- 2) jurisdictions not making sufficient progress;**
- 3) jurisdictions whose anti-money laundering and combating the financing of terrorism regime is not satisfactory.**

Ladies and Gentlemen,

The Financial Action Task Force ("FATF") Plenary of October 2014 issued statements on the following topics:

- 1) Jurisdictions whose anti-money laundering and combating the financing of terrorism ("AML/CFT") regime has substantial and strategic deficiencies and that are subject to an FATF call on its members and other jurisdictions to apply counter-measures

The FATF maintains its position that the AML/CFT regimes of **Iran** and the **Democratic People's Republic of Korea** ("DPRK") continue to have substantial and strategic deficiencies and maintains the application of counter-measures against Iran and the DPRK.

We therefore require you to take into account the risks arising from the deficiencies of the AML/CFT regimes of Iran and the DPRK and to give special attention to business relationships and transactions with these two jurisdictions, including companies and financial institutions from these jurisdictions.

We require you to apply in these cases, as well as in correspondent banking relationships, enhanced due diligence and monitoring measures in order to avoid these business relationships being used to bypass or evade the application of enhanced measures and counter-measures.

Moreover, we invite you to reinforce the mechanisms for reporting to the Financial Intelligence Unit ("FIU") of the State Prosecutor's office of the Luxembourg district court.

2) Jurisdictions not making sufficient progress

This list concerns the jurisdictions with strategic AML/CFT deficiencies and that have not made sufficient progress in addressing the deficiencies or have not committed to an action plan developed with the FATF to address the deficiencies. This list has not changed since the FATF's last plenary meeting held in June 2014 and still includes the following jurisdictions:

Algeria, Ecuador, Indonesia and Burma/Myanmar.

We remind you to consider the deficiencies identified by the FATF in its statements as regards the regimes of these jurisdictions and the risks arising from these deficiencies for your business relationships and transactions with these jurisdictions.

3) Jurisdictions whose anti-money laundering and combating the financing of terrorism regime is not satisfactory

The following jurisdictions have strategic AML/CFT deficiencies for which they have developed an action plan with the FATF to address the deficiencies (Guyana was added to this list):

Afghanistan, Albania, Angola, Cambodia, Guyana, Iraq, Kuwait, Lao People's Democratic Republic, Namibia, Nicaragua, Pakistan, Panama, Papua New Guinea, Sudan, Syria, Uganda, Yemen and Zimbabwe.

Therefore, we invite you to consider, where appropriate, the deficiencies identified by the FATF in its statements and the risks arising from them for your business relationships and transactions with these jurisdictions.

Please note also that, following the substantial efforts made by **Argentina, Cuba, Ethiopia, Tajikistan** and **Turkey**, these jurisdictions are no longer subject to FATF's monitoring process but will continue working with the FATF and FATF-style regional organisations.
