investment allocation error, impact or indemnification calculation		<p>Only if the answer to the question "oiaPreOrCompNotification" is "Complete notification".</p> <p>Please indicate here any other elements of relevance concerning the error/non-compliance as well as any specificities in the correction and impact calculation processes a.o. whether the financial impact has</p>

Information to be provided	Technical attribute to be provided in the JSON file	CSSF guidance*
		been determined using the compound method or the non-compound method.
Entity(ies) responsible for the payment of the indemnification amount	oiaEntityResponsibleForPayment	Only if the answer to the question "oiaImpact" is "Loss" or "oiaNavImpact" is "With impact".

12. Annex VII – Codes required in the notification for closed questions

Label	Code for JSON file
NAV calculation error at UCI level	NAV
Non-compliance with investment rules at UCI level	BRE
Other errors - Incorrect application of Swing Pricing	OSP
Other errors - Non-compliant payment of costs/fees at UCI level	OCF
Other errors - Incorrect application of cut-off rules	OCO
Other errors - Investment allocation errors	OIA
Complete notification	CN
Pre-notification	PN
UCITS or UCI PART II or SIF subject to the MMF Regulation	UCITS_UCI2_SIF_MMF
Bond UCITS	UCITS_BOND
Mixed UCITS	UCITS_MIXED
Equity UCITS or "other assets" UCITS	UCITS_EQUITY_OTHER
Bond - UCIs Part II (for retail investors)	UCI2_BOND
