ANNEX

1. CREATION OF THE USER ACCOUNT

Any person connecting to the eDesk portal is free to create a user account. The creation of a user account is explained in the procedure available at: <https://www.cssf.lu/edesk>.

In order to make a request which is available on the eDesk portal on behalf of an entity, the account of the user (employee or representative) must first be linked to the entity concerned.

To this end, a request to link the user to the entity concerned must be validated by an “advanced user” (cf. Part 2 of this Annex).

2. CHANGE TO THE STATUS OF “ADVANCED USER”

Each entity concerned is required to designate one or several advanced users from among its employees or representatives who will validate the users’ requests to be linked to the entity and then manage them pursuant to the procedure available at: <https://www.cssf.lu/edesk>.

3. IDENTIFICATION MEANS REQUIRED TO CONNECT TO THE EDESK PORTAL

Access to the eDesk portal by the users and advanced users requires the implementation of identification means described at the following address: <https://edesk.apps.cssf.lu/edesk-dashboard/dashboard/getstarted?lng=en>.
